INDEPENDENT AUDITORS' REPORT

To Retirement Plan Committee
Wine.com Retirement Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wine.com Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - *Supplemental Schedules Required by ERISA*

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Wine.com Retirement Trust (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Wine.com (the "Company"), pursuant to Section 401(k) and related provisions of the Internal Revenue Code ("IRC"), was established effective November 30, 2002 and was mostly recently amended and restated April 20, 2021. All employees who are at least 21 years of age, except those governed by a collective bargaining agreement, leased employees, temporary employees, nonresident aliens and seasonal employees, are eligible to participate in the Plan and receive employer contributions. Participants may enter the Plan and are eligible to receive the Company's contributions on the first day of the month after eligibility requirements are met. Effective January 1, 2021, employees must complete one month of service to be eligible to make employee deferrals and participate in Company matching contributions. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee services are provided by Fidelity Management Trust Company (the "Trustee"), while recordkeeping services are provided by Fidelity Workplace Services LLC (the "recordkeeper"), an affiliate of the Trustee, (collectively "Fidelity"). The Trustee acted at the discretion of the Plan's administrator.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 60% of their annual compensation as defined by the Plan, on a pre-tax or after-tax basis (as Roth contributions), up to a maximum amount allowed by the IRC. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions, up to a maximum amount allowed by the IRC. Participants may also roll over contributions from other qualified employer-sponsored retirement plans. Participants direct their investment of their contributions into various investment options offered by the Plan.

Newly eligible employees are automatically enrolled to defer 6% of their eligible compensation on a pre-tax basis unless the participant makes a contrary election within 30 days of hire. Participants with a deferral rate greater than zero will have their deferral rate automatically increased by 1% annually on June 1 until a maximum rate of 10% is reached, unless the first such increase would occur within six months of the participant's Plan enrollment.

Effective January 1, 2021, the Company provides for safe harbor matching contributions such that Company matching contributions are made at a rate of 100% of the first 1% of the eligible participant's compensation contributed to the Plan, and 50% of the next 5% of the eligible participant's compensation contributed to the Plan. The Company also has the discretion to make additional matching contributions on behalf of eligible participants, or a designated group of eligible participants. The Company did not make any additional matching contributions to the Plan during the year ended December 31, 2022.

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, net Plan earnings or losses, and rollovers, and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2021, vesting in the Company's safe harbor matching contributions plus actual earnings occurs after two years of credited service as defined in the Plan documents. Additional matching contributions, plus actual earnings thereon, is based on a graded vesting schedule whereby participants become fully vested after four years of credited service.

Year of Service	Safe Harbor Match Vesting Percentage	Additional Match Vesting Percentage
Less than 1	0%	0%
1	0%	25%
2	100%	50%
3	100%	75%
4	100%	100%

Prior to January 1, 2021, vesting in the Company's matching contributions plus actual earnings thereon is based on a graded vesting schedule whereby participants become fully vested after four years of credited service. Participants are fully vested upon retirement, death, disability, or Plan termination.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Participants may apply for one note receivable each calendar year and have one note receivable outstanding at any given time. Notes receivable terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. The notes receivable are secured by the participant's account and bear interest at the prime rate plus 2%. Interest rates range from 5.25% to 7.25% as of December 31, 2022. Notes receivable mature at various dates through October 2027.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, vested Company contributions, and the net earnings thereon in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the normal retirement age of 65.

1. Description of Plan, continued

Payments of Benefits, continued

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in percentage increments into a series of mutual funds and money market fund offered by the Plan. Participants may change their investment options at any time.

Forfeited Accounts

Forfeitures can be used to pay Plan expenses or to offset Company contributions, both of which are at the discretion of the Company. Forfeited nonvested accounts totaled $42,827 and $16,724 as of December 31, 2022 and 2021, respectively. Forfeitures of $80,452 were used to reduce Company contributions during the year ended December 31, 2022.

Reclassification

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation. The effect of these reclassifications is not material to the financial statements and has no impact on previously reported total assets and total net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Retirement Committee determines the Plan’s valuation policies utilizing information provided by the investment advisor, and Trustee. See Note 3 for discussion of fair value measurements.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Information Certified by the Trustee

Fidelity Management Trust Company has prepared and certified as complete and accurate the investment assets, notes receivable from participants, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule of assets.

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Cash equivalent - money market fund: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Cash equivalent - money market fund	$ -	$ 366,134	$ -	$ 366,134
Mutual funds	10,546,761	-	-	10,546,761
Total investments, at fair value	$ 10,546,761	$ 366,134	$ -	$ 10,912,895

3. Fair Value Measurements, continued

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Cash equivalent - money market fund	$ -	$ 308,070	$ -	$ 308,070
Mutual funds	11,649,521	-	-	11,649,521
Total investments, at fair value	$ 11,649,521	$ 308,070	$ -	$ 11,957,591

4. Certified Information

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Fidelity as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	2022	2021
Investments, at fair value	$ 10,912,895	$ 11,957,591
Notes receivable from participants	$ 103,171	$ 169,264
Interest and dividend income	$ 431,407	N/A
Interest on notes receivable from participants	$ 9,476	N/A
Net depreciation in fair value of investments	$ (2,702,154)	N/A

5. Related-Party and Party-in-Interest Transactions

Certain funds in the Plan's investment fund options are managed by the Trustee. The Trustee is a party-in-interest to the Plan, therefore transactions conducted by the Trustee and its affiliates, including fee offset agreements, qualify as party-in-interest transactions. Also, the Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

The Trustee retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

6. Tax Status

The Plan adopted the Fidelity Profit Sharing Plan Volume Submitter Plan No. 17 sponsored by Fidelity Management & Research Company ("FMR"), an affiliate of the Trustee. The Internal Revenue Service informed FMR by a letter dated June 30, 2020, that its volume submitter plan is designed in accordance with the applicable sections of the IRC and is acceptable for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and has been operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2022, four investments constituted 43% of the Plan's net assets. As of December 31, 2021, three investments constituted 36% of the Plan's net assets.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2022	2021
Net assets available for benefits per financial statements	$ 11,028,530	$ 12,144,091
Less participant contributions receivable	(8,739)	(12,060)
Less employer contributions receivable	(3,725)	(5,176)
Net assets available for benefits per Form 5500	$ 11,016,066	$ 12,126,855

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2022:

Decrease in net assets available for benefits per financial statements	$ (1,115,561)
Less participant contributions receivable at December 31, 2022	(8,739)
Less employer contributions receivable at December 31, 2022	(3,725)
Add participant contributions receivable at December 31, 2021	12,060
Add employer contributions receivable at December 31, 2021	5,176
Net loss per Form 5500	$ (1,110,789)

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 16, 2023, the date which these financial statements were available to be issued.

The Plan was amended and restated January 1, 2023 to eliminate the Company's safe harbor matching contribution and additional matching contributions. Instead, the Plan implemented a discretionary matching contribution. Discretionary matching contributions, if any, will vest on a graded schedule of 25% per year and be fully vested after four years of service.

Management has concluded that no other material subsequent events have occurred since December 31, 2022 that require recognition or disclosure in these financial statements.
