Independent Auditor's Report

Audit Committee
OneLegacy 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of OneLegacy 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one-year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on this supplemental schedule.

OneLegacy 403(b) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the OneLegacy 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of Plan provisions.

General: The Plan is a defined contribution plan established pursuant to section 403(b) of the Internal Revenue Code of 1986 (IRC) that covers all full-time employees of OneLegacy and OneLegacy Foundation (collectively, the Plan Sponsor or the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: All employees of the Company are eligible to participate in the Plan beginning on their date of hire. Participants are eligible to make elective deferrals beginning on their date of hire. Participants are eligible to participate in Company contributions after working 1,000 hours within the first 12 months of employment and attaining 18 years of age. Employees that have not worked 1,000 hours within their first 12 months of employment will become eligible after working 1,000 hours during any subsequent plan year. Participants also must be employed as of December 31 of the applicable plan year to be eligible to receive Company contributions. Entry to receive Company contributions is the first day of the calendar quarter following satisfaction of the eligibility requirements.

Contributions: Participants may make voluntary contributions up to the annual limitations imposed by the IRC. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Unless elected otherwise by the participant, automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 10% of eligible compensation.

The Company is permitted to make nonelective contributions to the Plan, at the Company's discretion. The 2022 nonelective contribution was 8% of eligible compensation, which totaled approximately \$1,409,000 for the year-ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

OneLegacy 403(b) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employees who became participants on or before December 31, 2010, are 100% vested at all times in all accounts. Employees who became participants on or after January 1, 2011, are 20% vested after two years and vesting increases 20% each year until a participant is 100% vested after six years of service.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 maximum amount will be reduced by the participant's highest outstanding loan balance. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. Loans bear interest at 2% over the prime rate published in *The Wall Street Journal* on the first business day of the month before the loan was originated. Participants may have only one loan outstanding at any time. Principal and interest are paid ratably through biweekly payroll deductions. As of December 31, 2022, the rate of interest on Empower Annuity Insurance Company of America (Empower) outstanding loans ranged from 5.0% to 9.0% with maturity dates through January 2036.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed. Any balance under \$5,000 is automatically paid out as soon as administratively possible.

Forfeitures: Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan, must be used before year-end and will first be used to pay the Plan's administrative expenses, with any remaining amount used to fund future Company contributions. Forfeited nonvested account balances as of December 31, 2022 and 2021, were approximately \$189,000 and \$112,000.

Revenue sharing expense account: In August 2020, the Plan amended its service agreement with Empower Retirement Services (Empower Retirement), the recordkeeper, which included provisions for a revenue sharing expense account to pay for certain expenses of the Plan. Empower Retirement, on a monthly basis, calculates the revenues earned from the Plan's investment securities and allocates the amount to the Plan's expense account within 45 days after the end of each month. The expense account is invested in the EI Fixed Account—Series Class II fund. The expense account had a balance of approximately \$15,000 and \$22,000 as of December 31, 2022 and 2021.

Unallocated holding account: The unallocated holding account represents pre-funding of Company contributions and other miscellaneous adjustments, which will be used to offset future Company contributions. As of December 31, 2022 and 2021, the unallocated holding account amounted to approximately \$285,000 and \$1,492,000, and was invested in the EI Fixed Account—Series Class II fund.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies using information provided by the custodians. See Note 4 for disclosure of the fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (formerly known as Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC), the custodians. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 33,988,345	\$ 42,763,159
Brokeragelink account	8,844	34,577
Investments at contract value:		
Guaranteed portfolio fund	2,460,003	2,608,414
Unallocated holding account—guaranteed portfolio fund	284,507	1,491,900
	36,741,699	46,898,050
Notes receivable from participants	571,931	519,323
	<u>\$ 37,313,630</u>	<u>\$ 47,417,373</u>

The custodians also certified to the completeness and accuracy of \$9,782,940 of net depreciation in fair value of investments, \$2,199,559 of interest and dividends related to the aforementioned investments and \$32,299 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

OneLegacy 403(b) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Brokeragelink account: The Charles Schwab brokeragelink account is a self-directed account that primarily consists of mutual funds and a money market fund that are valued at the daily closing price as reported by the fund.

Pooled separate accounts: Pooled separate accounts are valued at the NAV of shares held by the Plan. The NAV, as provided by Nationwide Insurance, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner. The pooled separate accounts are not included in the valuation hierarchy.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 33,988,345	\$ -	\$ -	\$ 33,988,345
Brokeragelink account	8,844	-	-	8,844
Total assets in the fair value hierarchy	<u>\$ 33,997,189</u>	<u>\$ -</u>	<u>\$ -</u>	<u>33,997,189</u>
Investments at NAV:				
Pooled separate accounts*				69,356
Total investments at fair value				<u>\$ 34,066,545</u>

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 42,763,159	\$ -	\$ -	\$ 42,763,159
Brokeragelink account	34,577	-	-	34,577
Total assets in the fair value hierarchy	<u>\$ 42,797,736</u>	<u>\$ -</u>	<u>\$ -</u>	<u>42,797,736</u>
Investments at NAV:				
Pooled separate accounts*				95,918
Total investments at fair value				<u>\$ 42,893,654</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan calculates the significance of transfers between levels based upon the nature of the investment and size of transfer relative to the total net assets available for benefits. There were no transfers between levels during the years ended December 31, 2022 and 2021.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2022			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Note 5. Contract With Insurance Company

The Plan entered into a fully benefit-responsive investment contract (FBRIC) with Empower (formerly Great West) in 2008. Under the 2008 FBRIC, the contributions were held under the Empower Guaranteed Portfolio Fund. In June 2020, the Plan entered into another FBRIC with Empower and subsequent contributions are held under the EI Investment Fixed Account—Series Class II Fund. Previously contributed amounts held under the Empower Guaranteed Portfolio Fund were also transferred into the EI Investment Fixed Account—Series Class II Fund. Under both FBRICs, Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The Empower FBRICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for a FBRIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are sponsored by the custodians of the Plan or their affiliates, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan to the custodians totaled approximately \$74,000 for the year ended December 31, 2022.

Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

The Plan has adopted a volume submitter plan sponsored by Empower. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the 2022 statement of net assets available for benefits.
