INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Promesa, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Promesa, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Promesa, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Promesa, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Promesa, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Promesa, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Promesa, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Promesa, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Effective as of January 1, 2012, the Board of Directors of Promesa, Inc. authorized and directed the transfer of certain non-union participant Plan assets from the Promesa, Inc. 401(k) Profit Sharing Plan into the Promesa Management Plan.

Participants are allowed to transfer between this Plan and any other plan under the Acacia Network.

General

The Plan was adopted and became effective in 1989 and is designed to provide retirement, disability, and death benefits to employees of Promesa, Inc. and its related entities (the “Employer”). The Plan is a defined contribution plan to which participants, who have attained eligibility, as defined in the Plan documents, can make contributions to an account held in the participant’s name. With this type of plan, the retirement benefit the participant receives depends on his or her investment selection and on the investment performance of the amounts that are in his or her account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Contributions

Employees are automatically enrolled into the Plan once eligible at a deferral rate of 2% unless the employee elects not to participate. Employees become eligible once they attain the age of 21 and complete one hour of service within the three-month time period following the employee’s employment commencement date. An eligible employee who elects to participate may make contributions to the Plan through payroll deductions on a pre-tax basis up to the limits prescribed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Any participant, age 50 or over, may make an additional “catch-up” contribution as determined by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Plan provides for discretionary matching contributions and a non-elective profit sharing contribution at the discretion of the Employer.

Discretionary Matching Contributions

The Plan provides for a discretionary matching contribution whereby the Employer has the option to contribute 100% of the amount the participant contributes to the Plan. For the year ended December 31, 2022, no Employer matching contributions were made.

Discretionary Non-Elective Profit Sharing Contribution

The Plan also provides for a non-elective profit sharing contribution. Amounts may be contributed at the option of the Employer’s management and are invested in the participant’s portfolio of investments as previously determined by the participant. In order to qualify for the profit sharing contribution, a participant must work at least 1,000 hours during the Plan year and be employed on the last day of the Plan year. Contributions are subject to certain limitations. For the year ended December 31, 2022, the Employer elected to make a discretionary contribution of \$1,198,895, of which \$56,514 was funded from forfeitures.

Notes to Financial Statements
December 31, 2022 and 2021

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with the participant's pre-tax contributions, the Employer contributions, if any, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Prior to the retirement age of 59½, distributions and withdrawals are not permitted from the Plan except in the instances of death, disability, hardship, or termination of employment. A participant may choose to have his or her benefit distributed upon retirement. If a participant works past the normal retirement date, payment of benefits can be deferred. On termination of service due to death, disability, or retirement, a participant or his or her estate will receive 100% of his or her account balance as a lump-sum distribution. The beneficiary of any participant with accrued benefits in the Plan is entitled to 100% of such benefits. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at fixed interest rates based on 1% above the New York prime rate as reported in *The Wall Street Journal* at the time the loan was originated. Principal and interest are paid ratably through payroll deductions. The loans bear interest at rates ranging from 4.25% to 8.50% with maturities through 2032.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion on their accounts is based on years of credited service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Promesa, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Forfeitures of nonvested Employer contributions will be used first to reduce Employer contributions and then to reduce Plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$19,475 and \$13,210, respectively. Forfeitures of \$21,115 were applied to Employer contributions during 2022.

Administrative Expenses

The expenses necessary to administer the Plan are either paid by the Employer or allocated to each participant at the Employer's option. They include, but are not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor. All expenses except for account maintenance fees, transaction fees, loan origination fees, and investment fund management fees have been paid by the Employer. Certain investment-related expenses incurred by the trustee and registered investment companies are absorbed in investment income and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Promesa, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for identical assets in inactive markets or for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented these financial statements.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end. NAV is a quoted price in an active market.

Money Market Fund: Money market fund is valued at quoted market prices in an active market, which is the NAV of the funds.

Common/Collective Trusts: Common/collective trusts ("CCT") are valued at NAV, which is based on the fair value of the underlying investments of the CCT, less any liabilities. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies used in December 31, 2022 and 2021. There were no transfers between Levels 1, 2, and 3 for the periods presented.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	2022			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,079,440	\$ -	\$ -	\$ 1,079,440

Promesa, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	2021			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 606,751	\$ -	\$ -	\$ 606,751
Mutual funds	18,215,047	-	-	18,215,047
	<u>\$ 18,821,798</u>	<u>\$ -</u>	<u>\$ -</u>	18,821,798
Common/collective trusts, at NAV*				1,887,435
Investments at fair value				<u>\$ 20,709,233</u>

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize investments for which fair value is measured using the NAV per share as practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2022

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Reliance Trust Company (the "trustee"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021.

The following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was prepared from reports certified by the trustee:

	<u>2022</u>	<u>2021</u>
Investments, at fair value (Note 3)	\$ 17,560,693	\$ 20,709,233
Notes receivable from participants	\$ 1,583,905	\$ 1,447,184
Investment income		
Net depreciation in fair value of investments	\$ (5,017,158)	
Interest and dividends	\$ 1,204,881	
Interest on notes receivable from participants	\$ 70,315	

5. TERMINATION OF THE PLAN

The Employer intends to continue the Plan indefinitely; however, the Employer reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. If a termination takes place, the participant will have a 100% vested and non-forfeitable interest in all of the amounts in his or her account. These amounts may be distributed to the participant at that time or may be distributed in accordance with the benefit distribution rules.

6. INCOME TAX STATUS

The Plan adopted a Prototype Non-standardized Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on October 6, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. In addition, there have been no tax-related interest or penalties for the periods presented in these financial statements.

Promesa, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

7. PARTY-IN-INTEREST TRANSACTIONS

ADP Retirement Services provides record keeping services to the Plan, and is a subsidiary of Reliance Trust Company, which is the Trustee as defined in the Plan. Transactions with these providers qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the record keeper amounted to \$34,642 for the year ended December 31, 2022. The notes receivable from participants also qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan prepares the financial statements on the accrual basis of accounting, which includes recording contributions receivable as of the end of the year. However, the IRS Form 5500 does not require the use of the accrual basis of accounting, and, as such, the Plan sponsor prepares the IRS Form 5500 on the cash basis of accounting. Accordingly, the IRS Form 5500 does not include Employer contributions receivable as of the end of the year.

The net assets available for benefits on the financial statements were greater than reported on Form 5500 due to the following at December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per financial statements	\$ 20,291,525	\$ 23,246,149
Accrual basis adjustments		
Employer contributions receivable	(1,142,381)	(1,089,732)
Participant contributions receivable	<u>(4,546)</u>	<u>-</u>
Net assets available for benefits reported on Form 5500	<u>\$ 19,144,598</u>	<u>\$ 22,156,417</u>

The following is a reconciliation of the net increase in assets available for benefits per the financial statements for the year ended December 31, 2022 to Schedule H of Form 5500:

Change in net assets available for benefits per financial statements	\$ (2,965,498)
Accrual basis adjustments	
Change in participant contributions receivable	(4,546)
Change in Employer contributions receivable	<u>(52,649)</u>
Change in net assets per Schedule H of Form 5500	<u>\$ (3,022,693)</u>

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of October 10, 2023, which is the date the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.
