Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mathiowetz Construction Co. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mathiowetz Construction Co. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mathiowetz Construction Co. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mathiowetz Construction Co. Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued..

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Plan Administrator
Mathiowetz Construction Co. Retirement Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Mathiowetz Construction Co. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mathiowetz Construction Co. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of March 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following brief description of the Mathiowetz Construction Co. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all eligible employees of The Mathiowetz Construction Co., Mathiowetz Enterprises, Inc., Leavenworth Silage Company, and Family Tree LLC (collectively the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions and Vesting

The Plan has four components: a Davis-Bacon pension component, a pre-tax 401(k) deferral component, a Roth 401(k) deferral component, and an integrated defined contribution profit sharing component. Each of these components is described below.

Contributions to the Davis-Bacon pension component are made to satisfy the minimum wage and fringe requirements for certain government contracts. A contribution is only made for hours worked on contracts with Davis-Bacon requirements and is calculated based on the Davis-Bacon rates for that area for the job classification of the work performed. All employees are immediately eligible and are immediately 100% vested.

In the pre-tax and Roth 401(k) deferral components, participants may contribute up to 100% of eligible compensation, or up to the maximum allowed by the Internal Revenue Code (IRC). All employees are immediately eligible and immediately 100% vested in the pre-tax and Roth 401(k) deferral components of their account. All employees hired subsequent to March 31, 2012 are automatically enrolled into the pre-tax deferral provision at 5% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified plans.

The contribution to the profit sharing component may be made at the discretion of the Employer. All contributions are made based on the classification of the participant. The contributions are calculated using the base percentage and the integrated amount designated by the Employer each year. All employees who have completed one year of service (1,000 hours), are employed at the end of the Plan year, and are at least 21 years of age are eligible to participate in the employer profit sharing contribution within the Plan.

Contributions from the integrated profit sharing component vest ratably over six years and are 100% vested after six years of service.

Participants shall also be 100% vested upon any of the following events: the participant's death, attainment of normal retirement age as defined in the Plan, the participant's disability, or upon partial or complete termination of the Plan. Forfeitures of terminated participants' nonvested accounts are allocated based on participant account balances.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions and Vesting (Continued)

The combined contributions of all components cannot exceed 100% of compensation or the maximum allowed by the IRC, whichever is less.

Participant Accounts

Davis Bacon, pre-tax 401(k), Roth deferrals, and profit sharing contributions are allocated to separate individual accounts. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Each participant directs their contributions into investment funds, which are held by the collective investment fund. Earnings from the funds are allocated on the basis of participant account balances invested in the respective funds. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Benefit Payments

Upon termination of service, death, disability, or retirement (age 65), the participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. If a participant terminated employment and the participant's account balance was never greater than \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan also allows for in-service withdrawals upon attainment of age 59½.

The Plan shall make automatic rollovers of vested account balances that are greater than \$1,000 but are not more than \$5,000. The participant has the option to request a distribution of the value of the entire vested portion of such account balance.

Forfeitures

Forfeitures are used to make restorations for rehired participants, to reduce Employer contributions, to pay Plan expenses, or to correct errors, omissions, and exclusions. Forfeitures of \$38 and \$-0- were used to pay Plan expenses during the years ended March 31, 2023 and 2022. There were no forfeitures used to offset employer contributions during the years ended March 31, 2023 and 2022, respectively. Unallocated forfeitures as of March 31, 2023 and 2022 were \$3,141 and \$38, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at March 31, 2023 and 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The collective investment fund is valued based on the net asset value (NAV) of units, which are based on market prices of the underlying investments, held by the Plan at year-end. NAV is a readily determinable fair value and the basis for current transactions. Participant transactions may occur daily.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Employer incurs and pays certain administrative expenses on behalf of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

American Trust Company (formerly First Mercantile Trust Company), the custodian and qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of March 31, 2023 and 2022, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of March 31, 2023.

NOTE 4 FAIR VALUE INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31:

2023				
	Level 1	Level 2	Level 3	Total
Assets:				
Collective Investment Fund	\$ -	\$ 51,162,164	\$ -	\$ 51,162,164
2022				
	Level 1	Level 2	Level 3	Total
Assets:				
Collective Investment Fund	\$ -	\$ 52,700,129	\$ -	\$ 52,700,129

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated June 30, 2020 received from the Internal Revenue Service (IRS) on the prototype Plan indicating that the prototype Plan is qualified under Section 401 of the IRC and is, therefore, not subject to current income tax law. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the Employer will direct the trustee with respect to the distribution of accounts. Liquidation of assets and payment of benefits will be made provided that the Plan is in compliance with the applicable Plan termination requirements of ERISA and the IRC. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 8 PARTY-IN-INTEREST

The investments are managed by American Trust Company (formerly First Mercantile Trust Company), the custodian of the Plan. Therefore, all investment transactions qualify as party-in-interest transactions.
