Report of Independent Auditors

The Administrative Committee and Investment Committee
Jacobs 401(k) Plus Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jacobs 401(k) Plus Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Building a better working world

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

The Administrative Committee and Investment Committee
Jacobs 401(k) Plus Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jacobs 401(k) Plus Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Building a better working world

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Jacobs 401(k) Plus Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan was originally established on October 1, 1974. Since that date, various Jacobs Engineering Group Inc. (the Company or Jacobs) defined contribution benefit plans have been merged into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Vanguard Fiduciary Trust Company (the Trustee), as the third-party administrator and independent trustee of the Plan's assets, has conditional authority to manage, acquire and dispose of the individual assets of the Plan at the direction of participants. The Plan has an Investment Committee along with the Administrative Committee. The general administration of the Plan shall be conducted by the Administrative Committee and the investment-related authorities and responsibilities shall be conducted by the Investment Committee.

All contributions to the Plan are invested in investment funds in accordance with instructions provided by participants. Additionally, participants may change their investment elections on a daily basis in accordance with the trust agreement. Although participant-directed redemptions in investment funds have no restrictions, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the Vanguard Retirement Savings Trust II. The Vanguard Retirement Savings Trust II seeks stability of principal and current income consistent with a 2-4 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The trust intends to maintain a constant net asset value of $1.00 per share. Investments in Vanguard Retirement Savings Trust II are limited to participant-directed defined contribution plans.

Employees are generally eligible to participate upon date of hire. A participant may elect to have contributions invested in whole percentage increments in one or any combination of each of the established investment funds (except for the common stock of the Company (Company Stock), which is frozen to new contributions) through periodic payroll deductions based on an amount of their basic compensation (as defined), or such amount as is determined in accordance with the Internal Revenue Code of 1986, as amended (the Code), during each year of participation. The plan has a traditional after-tax source option for plan participants and at the discretion of the participant, all or a portion of pre-tax or traditional after-tax savings can be converted to Roth funds within the Plan. In addition, participants can enroll in an automatic Roth in-plan conversion service, which automatically converts traditional after-tax contributions to Roth the same day the contributions are made. All eligible participants actively employed on the last day of the plan year (with the exceptions for qualifying retirement, disability or death), and contributing up to and including 6% of eligible base wages may be eligible for discretionary company matching contributions at the rate of 58.34%, up to a maximum match of 3.5%.

Except as defined in the Plan document, all contributions are fully vested, as to each participant, at all times. Participants may borrow a portion of their account balance, subject to certain restrictions and approval by the Administrative Committee. General purpose loans must be repaid within a five-year period and bear a reasonable market rate of interest, prime plus 1%, as established by the Administrative Committee. Additionally, plan participants are eligible for Principal Residence loans which can be repaid for an extended term up to 30 years, subject to the same prime plus 1% interest rate, as established by the Administrative Committee. The above-mentioned loan provisions do not include temporary changes as a result of the Coronavirus Aid, Relief, and Economic Security Act, including increased loan limits and delayed repayments which extended loan terms.

On February 4, 2022, the Company completed the acquisition of StreetLight Data, Inc. (StreetLight), a pioneer of mobility analytics who uses its data and machine learning resources to shed light on mobility and enable users to solve complex transportation problems. Effective February 8, 2022, StreetLight employees became eligible to participate in the Plan. StreetLight participants are eligible for a discretionary company matching contribution at the rate of 58.34%, up to a maximum match of 3.5%.

From time to time, the Plan has been amended primarily to conform to the provisions of the Code, make certain administrative changes to the Plan, and clarify the application of certain of the Plan's terms and conditions.

2. Summary of Significant Accounting Policies

The financial statements of the Plan are maintained on the accrual basis. Benefits paid to participants are recorded when paid.

Fees and Administrative Expenses

The Plan is responsible for all expenses. However, the Company, at its discretion, may pay for any or all expenses incurred by the Plan. The Company has elected to pay certain Plan administrative costs. All other fees and expenses are paid by the Plan, including trustee, recordkeeping, and investment management fees.

Investments

Investments are valued at fair value (Notes 5 and 6).

