REPORT

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
North Atlanta Primary Care 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of North Atlanta Primary Care 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of North Atlanta Primary Care 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Atlanta Primary Care 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Atlanta Primary Care 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North Atlanta Primary Care 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North Atlanta Primary Care 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

North Atlanta Primary Care 401(k) Plan

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the North Atlanta Primary Care (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company except for certain employees covered under collective bargaining agreements and non-resident aliens. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees of the Plan are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitoring investment performance.

Plan assets are held by both Empower Trust Company, LLC (Empower), the qualifying institution which provides a certification, and Morgan Stanley Smith Barney, LLC (Morgan Stanley), which holds participant self-directed brokerage accounts, which does not provide a certification. These custodians invest contributions and Plan earnings and make investment transactions as directed by the Trustees. Empower Retirement LLC provides record keeping services of the non-self-directed brokerage accounts. FuturePlan provides recordkeeping services for the self-directed brokerage accounts and recordkeeping services at the Plan level. FuturePlan also acts as the third-party administrator for the Plan and performs certain plan administration and annual ERISA compliance testing.

On December 29, 2020, North Atlanta Primary Care (NAPC), completed a reorganization and certain employees of NAPC became employees of Southeast Primary Care Partners, LLC, an affiliate of NAPC. The reorganization had no effect on the employees' eligibility to participate in the Plan. Moreover, effective December 29, 2020, Southeast Primary Care Partners, LLC adopted the Plan and became a participating employer in the Plan.

Eligibility

Employees are eligible to make deferral contributions on the first day of each calendar month once they are 21 years of age and have completed three consecutive months of service with the Company.

Contributions

Each year, participants may contribute up to 100% of their pretax annual eligible compensation, as defined in the Plan, not to exceed the amount allowed by law for income tax purposes. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3%, with an automatic 1% per year escalation up to 6% of compensation, and their contributions invested in a designated balanced fund until changed by the participant.

North Atlanta Primary Care 401(k) Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (continued)

The Company contributes a non-discretionary safe harbor matching contribution of 100% of employee deferrals up to 1% of compensation and 50% of employee deferrals over 1%, up to 6% of compensation. The Company may make a discretionary profit sharing contribution as determined by the board of directors of the Company. For the year ended December 31, 2022, there were no discretionary profit sharing contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of Plan earnings, and is charged with withdrawals. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings is based on a five year grading scale. Participants are immediately vested upon disability or death while employed by the Company.

Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Benefit Payments

On termination of service, death, or disability, a participant or beneficiary receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for benefit payments to be made in either periodic installments, annuities or designated sums from time to time as elected by the Participant. In-service withdrawals are allowed if the participant has reached certain age and vesting requirements, as defined by the Plan. If the participant's account balance exceeds \$1,000, the distribution need not commence prior to attainment of normal retirement age unless the participant elects otherwise.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$20,434 and \$27,537 respectively. These accounts will be used to reduce future employer contributions. Also, in 2022, employer contributions were reduced by \$44,603 from forfeited nonvested accounts.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Distributions to participants are recorded when paid.

North Atlanta Primary Care 401(k) Plan Notes to Financial Statements

Note 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. Investment related expenses are included in net depreciation of fair value of investments. During the year ended December 31, 2022, expenses of \$92,588 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued October 16, 2023, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by the qualified institution:

- a) Investments, at fair value, included in the statements of net assets available for benefits at December 31, 2022 and 2021 as broken out in the table below.
- b) Investment income and net depreciation in fair value of investments information included in the statement of changes in net assets available for benefits for the year ended December 31, 2022 as broken out in the table below.
- c) All amounts included in Note 4, *Fair Value Measurements*.
- d) Certain information included in the supplemental schedule of assets (held at end of year) as of December 31, 2022.

North Atlanta Primary Care 401(k) Plan Notes to Financial Statements

Note 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION (Continued)

Statements of net assets available for benefits and statement of changes in net assets available for benefits are as follows:

<i>December 31,</i>	2022	2021
Statements of net assets available for benefits		
Investments, at fair value	\$ 7,087,621	\$ 6,681,106
Statement of changes in net assets available for benefits		
Interest and dividends	\$ 737,131	
Net depreciation in fair value of investments	\$ (1,945,880)	

The self-directed brokerage accounts, described in Note 4 below, are held at Morgan Stanley Smith Barney, LLC (Morgan Stanley), who does not provide a certification.

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

North Atlanta Primary Care 401(k) Plan Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Money market funds (also held in the Self Directed Brokerage Accounts): Valued at the NAV of shares held by the Plan at year-end or reported in the active market where the fund is traded on a daily basis.

Common and preferred stocks (held in the Self Directed Brokerage Accounts): Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest account: Guaranteed interest accounts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (See Note 5). Fair value is defined as the liquidation value of the investment, which includes retirement, death, disability, termination of employment and loans. The fair value / liquidation value is equal to the book value as defined in the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2022				
Self-directed brokerage accounts	\$ 3,911,847	\$ -	\$ -	\$ 3,911,847
Mutual funds	6,781,236	-	-	6,781,236

Guaranteed interest account	-	306,385	-	306,385
Total investments at fair value	\$ 10,713,517	\$ 306,385	\$ -	\$ 11,019,902

North Atlanta Primary Care 401(k) Plan Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2021</i>				
Self-directed brokerage accounts	\$ 5,568,070	\$ -	\$ -	\$ 5,568,070
Mutual funds	6,360,707	-	-	6,360,707
Guaranteed interest account	-	320,399	-	320,399
Total investments at fair value	\$ 11,928,777	\$ 320,399	\$ -	\$ 12,249,176

Note 5: GUARANTEED INTEREST ACCOUNT WITH INSURANCE COMPANY

The Plan entered into a guaranteed interest account with Massachusetts Mutual Life Insurance Company (MMLIC) totaling \$308,086 for 2022 and \$320,399 for 2021. The account is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The fair value of the guaranteed interest account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Note 6: TAX STATUS

Effective January 1, 2016, the Plan was restated to incorporate amendments to the prior plan document and to adopt the Swerdlin & Company Volume Submitter Profit Sharing Plan with CODA. The IRS has determined and informed Swerdlin & Company by a letter dated September 30, 2014, that the Volume Submitter plan was designed in accordance with the applicable regulations of the IRC as a tax-exempt entity. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

North Atlanta Primary Care 401(k) Plan

Notes to Financial Statements

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Reliance and Morgan Stanley are the custodians of the Plan and certain Plan investments are managed by Reliance and Morgan Stanley and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2022, investment advisory and management fees of \$92,588 were paid to the custodians and recordkeepers.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9: PLAN COMPLIANCE

The Company determined that certain participant contributions had not been remitted to the Plan in a timely manner, according to DOL regulations. The amounts reported were \$142,492 and \$106,564 for the years ended December 31, 2022 and December 31, 2021, respectively. Although these remittances were made during the plan years, they fell outside the normal processing time the Company allows. For the 2022 amounts, the Company will calculate lost earnings and deposit these funds into the Plan during 2023. For the 2021 amounts, the Company calculated and deposited lost earnings in 2022. The lost earnings are immaterial and thus not included in the accompanying financial statements.

The Company determined that for the years ended December 31, 2022 and December 31, 2021, the correct definition of Plan compensation was not applied to participant contributions and employer contributions, which resulted in participant deferral elections not being applied to bonus, PTO, and various other pay codes. The Company is in the process of calculating corrections and lost earnings to be remitted to the Plan.
