AXIOM 401(K) PLAN

**INDEPENDENT AUDITOR'S REPORT
AND FINANCIAL STATEMENTS**

Years Ended December 31, 2022 and 2021

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Axiom 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Axiom 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions as of December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in

the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

(1) Description of plan

The following description of Axiom 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan administrator.

General - The Plan is a multiple-employer defined contribution plan sponsored by Axiom Healthcare Services, LLC (the “Company”) for the benefit of its employees (except leased employees and those employees classified as PRN employees) and the employees of Compassionate Healthcare Providers LLC (“Participating Employer” in the Plan), who have completed at least two months of service and are age 21 or older.

The Plan is administered by the Company’s Retirement Plan Committee (“the Committee”), which is a committee of the Management of the Company. The Committee has overall responsibility for the operation and administration of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance. Fidelity Management Trust Company is the trustee of the Plan and also serves as Plan custodian.

Contributions - The Plan permits eligible participants through a salary deferral election to make annual pre-tax or Roth contributions up to the dollar limits prescribed by law or 75% of eligible compensation for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older prior to the end of the Plan year, and who are making contributions to the Plan, are allowed to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at an initial 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. This deferral rate will increase annually by 1% as a pre-tax deferred contribution until a deferral rate of 8% is reached (as long as the participant remains automatically enrolled). For the years ended December 31, 2022 and 2021, the Company and Participating Employer contributed 50% of eligible participant contributions that did not exceed 5% of eligible participant compensation as non-discretionary matching employer contributions.

The Company and Participating Employer also have the option to make discretionary nonelective employer contributions approved by the Company’s Board of Directors on behalf of each of its eligible participants in accordance with the provisions of the Plan. No discretionary nonelective employer contributions were made for the years ending December 31, 2022 and 2021. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

To participate in employer contributions, eligible participants must have completed one year of eligibility service (1,000 hours).

NOTES TO THE FINANCIAL STATEMENTS

(1) Description of Plan (continued)

Participant investment account options - Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. The Plan currently offers 33 mutual funds and a common collective trust as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution, employer matching contributions, and allocations of (a) the Company's discretionary profit sharing contribution (if eligible) and (b) Plan earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions, amounts rolled over or transferred into the Plan, and qualified nonelective contributions plus actual earnings thereon.

Employer matching contributions plus earnings thereon vest according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Employer nonelective discretionary contributions plus earnings thereon vest according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTES TO THE FINANCIAL STATEMENTS

(1) Description of Plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are limited to two loans outstanding at any given time and are secured by the vested balance in the participant's account. The loan interest rates are commensurate with local prevailing rates as determined by the Plan administrator. All loans must be repaid in no more than 5 years unless it is for a principal residence in which case it cannot exceed 10 years from the date of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - Upon termination of service due to any reason, a participant (or beneficiary, if applicable) may elect to receive a lump sum cash distribution, a direct rollover distribution to an eligible retirement plan specified by the participant or designated by the Plan administrator, or a combination of a lump sum cash distribution and a rollover distribution. If a participant's vested balance is greater than \$1,000, but less than or equal to \$5,000, and if the participant is under age 62 and does not make an election to distribute the vested balance in his or her account, the Plan administrator will transfer the participant's vested funds to an Individual Retirement Account (IRA). Vested benefits may also be withdrawn for certain qualifying hardship circumstances. Qualified reservist distributions are permitted for participants who have been ordered or call to active duty for a period in excess of 179 days or for an indefinite period by reason of being a member of a reserve component. In-service distributions are permitted for participants who have reached age 59 ½.

Forfeited accounts - Forfeitures may be used to reduce any future employer contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$99,479 and \$63,663, respectively. For the years ended December 31, 2022 and 2021, employer matching contributions were reduced by \$0 and \$7,137, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, they reflect all significant receivables and payables.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

AXIOM 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Unit values - Individual participant accounts for the collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions refundable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding addition to benefit payments paid to participants. See discussion in Note 9.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Administrative expenses and services - Certain administrative services and expenses of the Plan are provided and paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of the Plan and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Other recordkeeping and administrative fees are paid directly from the Plan and are included in administrative expenses.

