INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Radiance Holdings, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Radiance Holdings, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Radiance Holdings, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Radiance Holdings, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Radiance Holdings, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Radiance Holdings, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Radiance Holdings, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Radiance Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Radiance Holdings, LLC 401(k) Plan (“the Plan”) sponsored by Radiance Holdings, LLC (“the Company”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a participant-directed defined contribution plan, under which participants may direct their contributions into various investment options (generally mutual funds) offered by the Plan. An employee may participate on the first day of the month after completing two consecutive months of eligibility service and after reaching age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Plan was established on January 1, 2022, and offered to the eligible employees to rollover their outside balances held into the Plan, and begin deferring and receiving matched contributions. In June of 2022, the Plan was blacked out for a 2-week period, to adopt additional terms into the Plan, beginning June 1, 2022. Those adoptions included clarification of the definition of compensation and the removal of the deferral minimum for participants.

ADP Retirement Services serves as the new recordkeeper and Reliance Trust serves as the trustee/custodian. The Board of Trustees (composed of sponsor management) is responsible for the oversight of the Plan. An Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Participants may generally defer up to 90% of their annual compensation, as defined in the Plan. The Plan permits employees to make either pre-tax or Roth elective deferrals. Provided requirements are met, withdrawals of Roth 401(k) contributions and any earnings are tax free to the participant. A participant’s combined pre-tax and after-tax contributions cannot exceed the maximum annual amount allowed by law. Annual additions to the plan are also limited to the lesser of annual compensation or a statutory limit (\$61,000 in 2022). Participants may also transfer in amounts representing distributions from other qualified plans (rollovers). Contributions are also subject to other statutory limitations, with certain “catch-up” adjustments also permitted for participants age 50 or older.

Rollovers from other qualified plans are permitted.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and employer match contributions, as well as allocations of the Company discretionary contributions (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses (primarily fees) that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and earnings thereon. Vesting in employer matching contributions and earnings thereon is based on total years of vesting service, over the course of two years of employment, (vesting 50% for each year of service).

A participant's account becomes 100 percent vested upon death, total and permanent disability, or termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts an amount equal to the lesser of \$50,000 (with certain reductions for loans already outstanding) or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates around 6.5%, which are commensurate with prevailing rates at the origination of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions, generally over terms not exceeding five years, with longer terms for loans used to acquire a primary residence.

Payment of Benefits

Distributions under the Plan are generally made in lump sums although partial withdrawals are permitted. Hardship distributions are permitted, and in-service distributions may be made if the participant has reached age 59 ½. Distributions of less than \$5,000 do not require participant consent.

Forfeited Accounts

At December 31, 2022, forfeited non-vested accounts amounted to \$2,325. Forfeitures may be used to reduce employer contributions and to pay Plan expenses. In 2022, \$1,158 of forfeitures were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are generally reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determine the Plan's valuation policies based on input from the custodian and recordkeeper. See note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is reported on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the related participant and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Company paid for certain direct Plan administrative and other expenses, which are excluded from these financial statements. Additionally, Company employees provide certain administrative duties at no charge to the Plan. Fees assessed by ADP Retirement Services were fees from trust and assessed pro rata to all participants with plan balances.

3. Tax Status

The Plan has not obtained a determination letter, but the volume-submitter plan document has received a letter dated October 6, 2020, from the IRS that its form is acceptable under section 401 of the Internal Revenue Code. The Plan has since been amended, but the Plan Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable tax authorities.

Radiance Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

3. Tax Status (continued)

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Because plan management believes that the Plan had no taxable income, no income tax returns have been filed for 2022 or prior years.

4. Information Prepared and Certified By Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust:

All investments
Investment income (loss)
Notes receivable from participants and related interest income

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Party in Interest Transactions

During the year ended December 31, 2022, Reliance Trust acted as the trustee/custodian and ADP Retirement Services is the recordkeeper. Therefore, these transactions qualify as party in interest transactions. ADP Retirement Services and its affiliates and the plan's investment advisor was able to receive 12(b)(1) fees or similar fees from Plan investments for plan advisory services.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Section 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at unit price, quoted daily, for the Invesco Stable Value Retirement Option.

Radiance Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

8. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022:

	December 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered Investment Companies	\$ 1,308,345	\$ -	\$ -	\$ 1,308,345
Common/collective trust	-	23,424	-	23,424
Total investments at fair value	\$ 1,308,345	\$ 23,424	\$ -	\$ 1,331,769

9. Common/Collective Trust

The Plan has investments in the Invesco Stable Value Asset Fund, which is a collective trust fund in the Invesco Stable Asset Trust. The fund invests exclusively in the Invesco Stable Value Trust (Class C shares), a bank collective trust fund. The fund invests in a diversified portfolio of investment contracts issued by banks and insurance companies. These contracts allow for participants to transact at book value.

Because of the indirect holding nature of this investment, it is not considered to be fully benefit-responsive.

There were no reserves against unit value for credit risk of the contract issuer or otherwise.

This information is only a summary of certain key provisions of the investment, and participants should refer to the Stable Value contract for a complete review of its provisions, including the impact of events such as mergers, layoffs, bankruptcy, full or partial Plan termination, and early retirement incentive programs as defined therein. Management does not believe such events are likely to occur in the near future.

Net assets available for benefits, per Form 5500	\$ 1,332,437 =====

A reconciliation of the net increase in net assets available for benefits to Form 5500 as reported at December 31, 2022 follows:

Net increase in net assets available, reported herein	\$ 503,854
Employer contributions	<u>(3,223)</u>
Net increase in net assets available, per Form 5500	\$ 500,631 =====

11. Subsequent Events

Management has conducted a review of subsequent events for possible disclosure in or correction of these financial statements through October 16, 2023, the date the financial statements were available to be issued.

Subsequent to year end, the Plan's compliance testing returned failures in the average deferral percentage and average contribution percentage tests. To respond, the Plan Sponsor elected to contribute the appropriate amount to bring the Plan into compliance, in the amount of \$3,223, recorded as a receivable on the Statement of Net Assets Available for Benefits.
