Independent Auditors' Report

To the Board of Directors
Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan
Corbin, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan, (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan

December 31, 2022 and 2021

Note A--Plan Description

The following description of the Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

General--The Plan is a defined contribution retirement plan covering all employees of Pepsi-Cola Bottling Co. of Corbin, Kentucky, Inc. and its wholly owned subsidiaries, Breaktime Vending, Southeast, LLC, and Breaktime Distributing, LLC (the "Companies"). Prior to January 1, 2020, Participants become eligible for participation coinciding with or immediately following attainment of age twenty-one and the completion of one year of service, defined as a twelve consecutive month period in which the employee completes 1,000 hours of service. The participant will be enrolled the first day of the following month after eligibility is obtained.

Effective January 1, 2022, the Plan was retroactively amended to allow for employees hired more than 90 days before January 1, 2020 to be admitted into the Plan on February 1, 2020. Employees hired less than 90 days before January 1, 2020 are eligible to participate in the Plan after 90 days of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by a trust, the Trustee of which is Alerus Financial, N.A.

Contributions--Each year, participants may contribute up to 100% of their annual compensation subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Catch-up contributions will be taken into account in determining any employer matching contributions. Participants hired after July 1, 2007 were not eligible to participate in the companies' defined benefit plan. However, these participants are eligible to receive a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals determined on an annual basis. For 2022 and 2021, the match was as follows: (a) 100% match on the first 2% contributed and (b) 50% match for contributions in excess of the first 2% contribution up to 6%. The Companies may make discretionary matching contributions which are determined annually by management. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants.

Participant Accounts--Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions, and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting--Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participant contributions from previous plans are fully vested. On termination of service due to death, disability or retirement, a participant is fully vested in the Companies' matching portion of their account and related earnings.

Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan

December 31, 2022 and 2021

Note A--Plan Description--Continued

For termination of service for other reasons, vesting in the Companies' matching portion of their accounts and the related earnings is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Payments of Benefits--On termination of service due to death, disability or retirement, a participant receives a lump-sum distribution equal to the value of the participant's vested interest in his or her account. In the event of financial hardship, the Plan may allow a participant to withdraw all or part of the vested portion of the participant's account. A participant is prohibited from making elective deferrals to the Plan for the six months following a withdrawal for financial hardship.

Forfeited Accounts--Forfeited non-vested accounts may be used by the Plan to pay Plan expenses or to reduce the amount of matching contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$6 and \$7, respectively. During the years ended December 31, 2022 and 2021, \$2,511 and \$1,544 of forfeitures, was used to pay administrative fees, respectively.

Note B--Summary of Significant Accounting Policies

The Plan follows generally accepted accounting principles as outlined in the Financial Accounting Standards Board's *Accounting Standards Codification* ("ASC"). Significant accounting policies are as follows:

Use of Estimates--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting--The financial statements of the Plan are prepared on the accrual basis of accounting.

Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan

December 31, 2022 and 2021

Note B--Summary of Significant Accounting Policies--Continued

Investment Valuation and Income Recognition--Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments--Benefits are recorded when paid.

Administrative Expenses--Certain administrative expenses are paid by the Plan. Other administrative expenses were paid directly by the companies and are therefore excluded from these financial statements.

Date of Management's Review--Subsequent events were evaluated through October 10, 2023, which is the date of the financial statements were available to be issued.

Note C--Investments

Unaudited Information Certified by the Plan Trustee

The December 31, 2022 and 2021, statements of net assets available for plan benefits, the investment activities included on the statements of changes in net assets available for plan benefits for the years ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$4,941,310 and \$6,549,318 at December 31, 2022 and 2021, respectively, and related investment income (loss) of (\$1,161,461) and \$881,900 for the years then ended.

December 31, 2022 and 2021

Note D--Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements Using:			
	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
<u>December 31, 2022</u>				
Mutual funds at fair value	<u>\$ 4,728,490</u>	<u>\$ 4,728,490</u>		
<u>December 31, 2021</u>				
Mutual funds at fair value	<u>\$ 6,289,831</u>	<u>\$ 6,289,831</u>		

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the events or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan

December 31, 2022 and 2021

Note E--Stable Value Fund

The Plan has assets invested in a Stable Value Fund, which is offered through the Vanguard Fiduciary Trust Company (the "Trust") which primarily invests in investment contracts including traditional and synthetic guaranteed investment contracts and other short term investments. The daily value of the Stable Value Fund's investment is based on the underlying daily value reported by the Trust.

Because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The stable value fund is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Alerus Financial, N.A., the Trustee of the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2022 and 2021 was \$197,050 and \$262,886 respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a periodic basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the Trust. Specifically, any events outside the normal operation of the Trust that causes withdrawal from an investment contract may result in a negative market value adjustment with respect to the withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Trust or unitholder, tax disqualification of the Trust or unitholder, and certain Trust amendments if issuer's consent is not obtained. As of December 31, 2022 and 2021, the occurrence of an event outside the normal operations of the Trust that would cause a withdrawal from an investment contract is not considered to be probable. A maturity date is not disclosed for these contracts as they are open-ended with no stated maturity.

The yield earned by the fund for the years ended at December 31, 2022 and 2021 was 2.69% and 1.53%, respectively.

The yield earned by the Stable Value Fund with an adjustment to reflect the actual interest rate credited to participants in the fund for the years ended December 31, 2022 and 2021 was 2.31% and 1.26%, respectively.

Note F--Termination of the Plan

Although they have not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan

December 31, 2022 and 2021

Note G--Income Tax Status

The Company adopted a Prototype Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020 which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note H--Risks and Uncertainties

The Plan provides for various investment securities options in any combination of various registered investment companies and a common/collective trust. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