Investment income (loss) in the Plan and investment income (loss) from Jacobs Engineering Group Inc. Master Trust (Master Trust) are recorded on the accrual basis. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes unrealized and realized gains and losses. Unrealized gains and losses are recorded in the accompanying financial statements to reflect increases and decreases in fair value from the prior year end. Realized gains and losses from investment transactions are reported on the average-cost method.

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions, as well as those of ERISA, and the participants' investment preferences. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur and could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred.

Transfers from (to) Other Plans, Net

Transfers from other plans, sponsored by Jacobs Engineering Group Inc. (Jacobs) or its affiliates, were made in the amount of $7,595,600, offset by transfers of participant account balances to other Jacobs-or affiliate sponsored plans in the amount of $3,976,000.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated April 28, 2020, and from the Commonwealth of Puerto Rico's Department of Treasury (Treasury) dated September 4, 2013, stating that the Plan is qualified under Section 401(a) of the Code (the U.S. Code) and Section 1081.01 of the Internal Revenue Code for a New Puerto Rico (the Puerto Rico Code) and, therefore, the related trust is exempt from taxation. The plan has been further amended and restated since it was last submitted to the IRS and Treasury for determination letters. Once qualified, the Plan is required to operate in conformity with the U.S. Code and the Puerto Rico Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, participants will receive a distribution equal to the value of their individual accounts.

5. Investment in Master Trust

Certain amounts of the Plan's investments, representing Company Stock is in the Master Trust. The assets of the Master Trust are held by the Trustee. The Company Stock is overseen by a third-party independent fiduciary.

The Master Trust assets are allocated among participating retirement plans by assigning to each retirement plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all retirement plans, in proportion to the fair value assigned to each retirement plan, investment income and administrative expenses resulting from the Company Stock of the Master Trust.

The following table represents the Master Trust balances and the Plan's interest in the Master Trust balances:

	December 31, 2022		December 31, 2021	
	Master Trust Balance	Plan's Interest in Master Trust Balances	Master Trust Balance	Plan's Interest in Master Trust Balances
Investments at Fair Value:				
Jacobs Engineering Group Inc Stock	$ 334,799,200	$ 331,098,600	$ 413,837,500	$ 408,925,800

Investment income, net of administrative expenses, for the Master Trust is as follows:

	December 31, 2022
Net depreciation in fair value of investments	$ (55,442,700)
Interest and dividend income	2,641,100
Total	$ (52,801,600)

The Master Trust's investment in the Company Stock is traded on a public stock exchange and is valued at quoted market prices as of December 31, 2022 and 2021 and classified as Level 1 within the fair value hierarchy.

6. Investments

All investment information for the Plan and the Master Trust disclosed in the accompanying financial statements, notes and supplemental schedule, including investments held, investment in the Master Trust and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in the fair value of investments; interest, dividend, other income; investment income (loss) from the Master Trust and interest on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

U.S. GAAP establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Registered investment companies (mutual funds)*: Valued at quoted market prices of shares held by the Plan at year end.
- *Common/collective trusts:* Stated at fair value as determined by the issuers of the funds on the fair market value of the underlying investments, which is valued at net asset value (NAV) as readily determinable fair value. Participant-directed redemptions of the common/collective trusts have no restrictions: however, the Plan in relation to Plan level movement is required to provide a one-year notice to liquidate its entire share in certain funds.

The preceding methodologies may produce a measurement of fair value that is not indicative of net realizable value or reflective of future fair values. Furthermore, the values of the Plan's investments are subject to change based on market and other conditions outside the control of the Plan. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's assets at fair value, by level, within the fair value hierarchy as of December 31, 2022. It does not include the Plan's interest in the Master Trust as that information is presented Note 5.

	Level 1	Level 2	Level 3	Total

7. Transactions With Parties-in-Interest and Related Parties

Certain investments held by the Plan are managed by the Trustee or its affiliates. Because Jacobs is the Plan sponsor, transactions involving the Company Stock qualify as party-in-interest transactions. There were no other transactions with parties-in-interest other than the payment of the Trustee's fees and purchases and sales of assets through the Trustee. The Company and Plan paid fees during the year for accounting, legal, and other services.

8. Reconciliation to Form 5500

The following are reconciliations of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:
