ACCOUNTANTS AND CONSULTANTS

Board of Trustees
Magna Health Systems, LLC 401(k) Plan
Bedford Park, Illinois

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Magna Health Systems, LLC 401(k) Plan (the Plan) as of and for the year ended December 31, 2022 and have issued our report thereon dated October 9, 2023. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our audit engagement letter for the audit of the financial statements mentioned above, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

Our responsibility under GAAS has been described to you in our engagement letter dated May 18, 2023. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter. Our engagement letter and communications with governance also communicated to you the planned scope and timing of our audit and identified significant risks, if any.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.

Management and the Trustee have acknowledged our role in providing requested non-audit services and have taken full responsibility for these non-audit services, including drafting the financial statements, assistance with the Plan's accrual basis adjustments, and any other non-audit services. Additionally, management has acknowledged our role in providing requested non-audit services to the Plan Sponsor, including accounting and tax services, and have taken full responsibility for these non-audit services. In the normal course of our professional association with Magna Health Systems, LLC 401(k) Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Qualitative Aspects of the Plans Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

Included in the notes to the financial statements is the methodology used by management to determine Plan estimates. We evaluated the key factors and assumptions used to develop Plan estimates and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to income recognition, risk and uncertainties, and fair value measurements.

Significant Unusual Transactions

We encountered no significant unusual transactions during the performance of the audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no material, corrected financial statement misstatements identified by us. As an accounting service, we assisted your personnel who recorded the Plan's accrual basis adjustments at December 31, 2022, including the employer contributions receivable.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in a letter dated October 9, 2023.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS).

Other Matters (Continued)

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. We obtained and read a substantially complete draft of the Form 5500 prior to the dating of our auditor's report. Material inconsistencies with the information, or manner of its presentation, appearing in the financial statements are included in the financial statement footnote Reconciliation to Form 5500, if any. Our procedures are not sufficient nor are they intended to determine that the Form 5500 is completely and accurately prepared.

Internal Control Matters

Except as discussed in the Our Responsibility in Relation to the Financial Statement Audit section of this letter, in planning and performing our audit of the financial statements of the Plan in accordance with auditing standards generally accepted in the United States of America, we considered the relevant plan provisions and Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with the plan provisions or on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the Plan's compliance with the plan provisions or on the effectiveness of the Plan's internal control.

Our consideration of relevant plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with Plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal controls. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We identified the following deficiency in the Plan's internal control that we determined did not constitute a significant deficiency or material weakness.

Internal Control Matters (Continued)

Segregation of Duties

One individual has control over, and responsibility for, the administration of the Plan. While it may not be possible to employ more individuals, we bring it to your attention to emphasize that a strong system of supervision and review by management is needed to compensate for this weakness. It is important to note that regular and active involvement in supervisory activities is an integral and critical component of the Plan's internal control system.

Observations and Recommendations

This letter also includes comments and suggestions with respect to matters that came to our attention in connection with our audit of the financial statements. These items are offered as constructive suggestions to be considered as part of the ongoing process of modifying and improving the Plan's practices and procedures.

Employer Discretionary and Profit-Sharing Contributions

There is no formal documentation, such as minutes of meetings, maintained for actions taken, if any, by the Plan Sponsor including but not limited to the discretionary employer and profit-sharing contributions. We noted that the discretionary employer and profit-sharing contributions are calculated as a percentage of participants' eligible compensation. We recommend the Plan Sponsor formally document its resolution to provide, or not provide, a discretionary employer and profit-sharing contribution annually. With the significant number of investment failures within benefit plans, the complexity of investment alternatives, and the complexity of tax laws covering the qualifications of the Plan and fiduciary responsibilities of the Plan Sponsor, it is important that the Plan Sponsor adequately document the due diligence its personnel exercise over the operations of the Plan, including documentation of the considerations made when selecting investment alternatives, as well as documentation of the continued monitoring of investment performance against the Plan's objectives.

Audit Requirement and Participant Count Methodology Form 5500 Plan Year Ends Beginning on or after January 1, 2023

Certain changes for the 2023 Form 5500 annual reports were instituted by the U.S. Department of Labor's Employee Benefits Security Administration by a bulletin on February 23, 2023 (effective for plan years beginning on or after January 1, 2023). The key revision relates to a change in the participant-counting methodology for determining eligibility for simplified reporting alternatives available to small plans. The methodology will now be based on the number of participants with account balances, rather than the current method that counts individuals who are eligible to participate even if they have not elected to participate and do not have an account in the plan. We suggest reviewing the audit requirement for the Plan and the participant count methodology during the 2023 Form 5500 preparation process.

Observations and Recommendations (Continued)

Technology and Data Security Risk Assessment and Management

Technology continues to transform business. However, technology is not only changing business, it is changing who and what has access, custody and control over information. As technology advances, it becomes increasingly important to take ownership and maintain accountability over securing sensitive data and information. Further, the DOL has made cybersecurity a priority for Plan Sponsors over the past year and has published guidelines and considerations on their website. Therefore, employee benefit plans need to evolve in the ways that they manage technology and data security. While there is no way to prevent all data breaches, phishing scams or other risks, Plan management can mitigate the Plan's risks with a thorough understanding of cyber-security, data security, privacy, and protection of its information technology. We recommend Plan management consider developing or enhancing its data security risk management plan.

In developing or enhancing the plan, Plan management may want to consider the following (which is not an exhaustive list):

- Risk assessment
- A written policy
- Careful screening and vetting of third party service providers and their security systems
- Management access to systems
- Effective authentication
- Insurance and cyber-insurance
- Red flags
- Education and training of employees and participants on the available cybersecurity features
- Plan for responding to a breach notification
- Properly backing up data
- Encryption of private information
- Separation of work and person cyber activities
- Carefully integrating new technologies
- Continued IT system updates and upgrades
- Review of DOL guidelines, considerations, and recommendations
