Plan Administrator
the PETROCHOICE HOLDINGS, INC. 401 (K) Plan
King of Prussian, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of PetroChoice Holdings, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PetroChoice Holdings, Inc., 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021 stating that the certified investment information, as described in Supplemental Information to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABC Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PetroChoice Holdings, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PetroChoice Holdings, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PETROCHOICE HOLDINGS, INC. 401(k) Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the PetroChoice Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Users of these financial statements should refer to the Plan agreement for a more complete description of the Plan's provisions. Any subsequent references to "Company" shall mean PetroChoice Holdings, Inc.

General: The Plan is a defined contribution Plan covering all regular full-time employees, and employees whose regularly scheduled service is 1,000 or more hours of service, who have completed 90 days of service, and are age twenty-one or older, by the next plan entry date. The Plan entry dates are monthly on the first day of the month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may contribute up to 75% of pretax compensation and 100% of bonuses, as defined in the Plan. Contributions are subject to annual deductibility limits specified under the Internal Revenue Code. The annual limitation was \$20,500, or \$27,000 including catch-up, for 2022. Participants may elect all or a portion of their deferrals as Roth Elective Deferrals. The Plan has a provision for automatic deferral of 3% of compensation upon eligibility if the participant has not affirmatively elected a specified deferral amount.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 33 mutual funds as investment options for participants. The Company made and funded a matching contribution to the Plan for each contribution period in an amount equal to 50% of the employee's deferral to eligible employees up to the first 7% of compensation. The Company, at its discretion, can amend the Plan and change the required Company contribution percentage. The Plan does not have a provision for employer profit sharing contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service for each year he/she performed 1000 hours of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The Plan allows up to three outstanding loans at one time. The loans are secured by the balance in the participant's account. Interest rates on notes receivable from participants range from 3.25 percent to 6.50 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: On termination of service a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a roll-over distribution. If the participant's account balance is \$5,000 or less, a lump-sum distribution is required, and participant consent is not required.

Employees with five or more years of service are entitled to retirement benefits beginning at normal retirement age, 59 1/2 years. Employees who attain 55 years of age and have 6 or more years of service may elect early retirement.

In-service distributions may be made to a Participant who has not separated from service provided the Participant has attained age 59 1/2. Hardship withdrawals are permitted if certain criteria are met.

Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN (continued)

Termination: Upon termination of employment participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. For the year ended December 31, 2022 and 2021 forfeited non-vested accounts totaled \$81,961 and \$283,280 respectively. These accounts are used to reduce future employer contributions. Forfeitures used to reduce Company contributions for 2022 and 2021 were \$81,961 and \$283,280, respectively.

Administrative Expenses: Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees and recordkeeping fees are allocated to participant accounts and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Amendments: The Administrative Services Agreement was amended December 1, 2014 to establish the use of an ERISA Budget Account for revenue sharing funds and payment of plan expenses.

A plan amendment was adopted effective August 1, 2015 which changed the Plan name from PetroLiance L.L.C. 401(k) Plan to PetroChoice Holdings L.L.C. 401(k) Plan; increased the length of service requirement from 2 months to 90 days; increased the participant allowable contribution maximum from 50% to 75% of pretax compensation; decreased the employer matching contributions from up to the first 8% of compensation and not more than 50% of the employee's deferral, to up to the first 7% of compensation and not more than 50% of the employee's deferral; recognizes service with companies acquired by PetroChoice; removed the benefit payment provision for participants who become disabled; and added an early retirement provision.

A plan amendment was adopted effective May 1, 2016 which changed the Plan name from PetroChoice Holdings L.L.C. 401(k) Plan to PetroChoice Holdings, Inc. 401(k) Plan.

The plan amendment adopted on January 27, 2017 stated that the former employees of Universal Lubricants, LLC and Guarantee Oil Company retained by the Company as of May 2, 2016 shall be automatically enrolled in the Plan effective May 2, 2016 or as soon as administratively possible thereafter. In addition, former employees of Miller Industrial Fluids, LLC retained by the Company as of January 27, 2017 shall be automatically enrolled in the Plan effective January 27, 2017 or as soon as administratively possible thereafter.

To fulfill its fiduciary obligations with respect to the Plan, the Investment Committee (the "Named Fiduciary") has appointed an ERISA 3(38) Investment Manager who will employ a logical and diligent process to select a menu of investment options that will provide Plan participants with the range of choices necessary to assist them in meeting their retirement needs, and protection against excessive investment risk. The change from a 3(21) to a 3(38) ERISA Investment Manager was effective as of August 3, 2018.

