INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRAVES, DOUGHERTY, HEARON & MOODY 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, which covers eligible employees of Graves, Dougherty, Hearon & Moody, a professional corporation (Sponsor). The Plan was established effective January 1, 1989 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated in its entirety effective January 1, 2021.

Participation: Effective November 1, 2013, the Plan was amended regarding eligibility. Employees are eligible to immediately begin making salary deferral contributions upon employment as described in the plan document. The Plan has applied an automatic elective deferral enrollment provision. This provision states that if an employee has met the eligibility requirements and fails to provide the employer a salary reduction agreement a portion of such eligible employee's compensation will be automatically withheld and contributed to the Plan for employees hired on or after the effective date. Automatic enrollment for elective deferrals will not apply to eligible employees who fail to return a salary reduction agreement if they were an employee prior to the effective date. The initial amount of automatic elective deferral is 5%. Elective deferrals will be increased by 1% automatically on the first day of each calendar year for employees who are automatically enrolled up to a maximum of 10%.

Contributions: Employees may elect to contribute from 1% to 75% of either pretax or after tax annual compensation, as defined in the Plan, through payroll deductions. Effective July 1, 2000, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

Under the provisions of the Plan, the Sponsor may make contributions at its discretion. If the Plan is a top-heavy plan according to the definition set forth in the plan document and the Sponsor makes discretionary contributions, the Sponsor's contributions shall be allocated based on the discretionary formula; however, if the allocation does not satisfy the top-heavy minimum allocation by design; the contribution shall instead be allocated first to non-key employees having less than the minimum top-heavy allocation in an amount equal to the initial allocation plus any additional amount necessary to provide the top-heavy minimum allocation. The Plan was top-heavy for 2022 and 2021.

Under the provision of the Plan, the Sponsor may also make additional discretionary contributions to the Plan, including contributions to the individual accounts of participants who are not highly compensated employees (within the meaning of Internal Revenue Code (IRC) section 414(q)) in order to satisfy the actual deferral percentage requirements and actual contribution percentage requirements as specified in IRC section 401(k)(3) and 401(m). Total participant contributions in any calendar year are limited to the applicable limit under IRC section 402(g).

Participant Accounts: Each participant's account is credited with the participant's contributions, the Sponsor's contributions, an allocation of Plan earnings (losses), and administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined in the plan document. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Investment Options: Participants elect to have their contributions allocated among various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants. Participants may modify, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting: Participants are fully vested in their contributions plus actual earnings thereon. If employment is terminated before a participant meets the requirements for retirement, the distribution from the employer discretionary accounts will be limited to the participant's vested portion. Vesting in discretionary employer contributions is based on each employee's length of service. A participant will become fully vested after six years of credited service.

Notes Receivables From Participants: Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or not to exceed ten years for home loans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local commercial banks for similar loans.

Payment of Benefits: Participants who terminate employment at normal retirement age (age 65), or due to disability or death, are entitled to receive 100% of the amounts in their plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before age 65, the participant is entitled to 100% of their account's vested balance. If a participant's total vested account balance exceeds \$5,000 as of the distribution date, they may receive a distribution from the Plan as soon as administratively feasible following termination of employment. If the participant does not consent to a distribution of their vested account balance, their balance will remain in the Plan. If a participant's total vested account balance under the Plan is \$5,000 or less as of the distribution date, they will be eligible to receive a distribution of their entire vested account balance in a lump sum as soon as administratively feasible following termination of employment.

If a participant's total vested account balance under the Plan is between \$1,000 and \$5,000 as of the distribution date and they do not consent to a distribution of their vested account balance, their vested benefit automatically will be rolled over to an IRA selected by the Plan Sponsor. If a participant's total vested balance is \$1,000 or less as of the distribution date, their entire vested benefit will be distributed to them in a lump sum, even if they do not consent to a distribution.

Participants who reach age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Forfeitures: When participants separate from service, any amounts that are not vested will be forfeited. Forfeitures may be used to reduce employer contributions to the Plan or to pay Plan expenses.

Administrative Expenses: The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid from the forfeiture account or the Sponsor. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Sponsor has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Sponsor contributions and earnings thereon.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events: The Plan has evaluated subsequent events through October 14, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- *Level 1* – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- *Level 2* – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- *Level 3* – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money Market Fund: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer. (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company.

NOTE 5 –PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor. Certain Plan investments are managed by the Vanguard Fiduciary Trust Company. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by the Vanguard Group. The preapproved profit sharing plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. Although the Plan has been amended from the original pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRAVES, DOUGHERTY, HEARON & MOODY 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, which covers eligible employees of Graves, Dougherty, Hearon & Moody, a professional corporation (Sponsor). The Plan was established effective January 1, 1989 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated in its entirety effective January 1, 2021.

