Independent Auditors' Report

The Plan Administrator of the Carl Zeiss Vision, Inc. 401(k) Plan

Opinion

We have audited the accompanying financial statements of Carl Zeiss Vision, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Carl Zeiss Vision, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Carl Zeiss Vision, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Carl Zeiss Vision Inc. (the "Company" or "Employer") which includes its 5 lab locations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrative Committee is responsible for oversight of the Plan as well as determining and reviewing the appropriateness of the Plan's investment offerings.

The Plan is a defined contribution plan under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan became effective on January 1, 1985 and was restated in its entirety effective February 1, 2022. Participant recordkeeping and administrative services were provided by Empower Retirement. Plan custodial and trustee services were provided by Great-West Trust Company, LLC. In January, 2022 Plan assets and recordkeeping were transferred to Fidelity Management Trust Company.

Eligibility

Generally, employees are eligible to participate in the Plan upon completion of 30 days of employment and may enter the Plan on the first day of the month thereafter.

Contributions

Participants may contribute up to 90% of their annual compensation into a pre-tax deferral account and/or an after-tax Roth account up to the maximum allowed by the Internal Revenue Service (IRS) limitation. Employees who are at least 50 years of age are eligible for catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans. The Plan provides for a safe harbor matching contribution calculated at 100% of the first 3% of compensation contributed plus 50% of the next 2% of compensation contributed.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are also fully vested in their safe harbor matching contributions.

Forfeitures

Forfeitures are maintained in a separate account and can be used to reduce Company matching contributions or pay Plan expenses. Balances in the forfeiture account represent excess Company contributions as all participants are 100% vested in all of their accounts.

Carl Zeiss Vision, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan (continued)

Forfeitures (continued)

The balance in the forfeiture account at December 31, 2022 and 2021 was \$135,033 and \$23,869, respectively. During 2022, \$31,250 of forfeitures were used to pay plan expenses and no forfeitures were used to reduce Company matching contributions. The balance at December 31, 2022 includes all of the forfeiture funds held by the Plan, including the transfer in of the ERISA Spending Account funds.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's safe harbor matching contribution, an allocation of account earnings or losses, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants must direct their salary deferral contribution to selected investments made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year.

Notes Receivable from Participants

Participants may borrow from the vested portion of their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans must be adequately secured and bear interest at a rate commensurate with local prevailing rates. Principal and interest are repaid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, installment payments, or direct rollover to an individual retirement account (IRA) or to another employer's tax qualified plan. Active participants may withdraw part of their account in a single sum in the event of undue financial hardship or attainment of age of 59 ½. If the terminated participant's account is \$5,000 or less, the Plan may distribute the account balance in one lump sum to an IRA account without prior approval of the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Carl Zeiss Vision, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2022

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds and money market funds are valued at the daily closing price as reported by the fund. Mutual funds, and money market funds and those held in a self-directed brokerage accounts held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The Plan also offers a self-directed brokerage account in which participants may direct the purchase of shares of mutual funds, and money market funds. At December 31, 2022 and 2021, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies *(continued)*

ERISA Spending Account

The Plan and Great West Life & Annuity Insurance Company (“Great West”) have entered into an arrangement whereby a portion of the revenue earned by Great West from certain funds is passed through to the Plan for payment of permitted plan expenses or allocation to participants. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay plan expenses, the Employer created the ERISA Spending Account. The ERISA Spending Account is an account within the Plan, similar in design to forfeiture accounts, and is used to record keep the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The ERISA Spending Account balance was \$0 and \$29,759 at December 31, 2022 and 2021. Amounts totaling \$10,000 were used from this account to pay fees in 2022. The Account was closed with the move to Fidelity in 2022 and merged into the forfeiture account.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 16, 2023.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

5. Tax Status

The IRS has informed the Plan sponsor, by a determination letter dated September 17, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Effective February 1, 2022, the Company adopted a Fidelity prototype plan. The Internal Revenue Service issued an opinion letter to the prototype plan document preparer, Fidelity Management & Research Co., dated June 30, 2020, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in substantial volatility in the financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