A plan amendment adopted effective January 1, 2019 stated with regards to the True-up Election, employer matching contributions will be determined separately for each determination period and will be recalculated based on the ratio of Elective Deferrals to Compensation for the Plan Year. True-up contributions will be made accordingly with respect to all Participants who are eligible to receive Company matching contributions during the Plan Year.

A plan amendment adopted effective May 6, 2019 stated that the former employees of Superior Petroleum Products, Inc. shall be eligible to participate in the Plan upon meeting the initial Plan eligibility requirements based on their combined service with both Superior Petroleum Products, Inc. and the Company.

A plan amendment was adopted effective September 9, 2019 with regards to the Company's address and telephone number. This amendment changed the address for the Company to 640 Freedom Business Center Drive Suite 400, King of Prussia, PA, 19406. The Company's new telephone number is (267) 607-5127.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Plan Amendments (continued):

A plan amendment adopted effective January 15, 2020 stated that the former employees of Commercial Distributing, Inc. shall be eligible to participate in the Plan upon meeting the initial Plan eligibility requirements based on their combined service with both Commercial Distributing, Inc. and the Company.

A plan amendment adopted effective May 1, 2020 stated that the Company suspended the Employer Matching Contribution. The amendment also allows for the addition of a 3rd loan to a participant with a minimum loan amount of \$500.00.

A plan amendment adopted effective June 1, 2021 stated that the plan shall set a minimum true-up contribution threshold of \$35.00. Thus only eligible employees with a true-up contribution amount of \$35.00 or more shall receive the true-up contribution allocation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fully Benefit-Responsive Investment Contracts: Investment contracts held by a defined contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution Plan which are attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value relating to the investment contracts. The Statement of Net Assets Available for Benefits are prepared on the contract basis. The adjustment from fair value to contract value was \$0 at December 31, 2022 and December 31, 2021. The fair value of the Plan's interest in the funds was based on information reported by the issuer of the common/collective trust at year end. The contract value of the fund represents contributions plus earnings, less participant withdrawals and administrative expenses. The average yield of the underlying investment contracts was 4.334% and 6.218% in 2022 and 2021, respectively. The average yield credited to participants in 2022 and 2021 was 4.816% and 5.597% respectively.

Investment Valuation and Income Recognition: Except as noted above, investments are reported at fair value and are measured by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Participant Loans Receivable: Participant loans receivable are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE

The Plan administrator has elected the method of annual report compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, effective July 1, 2016, has certified to the completeness and accuracy of all investments, at fair value; the adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts; notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits, the Schedule of Assets (Held at End of Year) as of December 31, 2022; and the investment income (loss) components, interest income from participant notes receivable, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

NOTE 4 - INVESTMENTS

The following table presents the fair value of investments that represent 5% or more of the Plan’s net assets at December 31, 2022 and 2021 as follows:

	<u>2022</u>	<u>2021</u>
Registered Investment Companies:		
Alger Capital APPR Instit-I	2,295,359	3,623,248

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair market value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ▪ Quoted prices for similar assets or liabilities in active markets; ▪ Quoted prices for identical or similar assets or liabilities in inactive markets; ▪ Inputs other than quoted prices that are observable for the asset or liability; ▪ Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of registered investment companies: Investments in shares of registered investment companies are reported at fair value based on the quoted market prices of the funds, which represent the asset value of shares held by the Plan at year-end.

Shares of common/collective trusts: Investments in shares of common/collective trusts are reported at fair value based on the quoted market prices of the funds, which represent the asset value of shares held by the Plan at year-end.

Participant Loans: Participant loans are reported at their unpaid principal balance.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

All investments in the Statement of Net Assets Available for Benefits are reported at fair value. The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and December 31, 2021, respectively.

Assets Measured at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

Total Assets at Fair Value	<u>\$ 38,730,161</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 38,730,161</u>

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - PLAN MERGER

There were no plan mergers during the period January 1, 2022 – December 31, 2022.

NOTE 8 – DOL LIMITED SCOPE AUDIT

The DOL's Rules and Regulations for Reporting and Disclosure under ERISA allow for a limited scope audit with respect to investment information prepared and certified by a certified institution. The limited scope exemption applies only to the investment information and does not extend to participant data, contributions, benefit payments, and other information.

