Independent Auditor's Report

RSM US LLP

Retirement Plan Committee
Rapid Displays Savings and Protection Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rapid Displays Savings and Protection Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Outform, Inc. 401(k) Profit Sharing Plan and Trust merged into the Rapid Displays Savings and Protection Plan effective August 1, 2022. All Plan assets were transferred to the Rapid Displays Savings and Protection Plan on September 14, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rapid Displays Savings and Protection Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Rapid Displays Savings and Protection Plan (the Plan), renamed Outform Group, Inc Savings and Protection Plan effective February 7, 2023, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, as most recently restated and amended July 31, 2022 and February 7, 2023, respectively, is a contributory, defined contribution plan maintained for the benefit of eligible employees, as defined by the Plan of Outform Group, Inc., formerly known as Rapid Displays, Inc., (the Employer). The Employer's Retirement Plan Committee is the Plan Administrator and is responsible for the oversight of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Matrix Trust Company (Matrix Trust) and OneAmerica Retirements Services, LLC (OneAmerica) are the Trustee and recordkeeper for the Plan, respectively.

Eligibility: Eligible employees are all nonunion employees who are 18 years of age or older. The Plan provides for eligible employees to enter the Plan on the first day of each month. The Plan provides for automatic enrollment at a deferral rate of 1% of compensation, as defined by the Plan, unless an eligible employee elects otherwise. The Plan also provides for automatic escalation of 1% each year unless an eligible employee elects otherwise, until it reaches 5% of compensation. The same eligibility requirements apply to discretionary employer matching, discretionary employer profit sharing and qualified discretionary contributions for the year ended December 31, 2022.

The Plan's investments are 100% participant directed.

Plan merger: Effective August 1, 2022, Outform, Inc. 401(k) Profit Sharing Plan and Trust (the Outform Plan) merged into the Rapid Displays Savings and Protection Plan. Total assets transferred into the Plan was \$422,228.

Contributions: The Plan provides for the following contributions, which are to be maintained in separate accounts for each participant:

Participant-directed contributions: Contributions to be made by the Employer, at the discretion of the participant, which amounts are deducted from the participant's direct compensation (and are excluded from the participant's reportable wages for the year). Salary deferral contributions are allowed up to the statutory limit provided by Section 402(g) of the Internal Revenue Code (IRC) as in effect at the beginning of the taxable year. Contributions cannot exceed statutory limits. The Plan allows catch-up contributions for participants who are age 50 and older. The Plan also allows participants to make after-tax Roth 401(k) contributions.

Discretionary employer matching contributions: The amount to be contributed by the Employer is at the discretion of the Employer. For 2022, the Employer made contributions of \$1.50 for the first 1% and \$0.50 for the next 4% of all employee deferral elections.

Discretionary employer profit sharing contributions: The amount to be contributed by the Employer is at the discretion of the Employer. No discretionary employer profit sharing contributions were made in 2022.

Qualified discretionary contributions: The Employer may, but is not required to, make contributions for nonhighly compensated employees in order to assure that the Plan satisfies certain nondiscrimination testing requirements. No qualified discretionary contributions were made in 2022.

Note 1. Description of Plan (Continued)

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Participants' accounts: Each participant's account is credited with participant contributions, and Employer's matching contributions, if any, as well as allocations of the Employer's profit sharing and qualified discretionary contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings or account balances, or specific participant transactions as defined. Allocation of administrative expenses of the Plan is based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant investment options: Upon enrollment in the Plan, a participant directs their account balances to be invested in selected funds as made available and determined by the Employer. Participants are allowed to change their investment options on a daily basis.

Vesting: Participants are immediately vested in their employee-directed, qualified discretionary and rollover contribution accounts and earnings thereon. Vesting of Employer discretionary matching and discretionary profit sharing contributions and related earnings and allocated forfeitures is based on years of service (with 20% vesting for each year of service starting with the first year of service, fully vested after five years of service) and date of termination as described in the Plan. Participants are automatically fully vested upon normal retirement, death, or permanent disability.

