To the Plan Administrator and Participants of
Ferraro Foods of New Jersey LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ferraro Foods of New Jersey LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Eligibility

Any employee of the Company becomes an eligible participant in the Plan following their date of hire subject to the completion of one year of service and the attainment of twenty-one years of age. Employees subject to a collective bargaining agreement are not eligible to participate in the Plan. Participant’s entry dates for the Plan are the first day of each month.

Contributions

- a) An employee participating in the Plan may annually contribute through payroll deductions, any amount up to 75 percent of compensation not exceeding amounts as determined by the Internal Revenue Service (“IRS”).

Contributions - continued

- b) Any participant age 50 or over may make an additional “catch up” contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan.
- c) The Company may also make a matching contribution. For the years ended December 31, 2022 and 2021, the Company made matching contributions of an amount equal to 25 percent of such contributing participants’ elective deferral which does not exceed 6 percent of the contributing participants’ compensation.
- d) The Company may annually make a discretionary profit sharing contribution. For the years ended December 31, 2022 and 2021, the Company elected not to make a profit sharing contribution.

Participant Accounts

Individual accounts are established for each Plan participant. Each participant’s account is credited with the participant’s pre-tax contributions and/or after-tax contributions, the Company contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The Plan currently offers several mutual funds and a stable value fund as investment options for participants. Each participant’s account is reduced by withdrawals, losses on investments, expenses of the Plan, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Vesting in the Company’s contribution portion of participant accounts is based on years of continuous service. A participant’s account vests 20% per year of service completed after the first year, and is 100 percent vested after six years of credited service. A participant earns and accumulates a year of vesting for each 12 months of continuous service or, if less than a year of service, when their account is credited with 1,000 hours of service. A participant is always 100 percent vested in their own deferred salary contribution to the Plan, but with respect to the Company contributions, any unvested portion of their account shall be forfeited at termination. A participant shall be considered 100 percent vested upon termination of service due to death or disability. As of December 31, 2022 and 2021, the vesting schedule was as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year	0%
At least 1 year, but less than 2	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Notes Receivable – Participant Loans

The Plan allows for loans to be extended to participants for financial needs. All loans are considered a direct investment of the Plan and payments of principal and interest are credited to the participant’s account. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at reasonable rates (as defined in the Plan agreement). The loans bear interest at a rate of the prime rate published in the Wall Street Journal on the

14th day of each month (or on the first preceding business day if the 14th is not a business day) plus one percent, and have maturity dates through 2030. Principal and interest are paid ratably through weekly payroll deductions. Participants are limited to one outstanding loan at any time.

Participant loans are reclassified as notes receivable from participant, and are measured at the unpaid principal balance plus unpaid accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan. Deemed distributed loans for the years ended December 31, 2022 and 2021 were \$25,886 and \$3,973, respectively.

Payment of Benefits

Prior to age 59-1/2, distributions and withdrawals are not permitted from the Plan except in the instances of death, disability, hardship, or termination of employment. After attaining age 59-1/2, 100 percent of the participant's account may be withdrawn for any reason. In the event of termination of employment a participant may elect to receive, as a lump-sum distribution, his/her participant contributions and earnings thereon and vested Company contributions and earnings thereon.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to April 15, 2022.

Administrative Expenses

The expenses necessary to administer the Plan, including, but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the Company. Participants are charged service fees for any loan or distribution transactions they request. Certain fees assessed by investment fund managers have been offset against net investment income.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$18,436 and \$5,797, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. Approximately \$50,564 of the forfeited funds were used to pay administrative expenses and/or fund employer contributions in 2022.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the accounting principles generally accepted in the United States of America ("US GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

FERRARO FOODS OF NEW JERSEY LLC 401(K) PLAN

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments in the Plan are reported at fair value in accordance with ASC 820, Fair Value Measurements. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is de minimis. No allowance for credit losses had been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recently Adopted Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 eliminates certain disclosures including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. Management has adopted ASU 2018-13 for the 2020 Plan year. The adoption of this ASU did not have a material impact on the financial statements.

3. Income Tax Status

The Plan adopted an ADP prototype non-standardized profit sharing 401(k) plan. The Internal Revenue Service has determined and informed ADP by a letter dated July 16, 2014, that the prototype plan and related trust are designed in accordance with applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has since been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

Notes to Financial Statements

4. Plan Termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100 percent vested and not forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan.

5. Investment Information Certified by the Plan's Trustee and Custodian (Unaudited)

Certain information related to the investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company ("Reliance").

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974.

The fair value of investments at December 31, 2022 and 2021 as reported by the trustee is:

	<u>2022</u>	<u>2021</u>
Stable value fund	\$2,465,671	\$1,709,919
Mutual funds	<u>19,077,653</u>	<u>18,934,334</u>
Total funds	<u><u>\$21,543,324</u></u>	<u><u>\$20,644,253</u></u>

Investment income for the years ended December 31, 2022 and 2021 as reported by the trustee is:

	<u>2022</u>	<u>2021</u>
Interest on notes receivable - participant loans	\$19,179	\$16,072
Net appreciation/(depreciation) in fair value of investments	(5,212,330)	1,511,225
Dividends	<u>1,116,889</u>	<u>1,553,495</u>
Total investment income	<u><u>\$(4,076,262)</u></u>	<u><u>\$3,080,792</u></u>

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds: Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the Fund's underlying assets, which are principally marketable securities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2022 and 2021.

Stable value funds (common collective trusts): Shares of the stable value funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan corrected the test failure by returning the excess contributions to the respective employees in the following year. The refund included income allocable to the excess contributions. As of December 31, 2022 and 2021, the excess contributions payable were \$13,727 and \$8,329, respectively.

9. Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Reliance, which is a subsidiary of Fidelity National Information Services, Inc. Participant loan and distribution processing fees are paid to Reliance or the third-party administrator/recordkeeper by participants. The Plan paid for third party administrator fees and investment advisory fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

11. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 13, 2023 the date the financial statements were available to be issued.

Effective January 1, 2022, Ferraro Foods of New York North, LLC DBA Casa Imports & DBA Atlantic International Products 401(k) Profit Sharing Plan (the "New York North Plan") was merged into the Plan, and the assets of the New York North Plan held at Voya Retirement Insurance and Annuity Company ("Voya"), its plan trustee were transferred to the trustee of the Plan. As a result of the merger, \$2,128,465 was transferred into the Plan.

On June 15, 2023 under an asset purchase agreement, the Company acquired substantially all of the assets of Italian food distributor GDS Inc. DBA GDS Foods, Inc., a New Jersey corporation ("GDS"), based in Sussex, NJ. GDS has been asked to continue with their existing 401K Plan under DOL transaction rules.
