INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Beauty by Imagination 401(k) Plan
Hauppauge, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Beauty By Imagination 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule G, Part III – Schedule of Nonexempt Transactions, supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEAUTY BY IMAGINATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1 – Description of Plan

The following description of the Beauty by Imagination 401(k) Plan (formerly J & D Brush Company LLC 401(K) Profit Sharing Plan) (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of J & D Brush Company LLC, d/b/a Beauty by Imagination LLC and Goody Products, Inc. (effective October 29, 2020), an affiliated member of a controlled group (collectively the “Company”), who are age 18 or older and have completed 2 months of service. Part-time, seasonal, or temporary employees shall be eligible to participate in the Plan upon reaching age 18 and completion of 1 year of service. Effective January 1, 2021, the Goody Products, Inc. 401k Plan was merged into the Beauty by Imagination 401(k) Plan as result of Goody Products, Inc. becoming a participating employer in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan was amended effective October 1, 2022, to reduce the vesting schedule for Company matching and non-elective profit-sharing contributions from 6 years of service to 4 years of service.

Contributions

Each year, participants may contribute up to 90% of their annual compensation, as defined in the Plan, on a pre-tax or an after-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they make an affirmative election not to participate in the Plan or to have their deferrals set at a different rate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching or non-elective profit-sharing contributions to the Plan as determined by the Company annually. Company contributions are invested in a portfolio of investments as directed by participants. During 2022, the Company made discretionary matching contributions equal to 50% of the first 6% of the participant’s elective deferrals, which totaled \$380,626. The Company did not make non-elective contributions to the Plan during 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contributions, as well as allocations of the Company’s non-elective profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. Effective October 1, 2022, a participant shall vest at a rate of 25% per year of service and become 100% vested after 4 years of service. Participants who terminated service prior to October 1, 2022, shall become 100% vested after 6 years of credited service. Participants who are active employees of the Company shall also become 100% vested upon reaching normal retirement age, death, or disability.

BEAUTY BY IMAGINATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1 – Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (or \$10,000, if greater). The maximum allowed is reduced by the highest outstanding note receivable balance of the participant in the previous 12-month period and the existing outstanding note receivable balance. The notes are secured by the balance in the participant's account. The note interest rate, determined at the time of the note issuance, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through periodic payroll deductions and notes must be fully repaid within 5 years unless the note was issued for the purchase of the participant's primary residence, upon which the note must be repaid within 15 years from the date the note was issued, in accordance with the Plan provisions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or substantially equal installments, or partial payments, as provided in the Plan document. Participants with vested account balances of \$5,000 or less will receive the value of the vested interest in his or her account balance as a lump-sum distribution or rolled over into an IRA if over \$1,000 but less than \$5,000. In-service distributions are permitted for participants who attain age 59½ or for a participant who is experiencing financial hardship.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$10. These accounts may be used in the following manner: a) added to any employer discretionary contribution (matching or profit-sharing) and allocated in the same manner; b) used to reduce any employer contribution; c) added to any employer contribution and allocated as additional matching contribution; or d) allocated to participants in the same proportion that each participant's compensation for the Plan year bears to the compensation of all eligible participants, as determined by the Company. During 2022, forfeitures totaling \$98,707 were used to reduce employer matching contributions. Forfeitures were not used in any other manner during 2022. The Plan also maintains a forfeiture suspense account for stale checks which totaled \$2,106 and \$2,144 as of December 31, 2022 and 2021, respectively.

Recent Regulatory Event

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was signed into law as part of the Consolidated Appropriations Act of 2023. The SECURE 2.0 Act of 2022 builds on the SECURE Act of 2019 which revised existing rules around retirement saving. The SECURE 2.0 Act of 2022 contains dozens of new retirement-related provisions intended to expand and increase retirement savings and to simplify and clarify many complex existing retirement plan rules.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BEAUTY BY IMAGINATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers, trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 13 for disclosure information of subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; and• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

BEAUTY BY IMAGINATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 3 – Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Common/collective trusts: Valued at the net asset value (NAV) of the units of the funds held by the collective trust. The NAV as provided by the trustee is used as practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth the Plan's assets at fair value as of December 31, 2022 and 2021. There were no level 2 or 3 assets held by the Plan at December 31, 2022 and 2021:

	Assets at Fair Value	
	2022	2021
Common/collective trusts (at NAV) *	\$ 7,664,920	\$ 8,699,361
Mutual funds (Level 1)	697,452	524,338
Total investments at fair value	<u>\$ 8,362,372</u>	<u>\$ 9,223,699</u>

*Investments measured at net asset value are excluded from the fair value hierarchy.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the Plan's investments measured at fair value using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

BEAUTY BY IMAGINATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 4 – Related Party Transactions and Party-In-Interest Transactions

The Plan utilizes various third-party service providers who provide certain administrative services to the Plan pursuant to service agreements. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During 2022, the Plan also made direct payments to third-party service providers for investment advisory services totaling \$22,106 and for recordkeeping and other administrative services totaling \$33,595, which are included in administrative expenses. The Plan sponsor pays directly any other fees related to the Plan's operations. These transactions qualify as exempt party-in-interest transactions. See Note 11 for disclosure information of nonexempt prohibited transactions.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 6 – Tax Status

