Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of James Baker Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees may enter the Plan the first day of the month following the date in which they meet the eligibility requirements.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company contribute up to 100% of eligible compensation, as defined in the plan document. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes discretionary matching contributions as determined by the Company's Board of Directors. The Company also makes safe harbor nonelective contributions of 3% of the employee's eligible compensation and discretionary profit-sharing contributions as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts and Investment Account Options

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and plan net investment income or loss and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants are allowed to direct the investment of their contributions among numerous funds offered by the Plan or self-direct in certain investment options of their choosing. Fund allocation changes can be made daily. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer matching contributions and profit-sharing contributions vest to the participant 100% after six years of service. Employer safe harbor nonelective contributions are immediately vested. Forfeitures are used to reduce any future company contributions or administrative expenses.

Notes to Financial Statements
December 31, 2022 and 2021

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan repayment term is for a period not to exceed five years, except for loans used to acquire a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a rate of prime plus 2%. Principal and interest are paid through bi-weekly payroll deductions.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$1,500 and \$800, respectively. These accounts will be used to reduce future employer contributions and pay plan expenses. Also, in 2022 and 2021, approximately \$1,200 and \$4,300, respectively, of plan expenses were paid from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of

James Baker Group, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds and money market mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Self-directed brokerage accounts primarily consist of mutual funds, common stock, certificates of deposit, and municipal and government bonds. Mutual funds in the self-directed brokerage accounts are valued at the daily closing price as reported by the fund. Common stock is valued on the basis of the closing price reported on the active market on which the individual securities are traded. Certificates of deposit and municipal and government bonds are traded in the over-the-counter market and are valued at the average of the last reported bid and ask prices.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Certifications of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified

James Baker Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021, except for the fixed annuity contracts.
- Investment income, except interest income from fixed annuity contracts, and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021
- Investment information, except for the fixed annuity contracts, and notes receivable from participants included in the schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule, except for the fixed annuity contract.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in shares of mutual funds and money market mutual funds and self-directed brokerage accounts offered by the Plan's trustee, Fidelity; therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are paid to certain participating employers in the Plan and approximated \$174,000 and \$147,000 during 2022 and 2021, respectively. The plan sponsor pays directly any other fees related to the Plan's operations.

The Plan paid approximately \$7,000 and \$13,000 of record-keeping and related trust fees to Fidelity during 2022 and 2021, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

James Baker Group, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
2022				
Mutual funds	\$ 12,811,167	\$ 12,811,167	\$ -	\$ -
Self-directed brokerage accounts	<u>41,293,198</u>	<u>37,607,419</u>	<u>3,685,779</u>	<u>-</u>
	<u>\$ 54,104,365</u>	<u>\$ 50,418,586</u>	<u>\$ 3,685,779</u>	<u>\$ -</u>
2021				
Mutual funds	\$ 14,371,079	\$ 14,371,079	\$ -	\$ -
Self-directed brokerage accounts	<u>46,767,570</u>	<u>45,173,838</u>	<u>1,593,732</u>	<u>-</u>
	<u>\$ 61,138,649</u>	<u>\$ 59,544,917</u>	<u>\$ 1,593,732</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset

James Baker Group, Inc. 401(k) Plan

Notes to Financial Statements

pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. There were no investments considered to be Level 3 at December 31, 2022 or 2021.

Note 6: Fixed Annuity Contracts with Insurance Company

The Plan entered into fully benefit-responsive investment contracts with Allianz Life Insurance Company of North America (Allianz). Allianz maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Allianz is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by Allianz, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The fixed annuity contracts do not permit Allianz to terminate the agreements prior to the scheduled maturity dates.

The carrying value of guaranteed investment contracts considered traditional investment contracts was \$1,163,919 and \$685,414 at December 31, 2022 and 2021, respectively.

Note 7: Tax Status

The Plan operates under a volume submitter defined contribution profit-sharing and 401(k) plan. The basic plan document and its adoption agreement are sponsored by the Plan's current trustee, Fidelity. The volume submitter plan document was filed with the appropriate agency and an opinion letter dated March 31, 2014 from the Internal Revenue Service was obtained stating the defined contribution plan constitutes a qualified plan under Section 401 of the Internal Revenue

James Baker Group, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Code (IRC) and the related trust was tax-exempt as of the date of the opinion letter. The Plan has been amended subsequent to the date of the opinion letter. However, the plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC and the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 8: Plan Amendment

On March 28, 2022, the Plan signed a restated adoption agreement effective April 28, 2022. This restatement brought the Plan into compliance with the restatement cycle Post-PPA (Cycle 3).

On November 22, 2022, the Plan signed an amendment regarding automatic deferral elections effective January 13, 2023. Beginning on this date, newly eligible employees will be automatically enrolled at a 2% deferral rate as pre-tax deferrals. There will be a 35 day notice period where employees will have the opportunity to opt-out or modify the deferral election.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 10: Delinquent Participant Contribution

The Company determined that it failed to remit participant contributions totaling \$39,955 to the Plan on a timely basis for the year ended December 31, 2022, which have not yet been corrected. The Company is in the process of remitting the contributions and remitting calculated lost earnings. These amounts are listed as Contributions Not Corrected on the Schedule of Delinquent Participant Contributions.

Note 11: Reconciliation of Financial Statements to Form 5500

Note 12: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 13: Subsequent Events

Subsequent events have been evaluated through October 16, 2023, which is the date the financial statements were available to be issued.
