INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
INSA 401(k) Plan:

Opinion

We have audited the financial statements of INSA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in net assets available for benefits for the year ended December 31, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the INSA 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about INSA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the INSA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the INSA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the INSA 401(K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") covering generally all employees of INSA, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for the oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's owners.

Eligibility

Prior to the amendment effective September 9, 2021, employees of the Company were required to complete 6 months of service and be twenty-one or older to be eligible to participate in the Plan. Effective September 9, 2021, the Plan was amended to remove the service requirement for eligibility. Union employees, leased employees, and nonresident aliens are excluded from participating in the Plan. All participating employees are eligible to receive a discretionary matching contribution and a discretionary non-elective contribution.

Contributions

Participants may elect to contribute pre-tax and post-tax annual compensation, as defined in the Plan, up to a maximum contribution per employee allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes discretionary matching contributions of 100% of a participant's elective deferrals on the first 1% and 50% of a participant's elective deferrals on 1% to 3%. Participants must be employed on the last day of the year to receive the discretionary matching contribution. Discretionary match contributions for the year ended December 31, 2022 were \$112,769. The Company may also make discretionary non-elective contributions, as determined by the Company. Participants must be employed on the last day of the year to receive the employer contributions. There were no discretionary non-elective contributions for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings or losses, and (c) administrative expenses. Allocations are based on participant account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary non-elective contribution portion of their accounts, plus earnings thereon, is based on years of credited service. A participant is vested 25% for each year of credited service based upon four years of credited service.

INSA 401(k) Plan
Notes to Financial Statements
December 31, 2022

Notes Receivable from Participants

Participants may borrow from their account an amount up to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the previous 12-month period, subject to a minimum of \$1,000. Loans must be repaid over a period not to extend five years unless the loan proceeds are used for the purchase of a primary residence. Participants may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined monthly by the Plan administrator. The interest rate was 5.00% at December 31, 2022, with the participant note maturing in July 2024. Principal and interest are repaid ratably through bi-weekly payroll deductions. There were no outstanding notes receivables from participants as of December 31, 2021.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or to follow the Plan's normal distribution rules. In addition the INSA 401(k) Plan provides for participant withdrawals in the event of a serious financial hardship.

If at the time of termination a participant's vested account balance is \$1,000 or less, the Plan administrator may distribute the vested account balance to the participant without their consent. If the amount of the distribution is more than \$1,000 but does not exceed \$5,000, and the participant does not elect to either receive or roll over the distribution, the distribution will be rolled over to an Individual Retirement Account established by the Plan administrator.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are retained in the Plan and used to reduce future employer contributions. During 2022, the INSA 401(k) Plan used \$2,064 in forfeitures to reduce the employer's matching contribution to the Plan. At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$6,337 and \$2,064, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make note repayments and the Plan administrator determines the loan is in default, the participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

INSA 401(k) Plan
Notes to Financial Statements
December 31, 2022

Administrative Expenses

Certain administrative expenses incurred in the operation of the Plan are paid by the plan sponsor and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses also include certain investment management and plan audit fees. Investment related expenses are included in net depreciation of fair value of investments and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events of the Plan through October 16, 2023, the date the financial statements were available to be issued. Based on that evaluation, management has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan had no assets or liabilities valued using Level 2 inputs as of December 31, 2022 and 2021.

Level 3 - Inputs to the valuation methodology are unobservable supported by little or no market activity and significant to the fair value measurement. Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The Plan had no assets or liabilities valued using Level 3 inputs as of December 31, 2022 and 2021.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

INSA 401(k) Plan
Notes to Financial Statements
December 31, 2022

Mutual funds - Shares of the funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. All of the Plan's mutual funds held at December 31, 2022 and 2021 were valued using Level 1 inputs.

These valuation methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

5. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the IRS letter, the Plan administrator believes that the INSA 401(k) Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the INSA 401(k) Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there has been no tax-related interest or penalties for the periods presented in these financial statements.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2022, the Plan's transactions with parties-in-interest were as follows:

Expenses

All administrative expenses are to be paid by the Plan unless paid by the Plan sponsor. Also, certain employees of the Company, who are also Plan participants, perform administrative services on behalf of the Plan at no cost to the Plan. The Plan sponsor paid substantially all administrative expenses in 2022. Fees related to the administration of notes receivable from participants or to processing of distributions are charges directly to the participant accounts and are included in administrative expenses.

Notes Receivable

Notes receivable from participants are also party in interest transactions.

These party in interest transactions are exempt from prohibited transactions rules of ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in various underlying investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. PLAN OPERATIONS – NON-COMPLIANCE

For the year ended December 31, 2022, the Company inadvertently made an error in the application of the terms in the Plan document relating to the definition of eligible compensation for the purposes of calculating the employee's contribution and the employer's discretionary matching contribution. The Plan Sponsor is in the process of correcting this error through a corrective qualified non-elective contribution.