Effective July 1, 2022, the Plan adopted the Automatic Data Processing (ADP) amended and restated non-standardized profit-sharing plan with cash or deferred arrangement (CODA) pre-approved by the IRS. The IRS issued an opinion letter dated October 6, 2020, that the prototype non-standardized profit-sharing plan with CODA is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Prior to July 1, 2022, the Plan was structured and followed a prototype non-standardized profit-sharing plan with CODA pre-approved by the IRS on July 16, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Trustee Certification

Certain information related to investments disclosed in the accompanying financial statements and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

BEAUTY BY IMAGINATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 9 – Delinquent Participant Contributions

During 2018 through 2020 the Company failed to remit to the Plan's trustee participant contributions and note repayments totaling \$198,867 within the period prescribed by the Department of Labor regulations. Delays in remitting these contributions to the trustee were due to administrative errors. The Company will make a qualified non-elective contribution to the affected participants' accounts to compensate those participants for potential lost income due to the delays (see Note 11). A participant contribution receivable totaling \$3,424 related to the delinquent contributions is included in the statement of net assets available for benefits as of December 31, 2021. During 2022, the Company remitted the 2021 participant contribution receivable to the Plan and also remitted the lost earnings related to \$2,800 of delinquent participant contributions from the 2020 Plan year. See the accompanying supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for further information.

Note 10 – Compliance Matters

During 2020, the Company identified a limited number of operational errors related to the allocation of participant contributions and employer matching contributions. Additionally, the Company overfunded participant contributions by approximately \$6,000 and employer matching contributions by approximately \$7,000. During 2022, the Company self-corrected these errors by reallocating participant contributions and forfeiting from the participants' accounts the excess funding.

During 2021, the Company filed a submission with the IRS under the Voluntary Compliance Program (VCP) of the Employee Plans Compliance Resolution System (Rev. Proc. 2019-19) with a proposal for correcting an operational error identified during 2020, related to the exclusion of eligible bonus compensation in calculating participants' elective deferrals and employer matching contributions through a retroactive amendment to the Plan document. On June 8, 2021, the IRS approved the Company's proposed corrective action and on January 3, 2022, the Company amended the Plan retroactive to January 1, 1997, to exclude bonuses from the definition of eligible compensation for elective deferral and matching contribution purposes, as outlined in the VCP Submission Compliance Statement previously filed and accepted by the IRS.

During October and November 2022, participants were refunded the elective deferrals that were withheld from 2022 and 2021 bonus compensation and the related matching contributions were forfeited from participants' accounts. Elective deferrals and related earnings refunded, which totaled \$102,887 and \$47,405 for 2022 and 2021, respectively, are included in corrective distributions in the statement of changes in net assets available for benefits for the year ended December 31, 2022. Employer matching contributions and related earnings forfeited from participants' accounts related to these deferrals totaled \$28,858 and \$16,938 for 2022 and 2021, respectively.

The Company also intends to correct a limited number of other operational errors identified in connection with deferrals withheld from the 2022 and 2021 bonuses using the applicable prescribed self-correction methods under the IRS Voluntary Compliance Program (VCP) of the Employee Plans Compliance Resolution System. The Company does not expect the required corrective contributions resulting from these errors to be material to the financial statements as a whole, and accordingly, an additional receivable for the corrective contributions related to this matter is not included on the statements of net assets available for benefits as of December 31, 2022 and 2021.

Note 11 – Nonexempt Prohibited Transaction

During 2022, the Company identified that a nonexempt prohibited transaction in violation of ERISA had occurred due to an administrative error. The Company identified that in December 2022, elective deferrals and matching contributions related to 2022 bonus compensation that had previously been refunded/forfeited from the affected participants' accounts in November 2022 (see Note 10), were erroneously taken out of the participants' accounts again and the funds were returned to the Company and remained in the Company's general assets.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 11 – Nonexempt Prohibited Transaction (continued)

The Company intends to return these contributions plus applicable earnings to the affected participants' accounts as soon as administratively possible, and will file Form 5330, Return of Excise Taxes Related to Employee Benefit Plans for the related excise taxes. Additionally, the Company intends to file a submission with the Department of Labor's Voluntary Fiduciary Correction Program with a proposed correction of this error. A receivable totaling \$139,870 related to the nonexempt transaction is included in the statement of net assets available for benefits as of December 31, 2022, with the corresponding income included in participant contributions and employer contributions totaling \$102,751 and \$37,119, respectively, on the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Note 12 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial financial statements	\$ 8,607,462	\$ 9,305,999

Net assets available for benefits per Form 5500	<u>\$ 8,442,301</u>	<u>\$ 9,305,999</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2022, to Form 5500:

	<u>2022</u>
Net decrease per the financial statements	\$ (698,537)
Other - nonexempt prohibited transactions	(139,870)
Deemed distributed notes receivable from participants	<u>(25,291)</u>
Net loss per Form 5500	<u>\$ (863,698)</u>

Note 13 – Subsequent Event

During September 2023, the Company self-corrected the 2018 through 2020 delinquent participant contributions and note repayments (Note 9) by making a qualified non-elective contribution to the affected participants' accounts to compensate those participants for potential lost income due to the delays.