NOTES TO THE FINANCIAL STATEMENTS

(3) **Information prepared and certified by the trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate as of and for the years ended December 31, 2022 and 2021:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) **Fair value measurements**

The Financial Accounting Standard Board ("FASB") ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

AXIOM 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the methodologies used during the years ended December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common/collective trust: Valued at the year-end NAV of units of a bank collective trust fund. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Estimated fair value (measured at NAV) as provided by Putnam Fiduciary Trust Company, LLC ("Putnam") represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The common/collective trust is included in the statements of net assets available for benefits at its estimated fair value. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, but is not used when it is determined to be probable that the common/collective trust will sell for an amount different than the reported NAV. See Note 5 for discussion of the common/collective trust.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual funds	\$ 3,065,551	\$ -	\$ -
Investments measured at NAV*

(4) Fair value measurements (continued)

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,180,007	\$ -	\$ -	\$ 3,180,007
Investments measured at NAV* Common/collective trust				64,222
Investments at fair value				<u>\$ 3,244,229</u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021:

Common/Collective Trust	Fair Value as of		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Putnam Investments Stable Value Fund	\$100,492	\$64,222	None	Daily	12 months

(5) Common/collective trust

Putnam Investments Stable Value Fund – The Putnam Investments Stable Value Fund is a collective trust fund managed by Putnam Fiduciary Trust Co. and is considered to be a stable value fund. The purpose of this fund is to invest/reinvest collectively in assets of eligible entities. The fund does not invest directly in fully benefit-responsive contracts, rather it invests in the underlying assets (investment contracts) and enters into a “wrapper” contract issued by a third party.

The Fund described above is valued at NAV of the units of the individual collective trust. The NAV is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the NAV of the fund. The fund is valued at fair value and then adjusted by the issuer to contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and is considered to be representative of fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value however, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) participant withdrawals based on advice or direction, (2) changes to the Plan which establish investment options or investment objectives so as to constitute or create competing funds, (3) Plan administrator establishes a new eligible plan or amends an existing eligible plan, and such plan covers participants in the participating Plan and offers a competing fund, or (4) participating Plan makes a withdrawal for any reason other than participant-directed withdrawals.

AXIOM 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(5) **Common/collective trust (continued)**

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. Units of the fund are issued and redeemed at current NAV.

(6) **Related party and party-in-interest transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid \$45,842 and \$40,596 of recordkeeping fees directly to Fidelity Investments Institutional and \$15,397 and \$13,442 of investment advisory fees directly to Wealth Alliance Advisory Group, LLC during the years ended December 31, 2022 and 2021, respectively. The Company pays directly any other fees related to the Plan's operations.

(7) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their non-discretionary employer match and discretionary nonelective employer profit sharing contributions.

(8) **Tax status**

The Company has adopted a profit sharing/401(k) prototype Plan and trust (Fidelity Pre-Approved Defined Contribution Plan) sponsored by its third party administrator (Fidelity). The IRS has opined that the prototype Plan is designed in accordance with applicable sections of the IRC and has informed the Custodian of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

AXIOM 401(k) PLAN**NOTES TO THE FINANCIAL STATEMENTS****(9) Excess contributions refundable**

Excess contributions of \$34,561 and \$23,261 have been accrued as of December 31, 2022 and 2021, respectively, and are to be paid in each respective year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2022 and 2021, \$34,561 and \$23,261, respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

(10) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

Net income per Schedule H of the Form 5500	<u>\$ (70,588)</u>	<u>\$ 745,084</u>

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) Corrections

During 2022, it was noted that some participants were receiving a matching employer contribution before eligibility requirements were met. The excess match amount of \$15,084 (including earnings thereon) was corrected and moved from the respective ineligible participant accounts to the forfeiture accounts on October 8, 2022.

In addition, the Plan is in the process of calculating a qualified non-elective contribution (QNEC) in order to correct certain missed deferrals that occurred during 2022 as a result of the Company's conversion to a new payroll service provider. As of the date of these financial statements, the Plan has estimated the missed deferrals to be \$1,747, but is still early in the process of calculating the QNEC, therefore, the actual amount of the correction could not be reasonably estimated or accrued. The estimated \$1,747 contribution correction has been reported on the supplemental schedule of delinquent participant contributions as of December 31, 2022. Due to the nature of these errors, based on discussion with the Plan record-keeper, management does not believe the final correction amount will be material to the financial statements.

It was discovered during 2023 that the census data used in the Non-Discrimination Testing for the 2022 Plan year was incomplete, resulting in an incorrectly calculated return of excess funds for the Plan year. Based on conversations with the Plan record-keeper, management does not believe any corrections to the calculation will be material to the financial statements.

AXIOM 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(13) **COVID-19 pandemic**

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. There is unprecedented uncertainty surrounding the duration of the pandemic, developing variants of the disease, potential economic ramification, and any government actions to mitigate them. Accordingly, the Plan sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

(14) **Subsequent events**

The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.