Participation: Effective November 1, 2013, the Plan was amended regarding eligibility. Employees are eligible to immediately begin making salary deferral contributions upon employment as described in the plan document. The Plan has applied an automatic elective deferral enrollment provision. This provision states that if an employee has met the eligibility requirements and fails to provide the employer a salary reduction agreement a portion of such eligible employee's compensation will be automatically withheld and contributed to the Plan for employees hired on or after the effective date. Automatic enrollment for elective deferrals will not apply to eligible employees who fail to return a salary reduction agreement if they were an employee prior to the effective date. The initial amount of automatic elective deferral is 5%. Elective deferrals will be increased by 1% automatically on the first day of each calendar year for employees who are automatically enrolled up to a maximum of 10%.

Contributions: Employees may elect to contribute from 1% to 75% of either pretax or after tax annual compensation, as defined in the Plan, through payroll deductions. Effective July 1, 2000, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

Under the provisions of the Plan, the Sponsor may make contributions at its discretion. If the Plan is a top-heavy plan according to the definition set forth in the plan document and the Sponsor makes discretionary contributions, the Sponsor's contributions shall be allocated based on the discretionary formula; however, if the allocation does not satisfy the top-heavy minimum allocation by design; the contribution shall instead be allocated first to non-key employees having less than the minimum top-heavy allocation in an amount equal to the initial allocation plus any additional amount necessary to provide the top-heavy minimum allocation. The Plan was top-heavy for 2022 and 2021.

Under the provision of the Plan, the Sponsor may also make additional discretionary contributions to the Plan, including contributions to the individual accounts of participants who are not highly compensated employees (within the meaning of Internal Revenue Code (IRC) section 414(q)) in order to satisfy the actual deferral percentage requirements and actual contribution percentage requirements as specified in IRC section 401(k)(3) and 401(m). Total participant contributions in any calendar year are limited to the applicable limit under IRC section 402(g).

Participant Accounts: Each participant's account is credited with the participant's contributions, the Sponsor's contributions, an allocation of Plan earnings (losses), and administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined in the plan document. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Investment Options: Participants elect to have their contributions allocated among various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants. Participants may modify, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting: Participants are fully vested in their contributions plus actual earnings thereon. If employment is terminated before a participant meets the requirements for retirement, the distribution from the employer discretionary accounts will be limited to the participant's vested portion. Vesting in discretionary employer contributions is based on each employee's length of service. A participant will become fully vested after six years of credited service.

Notes Receivables From Participants: Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or not to exceed ten years for home loans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local commercial banks for similar loans.

Payment of Benefits: Participants who terminate employment at normal retirement age (age 65), or due to disability or death, are entitled to receive 100% of the amounts in their plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before age 65, the participant is entitled to 100% of their account's vested balance. If a participant's total vested account balance exceeds \$5,000 as of the distribution date, they may receive a distribution from the Plan as soon as administratively feasible following termination of employment. If the participant does not consent to a distribution of their vested account balance, their balance will remain in the Plan. If a participant's total vested account balance under the Plan is \$5,000 or less as of the distribution date, they will be eligible to receive a distribution of their entire vested account balance in a lump sum as soon as administratively feasible following termination of employment.

If a participant's total vested account balance under the Plan is between \$1,000 and \$5,000 as of the distribution date and they do not consent to a distribution of their vested account balance, their vested benefit automatically will be rolled over to an IRA selected by the Plan Sponsor. If a participant's total vested balance is \$1,000 or less as of the distribution date, their entire vested benefit will be distributed to them in a lump sum, even if they do not consent to a distribution.

Participants who reach age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Forfeitures: When participants separate from service, any amounts that are not vested will be forfeited. Forfeitures may be used to reduce employer contributions to the Plan or to pay Plan expenses.

Administrative Expenses: The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid from the forfeiture account or the Sponsor. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Sponsor has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Sponsor contributions and earnings thereon.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events: The Plan has evaluated subsequent events through October 14, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- *Level 1* – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- *Level 2* – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- *Level 3* – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money Market Fund: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer. (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 43,568,187	\$ -	\$ -	\$ 43,568,187

Investments measured at NAV as a practical expedient*				<u>1,600,162</u>
Total investments at fair value				<u>\$ 58,363,500</u>

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company.

NOTE 5 –PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor. Certain Plan investments are managed by the Vanguard Fiduciary Trust Company. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by the Vanguard Group. The preapproved profit sharing plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. Although the Plan has been amended from the original pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRAVES, DOUGHERTY, HEARON & MOODY 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Graves, Dougherty, Hearon & Moody 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, which covers eligible employees of Graves, Dougherty, Hearon & Moody, a professional corporation (Sponsor). The Plan was established effective January 1, 1989 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated in its entirety effective January 1, 2021.

