StressCrete Group US 401(k) Plan
Burlington, Ontario

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the StressCrete Group US 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of StressCrete Group US 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about StressCrete Group US 401(k) Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of StressCrete Group US 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about StressCrete Group US 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

StressCrete Group US 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

General

The following description of StressCrete Group US 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan is a defined contribution plan sponsored by StressCrete, Inc. (the Company) for the benefit of its employees who have at least 1,000 hours of service. Effective May 14, 2018, King Luminaire, Inc. became a participating employer in the Plan. Employees can begin participating in the Plan on January 1 or July 1 upon meeting the eligibility requirements above. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On December 31, 2020, MassMutual's retirement plan business was acquired by Empower Retirement. The conversion from the MassMutual retirement system to the Empower Retirement system occurred on June 18, 2022.

Effective June 18, 2022, the custodian of the Plan changed from Massachusetts Mutual Life Insurance Company (MassMutual) to Empower Trust Company, LLC (formerly known as Great-West Trust Company, LLC) and Empower Annuity Insurance Company (formerly Great-West Life & Annuity Insurance Company). Effective August 1, 2022, Empower announced a rebranding of their companies from "Great-West" to the "Empower" brand.

Contributions

The Plan permits eligible employees through a salary deferral or Roth election to have the Company make annual contributions of up to 100 percent of their eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes safe harbor matching contributions equal to 100 percent of employees' salary deferral amounts on the first 3 percent of employees' compensation plus 50 percent on the next 2 percent of deferrals made to the Plan. The Company may also make additional discretionary matching and profit-sharing contributions. There were no discretionary contributions in 2022 or 2021. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 5 percent of eligible compensation unless the participant made an affirmative election otherwise.

StressCrete Group US 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both their voluntary contributions and the Company's contribution portions of their accounts plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 minus the highest outstanding balance of loans in the past 12 months or the greater of one-half the present value of the vested account balance or the total balance up to \$10,000. The maximum number of loans a participant can have from the Plan at one time is one. The loans are secured by the balance in the participant's account; however, if the loan exceeds one-half the present value of the vested balance, more security must be given. The loan interest rate is set by the Plan Administrator at a reasonable rate which is commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to any reason other than death, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or in the form of a 50 percent "Qualified Joint and Survivor Annuity."

Upon termination of service due to death, a participant's beneficiary will receive the account in the form of a "Qualified Preretirement Survivor Annuity." This distribution must be completed by December 31 of the calendar year containing the fifth anniversary of death.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$5 and \$8,975, respectively. These accounts will be used to reduce future employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

StressCrete Group US 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Pooled separate accounts and the fixed income account are valued at estimated fair value as provided by Empower Annuity Insurance Company (formerly Great-West Life & Annuity Insurance Company).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Notes to Financial Statements

December 31, 2022 and 2021

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) and Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company), qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan paid \$29,427 and \$17,436 of custodial fees to Empower Annuity Insurance Company (formerly Great-West Life & Annuity Insurance Company), the Plan's custodian, during the years ended December 31, 2022 and 2021, respectively. There were \$11,737 and \$23,867 of recordkeeping fees paid to Azalea Administration, the Plan's administrator, during the years ended December 31, 2022 and 2021, respectively. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021:

		Fair Value Measurements Using

Notes to Financial Statements

December 31, 2022 and 2021

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by CCH Incorporated, DBA ftwilliam.com. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Notes to Financial Statements

December 31, 2022 and 2021

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$70,795 were not remitted within the required time period for the year ended December 31, 2021.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 16, 2023, which is the date the financial statements were available to be issued.
