Independent Auditors' Report

The Trustees and Participants of Safe Harbor 401(k) Profit-Sharing Plan for Employees of Settlement Health & Medical Services, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Safe Harbor 401(k) Profit-Sharing Plan for Employees of Settlement Health & Medical Services, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**The Trustees and Participants of
Safe Harbor 401(k) Profit-Sharing Plan for Employees of
Settlement Health & Medical Services, Inc.**

Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

Settlement Health & Medical Services, Inc. (the "Employer") adopted the Safe Harbor 401(k) Profit-Sharing Plan for Employees of Settlement Health & Medical Services, Inc. (the "Plan") on January 1, 2015. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan description for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a safe-harbor 401(k) profit sharing plan covering all employees of the Employer as defined by the Plan document and excludes per diem employees. Employees are eligible to participate in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to have a percentage deducted on a pre-tax basis from their compensation as defined by the Plan. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Employer. There is an annual dollar limit as to the amount that can be contributed on a pre-tax basis into the Plan which is determined by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the Plan year end are eligible to make catch-up contributions up to the statutorily permitted amounts. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 1% of eligible compensation on a pre-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans.

The Employer shall make safe harbor Employer base contributions to the Plan on behalf of each participant for each Plan year equal to 3% of the compensation that the participant receives during the Plan year.

Participant Accounts

Each participant's account is credited with participant's contributions, Employer contributions and the investment earnings thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The contributions are allocated among investment options according to the participant's instructions. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account.

Vesting

A participant is fully vested in his or her own contributions, Employer contributions and earnings thereon at all times.

1. Description of Plan (*continued*)

Notes Receivable from Participants

A participant may elect to take out a loan subject to the rules and limitations of the Plan and the terms of the applicable contract. Loans are based on the vested value of the participant's individual account. Defaults in loans are treated as distributions at the time of default against the participant's account.

A participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum amount of 50% of his/her vested balance or \$50,000 (whichever is less). A borrower is limited to having a maximum of two outstanding loans under the Plan at one time. Loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is generally paid ratably through payroll deductions.

If the borrower does not repay the loan and related interest due in accordance with the schedule set forth in the promissory note or other writing permitted by applicable law representing the loan, the loan will be deemed in default. There were no loans in default at December 31, 2022 and 2021.

The interest rates for all outstanding loans at December 31, 2022 and 2021 ranged from 4.25% to 6.50%. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Payment of Benefits

Participants are eligible to receive distributions of their account without penalty upon reaching age 59 ½. Upon termination of service due to death, disability, retirement or other reasons, a participant is entitled to receive a distribution in the amount equal to the total value of the participant's account. Hardship withdrawals are allowed under the Plan and are generally defined as an immediate and heavy financial need for which funds are not reasonably available from other resources.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accounts of the Plan are maintained and the accompanying financial statements have been prepared on the modified cash basis; contributions and investment income are recognized when received and disbursements are recognized when made, except for investments and their related gains or losses, which are reflected at fair value. The Plan has determined that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Significant Accounting Policies *(continued)*

Basis of Accounting and Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2022 and 2021, all of the Plan's investments, that were valued at fair value, which consist of separate accounts were valued using level 2 inputs.

Investment Valuation and Income Recognition

All investments of the Plan are stated at fair value except for the insurance company general account, which is stated at contract value. Investments in separate accounts are reported at fair value as reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The Insurance Company General Account is stated at contract value which represents contributions plus earnings, less participant withdrawals and administrative expenses. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net depreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are valued at outstanding principal amounts. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Expenses

Administrative expenses may be paid from the assets of the Plan. The Employer, in its discretion, may decide to pay for any or all of these expenses. Investment related expenses are included in net depreciation in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 5, 2023.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis), including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company (“MOA”), a qualified institution.

4. Insurance Company General Account

Amounts placed in the MOA Interest Accumulation Account are credited with interest at a rate determined by MOA. MOA guarantees to credit interest for the life of the contract to amounts in the Interest Accumulation Account of their general account at a rate of at least equal to the greater of: (1) any contractual minimum guarantee provided by the contract; or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners (“NAIC”) standard non-forfeiture law. The NAIC minimum rate is determined in accordance with a formula and cannot be less than 1.00% or more than 3.00% in any event. MOA determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year. The interest rate under that contract will not go below that amount regardless of the minimum rate that is set for a calendar year.

In MOA’s sole discretion, they may credit a higher rate of interest to a participant’s contract in the general account, although they are not obligated to credit interest in excess of the minimum guaranteed rate. MOA compounds interest daily on the contract amounts in the general account to produce an effective annual yield that is equal to the stated interest rate.

Settlement Health & Medical Services, Inc.**

Notes to Financial Statements
(Modified Cash Basis)

4. Insurance Company General Account (*continued*)

The principal and previously credited interest is guaranteed by MOA. This guarantee is subject to MOA's financial strength and claims-paying ability. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A as of February 2023), Standard and Poor's (A as of December 2022), and Fitch (A as of March 2023).

Certain events limit the ability of the Plan to transact at contract value. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) the Plan breaches a provision of the contract; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the Plan or trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Mutual of America Interest Accumulation Account is fully benefit-responsive and represents approximately 14% and 9% of the net assets available for benefits as of December 31, 2022 and 2021.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The prototype plan document preparer has received a favorable opinion letter dated November 30, 2020, from the IRS regarding the Plan's compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, management believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code, therefore, they believe the Plan is qualified.

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. The Plan is subject to examination by the applicable taxing jurisdictions for periods since 2019.

7. Party-in-Interest Transactions

Certain Plan investments are managed by MOA. MOA is the custodian as defined by the Plan and, therefore, these transactions are considered as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA and are reflected in the statements of net assets available for benefits.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