Forfeitures: In the event of termination of employment before full vesting, the nonvested portion is immediately forfeited. The amount of the participant's account forfeited will be reinstated providing the participant resumes employment prior to incurring a break in service (as defined). The Plan provides that the administrator will use forfeitures to reduce employer contributions, unless, in its discretion the administrator first uses the forfeitures to pay administrative expenses. At December 31, 2022 and 2021, forfeited nonvested amounts were approximately \$2,000 and \$7,000, respectively. In 2022, a total of approximately \$73,000 of nonvested accounts were forfeited. In 2022, a total of approximately \$72,000 and \$6,000 of forfeitures were used to reduce discretionary employer matching contributions and pay plan expenses, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may not have more than one note outstanding at any given time. Notes receivable from participants are made in accordance with the Plan's provisions and ERISA regulations whereby interest is calculated and allocated to the individual participant. Notes are repayable over a period ranging from one to five years (unless for the purchase of a primary residence) through employee payroll deductions. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the note was funded.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or, at the option of the employee, termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan document. Participants may make withdrawals from their account balances upon reaching age 59 1/2 or by determination that a financial hardship, as defined, has been incurred.

At December 31, 2022, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported as net assets available for benefits and changes herein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 16, 2023, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Rapid Displays Savings and Protection Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Shares held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 45,170,258	\$ -	\$ -	\$ 45,170,258
Total assets in fair value hierarchy	\$ 45,170,258	\$ -	\$ -	45,170,258
Investment measured at NAV (a)				3,884,440
Investments at fair value				\$ 49,054,698
	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 54,891,515	\$ -	\$ -	\$ 54,891,515
Total assets in fair value hierarchy	\$ 54,891,515	\$ -	\$ -	54,891,515
Investment measured at NAV (a)				2,784,236
Investments at fair value				\$ 57,675,751

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Rapid Displays Savings and Protection Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Frequency Notice
	2022	2021	2022	2021		
Units of common/collective trust	\$ 3,884,440	\$ 2,784,236	\$ -	\$ -	Daily	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Note 4. Information Certified and Provided by Matrix Trust

The following is a summary of the Plan's asset and income/loss information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules, that was prepared by and derived from information certified and provided by Matrix Trust, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from Matrix Trust as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that information they provided to the Plan Administrator related to the following assets and income/loss is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and income/loss.

	2022	2021
Shares of registered investment companies	\$ 45,170,258	\$ 54,891,515
Units of common/collective trust	3,884,440	2,784,236
Cash	12,645	14,192
Notes receivable from participants	300,364	396,395
Net depreciation in fair value of investments	\$ (11,003,539)	
Interest and dividends	1,013,515	
Interest on notes receivable from participants	18,284	

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participants' accounts and distributed in such manner as the Employer may determine.

Rapid Displays Savings and Protection Plan

Notes to Financial Statements

Note 6. Income Tax Status

The Plan has adopted a nonstandardized pre-approved plan sponsored by OneAmerica Financial Partners, Inc. The pre-approved plan provider has received an opinion letter dated August 19, 2020, from the Internal Revenue Service as to the pre-approved submitter plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

Investments are managed by OneAmerica and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to OneAmerica totaled approximately \$115,000 for the year ended December 31, 2022. The Employer pays certain investment and administrative expenses of the Plan. In addition, certain administrative functions are performed by the Employer or employees of the Employer for which no compensation is received from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 49,443,270	\$ 58,140,604
Notes receivable from participants	(300,364)	(396,395)
Participant loans	300,364	396,395
Net assets available for benefits per Form 5500	<u>\$ 49,443,270</u>	<u>\$ 58,140,604</u>

Note 10. Prohibited Transactions

During 2022 and 2021, a total of \$176,485 and \$40,695 of participant contributions and loan repayments were inadvertently deposited outside of the required timeframe as stated by the United States Department of Labor regulations. During 2022, the Plan Sponsor deposited lost earnings to correct certain failures in 2022 and the full amount of the failures in 2021. That portion of the 2022 failures that were not corrected in 2022 will be corrected in 2023.
