Independent Auditor's Report

Board of Directors
Saatva Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Saatva Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental s Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2021, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 12, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1: DESCRIPTION OF PLAN

General

The following description of the Saatva Retirement Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the plan’s provisions.

The Plan is a cash or deferred profit-sharing plan (referred to as a 401 (k) Plan) that was established on July 1, 2018, by Whitestone Home Furnishings, LLC (the “plan administrator” or the “company”) covering all employees of Whitestone Home Furnishings, LLC. The plan also covers all employees of Whitestone Home Furnishings of Texas, LLC. The plan administrator believes that the plan is designed and operated in compliance with the applicable requirements of the internal revenue code and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Board of Trustees oversees governance of the plan.

Effective May 1, 2021, the Plan was amended and restated to (a) include qualified employer match contributions and (b) to modify the vesting percentages for participants vested account balance in qualified employer match contributions.

Effective March 1, 2022, the plan was amended to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37 and other legal requirements.

Administration

Reliance Trust Company is the trustee of the Plan. ADP provides record keeping for the Plan.

Eligibility

All employees that have attained the age of 18 provided the employee is not an excluded employee, are eligible to participate in the plan and can enter the plan on the first day of each plan year month following the completion of the eligibility requirement. Once a participant will be eligible to participate in the plan, as of the first entry date, they will automatically be enrolled to make deferrals of 3% and will increase by 1% each year up to a maximum of 10% until they opt to complete a salary reduction agreement to select an alternative deferral amount.

Participant Contributions

Each year participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan limited to the maximum (\$20,500 under 50 and \$27,000 over 50) for 2022. All participants who have attained the age of 50 may make catch up contributions to the plan of \$6,500 in 2022. Participants may designate all or a portion of their contributions as a Roth elective deferral. Participants may also contribute amounts representing distributions from other qualified plans, if certain requirements are met. All amounts contributed to the Plan are directly invested in the participant accounts according to their investment elections. Participants may direct their investments and employer matching contribution by choosing from various investment options offered by the trustees.

SAATVA RETIREMENT PLAN AND TRUST
Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN(Continued)

Tax laws limit the amount of compensation that may be taken into account each plan year, the maximum amount for the 2022 plan year is \$305,000. A participant may change or revoke his salary reduction agreement as the beginning of each plan month. Federal law requires that amounts contributed by the participant and by the employer for a given limitation may not exceed the lower of \$61,000 or 100% of your annual compensation.

Employer Contributions

As of May 2021, the Company will make a Matching Contribution equal to 50.0% of the participants Elective Deferrals. The Company will not match Elective Deferrals that exceed 4.0% of their eligible earnings. Participants must make Elective Deferrals to receive the Matching Contribution. Matching Contribution is made each pay period that Elective Deferrals are made and is calculated based on eligible earnings for that pay period. Once Elective Deferrals stop, the Matching Contribution also stops.

Participant Accounts

Each participant makes self-directed elections to have his/her account balances invested in one or more investment funds. The plan administrator provides the participants with information on making investment elections, and how frequently they can change their investment choices. Each participant's account is credited daily with (a) the participant's contribution (b) Employer match contributions if any, and (c) an allocation of the plan earnings or loss on investments made with the contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Employees who terminate employment due to retirement, disability or death are 100% vested in their plan accounts, regardless of years or service. The plan defines "retirement" as age 65 or older for the purpose of vesting. On termination of employment other than retirement, disability, or death the amounts credited to the accounts of the participant are vested as follows: Employee contributions including catch up and rollover contributions are always 100% vested. Qualified Matching Contributions or Qualified Nonelective Contributions are vested according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1 year	0%
At least 1 year, but less than 2	33%
At least 2 years, but less than 3	66%
3 Years or more	100%

Investment Options

Upon enrollment in the Plan, Participants can direct the investment of their accounts among various funds, debt securities and common stock. The funds as of December 31, 2022, and 2021 include a variety of mutual funds and CCT Funds. It is intended that the plan meets the requirements of ERISA section 404(c) by providing the participants with sufficient information for them to make informed investment choices. Participants may change their

SAATVA RETIREMENT PLAN AND TRUST
Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN(Continued)

investment options at any time. The value of each of the accounts is established as of the valuation date under the plan and the valuation date is daily. An election can be revoked at any time. Participant may modify a prior salary deferral election at any time via ADP plan sponsor website within a reasonable time before the pay period for which such modification is to be effective. Any modification shall not have retroactive effect and shall remain in force until revoked, or until such time as may be indicated on such agreement or at the time.

Payment of Benefits

On termination of service due to death, disability, retirement, or certain hardships according to the plan, the plan may elect to make a mandatory distribution of account balances that are \$5,000 or less. The distribution will be made as soon as administratively feasible. The plan will make the distribution as a direct rollover for any amounts greater than \$1,000. The plan administrator will notify participants if the automatic rollover provisions apply to the participants distribution. After receiving this notice, they will have an opportunity to decide whether they wish to receive an automatic payment directly in cash or have it rolled into an eligible retirement plan or IRA. The automatic rollover will be invested in an investment product designed to preserve principal and provide a reasonable rate of return, whether such return is guaranteed, consistent with liquidity.

