Independent Auditor's Report

Plan Administrator
Preqin, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Preqin, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule h, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Preqin, Inc. 401(k) Plan

Notes to the Financial Statements

Note 1. Description of the Plan

The following description of the Preqin, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Preqin, Inc. (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Reliance Trust Company (Reliance) serves as the trustee and custodian for the Plan. ADP Retirement Services (ADP) serves as the recordkeeper for the Plan.

Contributions: Participants may contribute up to a maximum of 90% of pretax annual compensation, as defined in the Plan, and allocate this contribution to certain investments administered by the trustee. A participant's maximum pretax annual contribution was limited to \$20,500 in 2022 and \$19,500 in 2021. Employees who are age 50 or over may make a catch-up contribution of up to \$6,500 in 2022 and 2021. These limitations are adjusted annually as provided in Internal Revenue Code (IRC) Section 415(d).

The employer safe harbor matching contribution is equal to 100% of the participant's elective deferrals not to exceed 10% of the participant's compensation. Employer matching contributions and employer profit-sharing contributions are discretionary. During 2022, no discretionary employer matching contributions or employer profit-sharing contributions were made to the Plan.

Eligibility: An employee is eligible to participate in the Plan when hired. Participants become eligible for the employer safe harbor matching contributions upon 1,000 hours of service. Participants become eligible for the employer profit-sharing contribution after one year of service.

Vesting and forfeitures: A participant is fully vested at all times in his or her own contributions to the Plan and the employer matching contributions. Participants vest in the employer profit sharing contributions as follows:

Years of Service	Vested Percentage
1	50%
2	100%

At December 31, 2022 and 2021, forfeited non-vested accounts were \$11 and \$10, respectively. Forfeitures may be used first to reduce expenses related to the administration of the Plan and then to reduce certain employer contributions. During 2022, no forfeitures were used to reduce employer's matching contributions and no forfeitures were used to pay administrative expenses.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone access or website access to ADP.

Notes to the Financial Statements

Note 1. Description of the Plan (Continued)

Payment of benefits: Benefit payments begin at a participant's election after the participant ceases to be an employee due to disability, retirement or other termination of employment or death. Participants may also receive hardship withdrawals and in-service distributions in other circumstances, as defined in the Plan agreement. Participants may elect to receive benefits from several options available, as set forth in the Plan.

An employee's membership in the Plan shall terminate on the date of death, the date of retirement or the date employment is terminated because of disability or other reasons.

Participant notes receivable: Participants may borrow from their account up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms may not be greater than 5 years or 30 years for loans taken to purchase a primary residence. Notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan is approved. Principal and interest are paid ratably, generally through payroll deductions. Processing fees are charged against participant accounts.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The accompanying financial statements of the Plan have been prepared on the accrual method of accounting.

Investment valuation and income recognition: The Plan's investment assets are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative costs: Certain Plan expenses are deducted from participants' accounts or investment income, and the remainder of the Plan expenses are paid by the Company.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Any default in repayment to the Plan will result in the treating of the balance due for the loans as a taxable distribution from the Plan. The Plan records an allowance for loans not expected to be collected which have been recorded as distributions per the Plan's Form 5500. Form 5500 presents notes receivable from participants as an investment.

Payment of benefits: Benefits are recorded when paid.

Note 3. Exempt Party-in-Interest Transactions

Most administrative expenses of the Plan are paid by the Plan Sponsor, and personnel and facilities of the Plan Sponsor have been used by the Plan at no additional charge to the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 4. Information Certified by Reliance Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets at December 31:

	2022	2021
Investments, at fair value:		
Mutual funds	\$ 11,260,849	\$ 10,883,587
Common collective trust	239,375	179,571
Notes receivable from participants	78,977	34,190

Reliance also certified to the completeness and accuracy of \$2,273,523 of net depreciation in fair value of investments, \$250,976 of interest and dividends, \$2,005 of interest income on notes receivable from participants and \$5,315 of other income for the year ended December 31, 2022.

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to the Financial Statements

Note 5. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There were no significant transfers between Levels 1, 2 and 3 during the years ended December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common collective trust (CCT): The net asset value (NAV) of a CCT is based on the market value of its underlying investments. The CCT NAV is not a publicly quoted price in an active market and NAV is used as a practical expedient to estimate the fair value.

Mutual funds (registered investment companies): Fair value is based on unadjusted quoted prices in active markets. Mutual funds are valued at the NAV of shares held by the Plan at year-end. These investments are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,260,849	\$ -	\$ -	\$ 11,260,849
Total assets in the fair value hierarchy	\$ 11,260,849	\$ -	\$ -	11,260,849
Investments measured at net asset value (a)				239,375
Total assets at fair value				\$ 11,500,224

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,883,587	\$ -	\$ -	\$ 10,883,587
Total assets in the fair value hierarchy	\$ 10,883,587	\$ -	\$ -	10,883,587
Investments measured at net asset value (a)				179,571
Total assets at fair value				\$ 11,063,158

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common collective trust (b)	\$ 239,375	\$ 179,571	N/A	Daily	10 days

(b) CCT is a collective investment fund for collective investment and reinvesting the assets of eligible pension and profit sharing trusts and other eligible entities. CCT may invest in bank, insurance company and other financial investments contracts.

In accordance with ASU 2015-07, the CCT is presented at fair value; however, there is no adjustment from fair value to contract value, as NAV is the practical expedient for measuring fair value for such investments. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with the participants, are probable of occurring.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Preqin, Inc. 401(k) Plan

Notes to the Financial Statements

Note 7. Tax Status

The Plan Sponsor has adopted a nonstandardized prototype plan sponsored by ADP. ADP received an opinion letter from the Internal Revenue Service (the IRS), dated October 6, 2020, which states that the Plan document satisfies the applicable provisions of the IRC. The Plan itself has not received, nor is it required to receive, a determination letter from the IRS. The Plan has been most recently amended effective January 1, 2023; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to add Colmore Inc., a company owned by the Plan Sponsor, as a participating employer in the Plan. Colmore Inc. participated in the Justworks Retirement Savings Plan, a multiple-employer plan. Effective January 2023, the Colmore Inc. plan assets transferred from the Justworks Retirement Savings Plan into the Preqin, Inc. 401(k) Plan. The Plan received a transfer in of assets of \$1,541,898.
