INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
B.V. General, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of B.V. General, Inc. 401(k) Salary Reduction Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of B.V. General, Inc. 401(k) Salary Reduction Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from AdvisorTrust, Inc., the trustee of the Plan, as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of B.V. General, Inc. 401(k) Salary Reduction Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

Without qualifying our opinion, we draw attention to Note 1 to the financial statements, which describes the circumstances that have led to the discontinuation and termination of the Plan. The financial statements have been prepared on a basis other than the going concern basis, as the Plan has ceased its operations during the year and all assets and liabilities were settled and distributed to the participants.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about B.V. General, Inc. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of B.V. General, Inc. 401(k) Salary Reduction Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about B.V. General, Inc. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of B.V. General, Inc. 401(k) Salary Reduction Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by AdvisorTrust, Inc., the trustee of the Plan, except for comparing such information with the related information included in the financial statement. In our report dated October 15, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value as determined by quoted market price of the mutual fund shares. Participant loans are stated at cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net realized and unrealized gain (loss) on investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Income Taxes Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 26, 1996, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator notes that the Plan is a 'prototype' plan and it is designed and is currently being operated in compliance with the applicable requirements of the IRC.

2. Summary of Significant Accounting Policies (Continued)

Income Taxes (Continued)

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by FASB. The Plan Administrator believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The Plan files information returns annually. As of December 31, 2022, information returns for years subsequent to 2017 were subject to examination by authorities.

Recent Accounting Developments

Accounting standards that have been issued by the Financial Accounting Standard Board ("FASB") or other standard setting bodies are not expected to have a material impact on the Plan's statements of net assets available for benefits, or the related statement of changes in net assets available for benefits

3. Information Certified by the Plan's Trustee

In accordance with Section 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the following investment information shown in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021 and for the years then ended, has been certified as being complete and accurate by John Hancock, the trustee of the Plan.

- Investments at fair value as of December 31, 2022 and 2021 as reflected in the Statements of Net Assets Available for Benefits;
- Investment activity as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021;
- Investment information disclosed in Note 4 to the Plan's financial statements; and
- Investments, as reflected in schedule H, line 4i – Schedule of Assets (Held at End of Year) – December 31, 2022.

The Plan Administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan has adopted Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Observable inputs other than Level 1 measurements such as quoted prices for similar assets or liabilities; quoted market prices in markets that are active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

4. Fair Value Measurements (Continued)

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following is a description of the valuation methodologies used for assets measured at fair value:

The fair value of mutual funds are based on quoted market prices of the funds. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Investments measured at net asset value per share as practical expedient have not been classified in the fair value hierarchy, but are presented in order to permit reconciliation of the Plan's assets:

	Assets at Fair Value as of December 31, 2022				
	Level 1	**Level 2**	**Level 3**	**Measured at NAV**	**Total**
Mutual funds	$ 171,165	$ -	$ -	$ -	$ 171,165

	Assets at Fair Value as of December 31, 2021				
	Level 1	**Level 2**	**Level 3**	**Measured at NAV**	**Total**
Mutual funds	$ 196,386	$ -	$ -	$ -	$ 196,386

During the year ended December 31, 2022 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $33,076.

5. Party-In-interest Transactions

The mutual funds are managed by John Hancock. John Hancock is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions that are exempt under ERISA prohibited transaction rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of the Plan's termination, the rights of all affected participants to the benefits accrued to the date of such termination, to the extent then funded, are nonforfeitable.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Subsequent Events

For the year ended December 31, 2022, the Plan has evaluated subsequent events through October 15, 2023, the date that the financial statements were issued, for potential recognition and disclosure. Management has not identified any subsequent events that required adjustments or disclosure in these financial statements.