After the age of 59-1/2 participants may request an in-service distribution from their pre-tax salary deferral, Roth deferral, ADP safe harbor contribution and qualified non-elective contribution accounts. Hardship withdrawals are limited to the amount of the participant's elective deferral contributions (but none of the income earned on such contributions). Hardship will be determined under the stated deemed hardship standards of Reg. 1.401(k)-1(d)(2)(iv) (the 6 criteria).

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by at least fifty percent (50%) of the present value of a participant's vested interest in the Plan, reduced by the participant's highest outstanding loan balance in the previous twelve months and the existing loan balance; even if all or a portion of this amount has been repaid. The interest rate for a loan will be the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. This interest rate is effective for any loan processed as of the 16th day of the month.

The loan agreement shall provide for the payment of principal and interest not less frequently than quarterly. All loans should be repaid through after-tax payroll deductions over a five-year period unless it is for the purchase of a principal residence. An outstanding loan must be repaid before a new loan can be made. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

SAATVA RETIREMENT PLAN AND TRUST
Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN(Continued)

Notes receivable from participants totaling \$78,371 and \$74,489 were outstanding on December 31, 2022, and 2021, respectively, bearing interest rates ranging from 5.25% to 8.25% on December 31, 2022, and 2021. Notes receivable from participants are scheduled to mature through 2028 and 2027 as of December 31, 2022, and 2021, respectively.

Forfeitures

When a participant terminates the unvested portion of their account represents a forfeiture, unless the participant resumes service with the company within five years. Forfeitures are retained in the plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer matching contributions the employer makes to the plan. Any remaining non-elective forfeitures will be reallocated pro rata based upon compensation for the plan year. During the year ended December 31, 2022 and 2021, forfeitures of \$54,612 and \$19,335, respectively, were available to reduce the Plan's administrative expenses and future employer contributions. Also, in 2022, employer contributions were reduced by \$28,915 from the forfeited nonvested accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP")

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the change in net assets available for benefits during the reporting period, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net realized gains or losses on investment sales represent the difference between the sale proceeds and cost of the investments, or the adjusted market price. Net unrealized appreciation or depreciation on investments held at the end of the plan year represents the net change in the fair value of investments during the year. The statement of changes in Net Assets Available for Benefits presents the net appreciation or depreciation in fair value investments, which consists of realized and unrealized gains and losses.

SAATVA RETIREMENT PLAN AND TRUST
Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The cost of administering the plan other than individual account service charges are paid by the Company. Loan set up fees and other sundry fees are charged directly to the participants' account and are included in administrative expenses. For the plan year 2022 there was \$25,891 of administrative expenses.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2022 excess contributions subsequent to year end.

NOTE 3: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4: FINANCIAL INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

The supplemental schedule of assets held at the end of year at December 31, 2022 that is attached following the notes was certified by Reliance Trust Company, the trustee of the Plan. Also, the trustee of the Plan, Reliance Trust Company, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the statement of changes in net assets available for benefits for the year ended December 31, 2022. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

	2022		2021
Investment at fair value	\$ 4,095,580	\$	3,220,813
Notes receivable from participants	78,371		74,489
	<u>\$ 4,173,951</u>	<u>\$</u>	<u>3,295,302</u>

SAATVA RETIREMENT PLAN AND TRUST
Notes to Financial Statements

NOTE 5: TAX STATUS

The Internal Revenue Service has determined in a letter dated October 6, 2020 that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). Although the plan document has been amended since receiving the opinion letter, the Plan Administrator believes that the plan and related trust are designed, and are currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax exempt. US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax position taken by the plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, the plan was not audited since inception and there are currently no audits for any tax periods in progress.

NOTE 6: NON-DISCRIMINATION

The Internal Revenue Code requires that a Qualification Test be performed to assure that employee deferrals do not discriminate in favor of highly compensated employees. Appropriate testing was performed by the trustee for this plan year.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are held by Reliance Trust Company and the Plan provides participant loans in the ordinary course of operations. These transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 8: PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The

SAATVA RETIREMENT PLAN AND TRUST
Notes to Financial Statements

NOTE 9: FAIR VALUE MEASUREMENTS (continued)

three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds:

Shares of mutual funds are values at quoted market prices as of the last trading day of the plan year.

Collective Trust:

Collective trusts are measures using NAV practical expedient of the collective trusts as reported by the collective trust managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the collective trusts less its liabilities, and divided by the number of units outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022, and 2021.

* Certain investments are measured using the net asset value (“NAV”) as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. These investments measured using the NAV practical expedient in Fair Value Measurement (Topic 820) are exempt from categorization in the fair value hierarchy.