NOTE 9 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan is a prototype non-standardized profit-sharing plan with CODA that received a favorable opinion advisory letter from the IRS dated July 16, 2014. The Plan has been amended since receiving the determination and advisory letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 10 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held and managed by Reliance Trust Company. These investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in the net appreciation in fair value of the investment; as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments for fees that amounted to \$0 for the years ended December 31, 2022 and 2021, respectively. Revenue sharing funds received amounted to \$10,648 and \$78,468 for the years ended December 31, 2022 and 2021, respectively. The fees paid through revenue sharing funds amounted to \$17,763 and \$83,939 for the years ended December 31, 2022 and 2021, respectively.

Recordkeeping services are provided by ADP Retirement Services. These services qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services are allocated to participant accounts as appropriate. The Plan made direct payments for fees that amounted to \$66,535 and \$58,296 for the years ended December 31, 2022 and 2021, respectively.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 13 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

Objectives of the Stable Value Fund

The Fund's key objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan.

Nature of Investment Contracts

To accomplish the objectives outlined above, the Fund invests primarily in investment contracts such as traditional guaranteed investment contracts (GICs), separate account insurance contracts and wrapper contracts (also known as synthetic GICs). In a traditional GIC, the issuer takes a deposit from the Fund and purchases investments that are held in the issuer's general account. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the Fund. In a separate account insurance contract, the underlying investments are segregated from the insurance company's general account in a Separate Account (SA) set up specifically for the plan or a group of plans. The Fund purchases a contract from an insurance company and that contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the Fund for the underlying investments). The issuer of the contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

In a wrapper contract structure, the underlying investments are owned by the Fund and held in trust for plan participants. The Fund purchases a wrapper contract from an insurance company or bank. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate. The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

Calculating the Interest Crediting Rate in Wrapper Contracts

The key factors that influence include:

- The level of market interest rates
- The amount and timing of participant contributions, transfers, and withdrawals into/out of the contract
- The investment returns generated by the fixed income investments that back the contract
- The duration of the underlying investments backing the contract

Separate Account and wrapper contracts' interest crediting rates are typically reset on a monthly or quarterly basis. While there may be slight variations from one contract to another, most contracts use a formula that is based on the characteristics of the underlying fixed income portfolio:

$$CR = [(1 + YTM) \times (MV/CV)^{1/Dur} - 1] - F$$

Where: CR = Contract interest crediting rate

YTM = Yield to maturity of underlying investments

MV = Market value of underlying investments

CV = Contract value (principal plus accrued interest)

Dur = Duration of the portfolio

F = Contract fees

Over time, the crediting rate formula amortizes the Fund's realized and unrealized market value gains and losses over the duration of the underlying investments.

PETROCHOICE HOLDINGS, INC. 401(k) Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 13 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS (continued)

Because changes in market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the contract's interest crediting rate. In addition, participant withdrawals and transfers from the Fund are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate. The resulting gains and losses in the market value of the underlying investments relative to the contract value are represented on the Fund's Statement of Assets and Liabilities as the "Adjustment from Fair Value to Contract Value". If the Adjustment from Fair Value to Contract Value is positive for a given contract, this indicates that the contract value is greater than the market value of the underlying investments. The embedded market value losses will be amortized in the future through a lower interest crediting rate than would otherwise be the case. And if the Adjustment from Fair Value to Contract Value figure is negative, this indicates that the contract value is less than the market value of the underlying investments. The amortization of the embedded market value gains will cause the future interest crediting rate to be higher than it otherwise would have been.

All contracts provide for a minimum interest crediting rate of zero percent. In the event that the interest crediting rate should fall to zero and the requirements of the contract are satisfied, the issuers will pay to the plan any withdrawal shortfall needed for participants to maintain principal and to maintain the interest crediting rate at zero. This helps to ensure that participants' principal and accrued interest will be protected.

Events That Limit the Ability of the Fund to Transact at Contract Value

In certain circumstances, the amount withdrawn from the contract would be payable at fair value rather than at contract value. These events include termination of the plan, a material adverse change to the provisions of the plan, if the employer elects to withdraw from a contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the contract issuer's underwriting criteria for issuance of a clone contract.

The events described above that could result in the payment of benefits at fair value rather than contract value are not probable of occurring in the foreseeable future.

Issuer-Initiated Contract Termination

Examples of events that would permit a contract issuer to terminate a contract upon short notice include the plan's loss of its qualified status, un-cured material breaches of responsibility, or material and adverse changes to the provisions of the plan. If one of these events was to occur, the contract issuer could terminate the contract at the market value of the underlying investments (or in the case of a traditional GIC, at the hypothetical market value based upon a contractual formula).

NOTE 14 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
