Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
Alabama AGC 401(k) Multiple Employer Plan
Irondale, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Alabama AGC 401(k) Multiple Employer Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALABAMA AGC 401(k) MULTIPLE EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Alabama AGC 401(k) Multiple Employer Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2019, as a multiple employer defined contribution plan. The Plan was amended and restated on January 1, 2022 to comply with certain tax legislation. The Plan is sponsored by the Alabama Associated General Contractors (the Association, Sponsor, or Sponsoring Employer) covering eligible employees of the Association and Adopting Employers (Participating Employers) who are also members of the Association. With the consent of the Sponsor, an Adopting Employer may adopt the Plan and become part of the Plan by executing an adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each Adopting Employer may designate the parameters for eligibility requirements and participation in the Plan as well as employer contributions, if any. Eligible employees of the Sponsor and Adopting Employers may enter the Plan on various dates coinciding with or following the date on which the employees meet the eligibility requirements elected by their Adopting Employer.

Contributions

Each year, participants may contribute an amount of annual compensation as elected by their Adopting Employer, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their contribution percentages at any time or may elect to completely suspend contributions at any time. Roth 401(k) deferrals are allowed under the Plan, if elected by Adopting Employers.

Each Adopting Employer elects the level of safe harbor, matching, and/or profit-sharing contributions. Adopting Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Adopting Employer contributions for the year ended December 31, 2022 totaled \$364,344. Adopting Employer contributions are invested in funds in accordance with the participant's direction and Plan provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of: (a) their Participating Employer's contributions, as well as allocations of their Participating Employer's profit-sharing contributions, (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their individual voluntary contributions, plus actual earnings or losses thereon, and their Adopting Employer's safe harbor contributions (if any) plus actual earnings or losses, thereon. Vesting in the Adopting Employer discretionary or profit-sharing contributions, if any, made on behalf of a participant, and earnings or losses thereon, is based in accordance with the schedule specified in the corresponding Adopting Employer's adoption agreement. Participant accounts become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce future Adopting Employer's contributions. For the year ended December 31, 2022, no forfeitures were used to pay Plan administrative expenses and reduce Adopting Employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$3,262 and \$2,122, respectively.

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participants' vested account balance. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time. Loans are secured by the balance in a participant's account, and bear interest at local prevailing rates, as determined quarterly from the date of the loan request, ranging from 4.25% - 8.00% at December 31, 2022. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by the way of a financial hardship, as defined, or at any time on or after age 59½.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan investment assets. Certain administrative expenses of maintaining the Plan are paid directly by the Participating Employers and are not reflected in these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

ALABAMA AGC 401(k) MULTIPLE EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Payment of benefits

The Plan records benefits when paid.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make scheduled repayments and the Plan Administrator deems the note receivable to be in default, the note receivable is reduced, and a benefit payment recorded.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from such estimates and those differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Plan administration

The management and administration of the Plan is the responsibility of the Sponsor and its designee. The Sponsor has contracted with Transamerica Financial Life Insurance Company (Transamerica or the Custodian) to provide custodian services and its affiliate, Transamerica Retirement Solutions (TRS) provides recordkeeping services to the Plan. Transamerica invests cash received, interest and dividend income and makes distributions to participants, as directed by each participant. Transamerica has substantially all responsibility for investment, reinvestment, control, and disbursement of the funds of the Plan.

National Professional Planning Group (NPPG) is the third-party administrator and servicing agent to perform certain reporting and administrative functions, as well as accounting for participant information.

ALABAMA AGC 401(k) MULTIPLE EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Plan expenses

The Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Sponsor and/or Adopting Employers and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, custodian, and third-party administrator fees. Certain participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan Administrator has determined it does not have any positions at December 31, 2022 that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Transamerica Financial Life Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment income and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
---------	---

ALABAMA AGC 401(k) MULTIPLE EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2022 and 2021. During the year ended December 31, 2022, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the value methodology used for assets measured at fair value:

Pooled separate accounts - Valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value, measured on a recurring basis as of December 31, 2022 and 2021:

Fair Value Measurements at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 8,557,534	\$ -	\$ 8,557,534
Fair Value Measurements at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 10,484,162	\$ -	\$ 10,484,162

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive guaranteed investment contract with Transamerica (the issuer) in the Transamerica Stable Value Core Account (Stable Value Core Account). Contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

ALABAMA AGC 401(k) MULTIPLE EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 5 – Guaranteed Investment Contract with Insurance Company, Continued

The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the year ended December 31, 2022 was 0.90%. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract.

The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Transamerica and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of Transamerica.

Note 6 – Party-In-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Principal Employer, Adopting Employers, and certain others. The Plan's investments include shares of pooled separate accounts and a guaranteed investment contract issued, managed, and administered by Transamerica, with recordkeeping services provided by an affiliate of Transamerica. Therefore, transactions with Transamerica and its affiliates qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transactions rules.

Fees paid directly by the Plan to Transamerica and the Plan's third-party administrator, NPPG, are for administrative services and qualify as party-in-interest transactions. Additionally, Transamerica collects revenue sharing from the Plan's investments to pay for administrative and recordkeeping services.

Certain administrative functions are performed by officers and employees of the Sponsor. No officer or employee receives compensation from the Plan for these services.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

ALABAMA AGC 401(k) MULTIPLE EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor or Participating Employers have the right under the Plan to discontinue its contributions at any time, Participating Employers may withdraw from participation under the Plan, and the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. Although the Sponsor and Participating Employers have not expressed the intent to do so, in the event of Plan termination, participants would become 100% vested in their account.

Note 9 – Plan Transfers

In the normal course of business, the Plan Sponsor adds Adopting Employers, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, in conjunction with the Adopting Employer's adoption of the Plan. Likewise, as Adopting Employers may leave the Plan and adopt different qualified plans, and assets attributable to these outgoing Adopting Employers and related participant accounts are transferred out of the Plan.

Note 10 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adoption; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 – Delinquent Participant Contributions

During the years ended December 31, 2021 and 2020, participant contributions and loan repayments totaling \$10,085 and \$19,886, respectively, were not timely remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. The Sponsor and Participating Employers are in the process of correcting these transactions.

Note 12 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2022 through October 16, 2023, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