Participation: Effective November 1, 2013, the Plan was amended regarding eligibility. Employees are eligible to immediately begin making salary deferral contributions upon employment as described in the plan document. The Plan has applied an automatic elective deferral enrollment provision. This provision states that if an employee has met the eligibility requirements and fails to provide the employer a salary reduction agreement a portion of such eligible employee's compensation will be automatically withheld and contributed to the Plan for employees hired on or after the effective date. Automatic enrollment for elective deferrals will not apply to eligible employees who fail to return a salary reduction agreement if they were an employee prior to the effective date. The initial amount of automatic elective deferral is 5%. Elective deferrals will be increased by 1% automatically on the first day of each calendar year for employees who are automatically enrolled up to a maximum of 10%.

Contributions: Employees may elect to contribute from 1% to 75% of either pretax or after tax annual compensation, as defined in the Plan, through payroll deductions. Effective July 1, 2000, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

Under the provisions of the Plan, the Sponsor may make contributions at its discretion. If the Plan is a top-heavy plan according to the definition set forth in the plan document and the Sponsor makes discretionary contributions, the Sponsor's contributions shall be allocated based on the discretionary formula; however, if the allocation does not satisfy the top-heavy minimum allocation by design; the contribution shall instead be allocated first to non-key employees having less than the minimum top-heavy allocation in an amount equal to the initial allocation plus any additional amount necessary to provide the top-heavy minimum allocation. The Plan was top-heavy for 2022 and 2021.

Under the provision of the Plan, the Sponsor may also make additional discretionary contributions to the Plan, including contributions to the individual accounts of participants who are not highly compensated employees (within the meaning of Internal Revenue Code (IRC) section 414(q)) in order to satisfy the actual deferral percentage requirements and actual contribution percentage requirements as specified in IRC section 401(k)(3) and 401(m). Total participant contributions in any calendar year are limited to the applicable limit under IRC section 402(g).

Participant Accounts: Each participant's account is credited with the participant's contributions, the Sponsor's contributions, an allocation of Plan earnings (losses), and administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined in the plan document. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

GRAVES, DOUGHERTY, HEARON & MOODY 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Investment Options: Participants elect to have their contributions allocated among various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants. Participants may modify, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting: Participants are fully vested in their contributions plus actual earnings thereon. If employment is terminated before a participant meets the requirements for retirement, the distribution from the employer discretionary accounts will be limited to the participant's vested portion. Vesting in discretionary employer contributions is based on each employee's length of service. A participant will become fully vested after six years of credited service.

Notes Receivables From Participants: Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or not to exceed ten years for home loans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local commercial banks for similar loans.

Payment of Benefits: Participants who terminate employment at normal retirement age (age 65), or due to disability or death, are entitled to receive 100% of the amounts in their plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before age 65, the participant is entitled to 100% of their account's vested balance. If a participant's total vested account balance exceeds \$5,000 as of the distribution date, they may receive a distribution from the Plan as soon as administratively feasible following termination of employment. If the participant does not consent to a distribution of their vested account balance, their balance will remain in the Plan. If a participant's total vested account balance under the Plan is \$5,000 or less as of the distribution date, they will be eligible to receive a distribution of their entire vested account balance in a lump sum as soon as administratively feasible following termination of employment.

If a participant's total vested account balance under the Plan is between \$1,000 and \$5,000 as of the distribution date and they do not consent to a distribution of their vested account balance, their vested benefit automatically will be rolled over to an IRA selected by the Plan Sponsor. If a participant's total vested balance is \$1,000 or less as of the distribution date, their entire vested benefit will be distributed to them in a lump sum, even if they do not consent to a distribution.

Participants who reach age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Forfeitures: When participants separate from service, any amounts that are not vested will be forfeited. Forfeitures may be used to reduce employer contributions to the Plan or to pay Plan expenses.

Administrative Expenses: The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid from the forfeiture account or the Sponsor. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Sponsor has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Sponsor contributions and earnings thereon.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events: The Plan has evaluated subsequent events through October 14, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- *Level 1* – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- *Level 2* – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- *Level 3* – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money Market Fund: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer. (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 43,568,187	\$ -	\$ -	\$ 43,568,187
Money market fund	<u>187,669</u>	<u>-</u>	<u>-</u>	<u>187,669</u>

Investments measured at NAV as a practical expedient*				<u>1,766,397</u>
Total investments at fair value				<u>\$ 45,522,253</u>

	2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 56,679,777	\$ -	\$ -	\$ 56,679,777

Totals	<u>\$ 56,763,338</u>	<u>\$ -</u>	<u>\$ -</u>	56,763,338
Investments measured at NAV as a practical expedient*				<u>1,600,162</u>
Total investments at fair value				<u>\$ 58,363,500</u>

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company.

NOTE 5 –PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor. Certain Plan investments are managed by the Vanguard Fiduciary Trust Company. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by the Vanguard Group. The preapproved profit sharing plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. Although the Plan has been amended from the original pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.
