INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
ZIN Technologies, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ZIN Technologies, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ZIN Technologies, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ZIN Technologies, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – schedule of delinquent participant contributions for the year ended December 31, 2022 and the Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZIN TECHNOLOGIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the ZIN Technologies, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of ZIN Technologies, Inc. (the Company), except those covered by a collective bargaining agreement, non-resident aliens, and leased employees. Most employees of the Company become eligible to participate after one month of service. Seasonal employees and interns become eligible to participate after 1,000 hours of service. The Plan was amended on August 2, 2022. Effective on this date, part-time, temporary, seasonal employees and reclassified employees as defined by the Plan document are also excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is responsible for oversight of the Plan, determining appropriateness of the Plan's investment offerings and monitoring investment performance.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which included several relief provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. Formal adoption of such provisions of the CARES Act provisions is required to occur on or before December 31, 2025.

CONTRIBUTIONS

Each year eligible participants may elect to have between 1% and 100% of their compensation contributed to the Plan through payroll reductions on a pre-tax or Roth basis, as defined in the Plan document. The Plan document contains a provision for automatic deferral elections. This provision requires eligible participants to defer 6% of eligible compensation for each payroll period, unless the participant completes a contrary salary deferral election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are able to direct their contributions into a variety of investment options offered by the Plan. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC).

ZIN TECHNOLOGIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

The Company made safe harbor contributions to participants' accounts equal to 3% of compensation during the years ended December 31, 2022 and 2021. Total safe harbor matching contributions made for the years ended December 31, 2022 and 2021 were \$713,434 and \$761,442, respectively. Additional matching contributions may be made at the option of the Company. There were no additional matching contributions made for the years ended December 31, 2022 and 2021.

PARTICIPANT ACCOUNTS

Each participant's account is credited with his or her payroll reduction contributions, rollovers, allocations of the Company's matching contributions and safe harbor matching contributions, and investment earnings, and charged with an allocation of administrative expenses. The Company's matching contributions and safe harbor matching contributions are allocated as a uniform percentage of Plan compensation. Administrative expenses are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions and Company contributions, plus actual earnings thereon.

PAYMENT OF BENEFITS

Upon reaching age 59 ½ or termination of service due to death, disability or retirement, or due to separation of service from the Company, a participant shall receive the value of the vested interest in his or her account in the form of a lump sum payment or in installments for required minimum distributions. Participants may also be permitted to receive a distribution from their account prior to termination of employment if they experience financial hardship. Any hardship distribution would be limited to actual participant contributions and vested discretionary employer contributions not previously withdrawn. If an employee has \$5,000 or less in his or her account and has terminated employment, the entire balance of the participant's vested account must be distributed immediately. The Plan is in line with the Internal Revenue Service (IRS) rules, also requires the participants to receive required minimum distributions upon attainment of age 72.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow up to 50% of their vested account balance, from \$1,000 up to a maximum of \$50,000, subject to the approval of the Plan administrator and the Plan trustees. Only two notes receivable may be outstanding from a participant at any time. Notes receivable are secured by the balance in the participant's account and bear interest at local prevailing rates at the time of issuance. Principal and interest are paid ratably through payroll deductions.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan or the Company, at the discretion of the Company. Expenses paid by the Company are excluded from these financial statements.

INVESTMENT OPTIONS

Participants may elect to invest in a variety of investment options offered by the Plan. Participants may change their investment options at any time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for a discussion of fair value measurements.

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on the investments purchased and sold, as well as held, during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2022 and 2021.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 13, 2023, the date these financial statements were available to be issued. Other than the matter disclosed in Note 6, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (the trustee of the Plan). This information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies – Investments in registered investment companies are stated at the respective fund's net asset value (NAV), which is determined based on quoted market prices on the last business day of the Plan year. The NAV is a quoted price on an active market.

Common collective trust – Valued based on the fair value of the common/collective trust's underlying investments, as based on information reported by the Plan trustees using the audited financial statements of the common/collective trust at year-end.

ZIN TECHNOLOGIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts – The fair value of the mutual funds included in the underlying assets are used to determine the net asset value (NAV) of the account. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For these funds there are no unfunded commitments, redemption restrictions and participants can transact daily.

The Plan has applied the practical expedient in ASC 820 for assets valued using NAV and therefore the pooled separate accounts are excluded from the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Total
Registered investment companies	\$42,408,643	\$ --	\$42,408,643
Common/collective trust	--	4,989,894	4,989,894
Investment measured at NAV ^(a)			
Pooled separate accounts	--	--	1,515,761
Total Assets at Fair Value	<u>\$42,408,643</u>	<u>\$ 4,989,894</u>	<u>\$48,914,298</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Total
Registered investment companies	\$54,147,314	\$ --	\$54,147,314
Common/collective trust	--	4,148,700	4,148,700
Investment measured at NAV ^(a)			
Pooled separate accounts	--	--	1,904,364
Total Assets at Fair Value	<u>\$54,147,314</u>	<u>\$ 4,148,700</u>	<u>\$60,200,378</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth investments measured at fair value based on NAV per share practical expedient as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 1,515,761	N/A	Daily	Daily

The following table sets forth investments measured at fair value based on NAV per share practical expedient as of December 31, 2021:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 1,904,364	N/A	Daily	Daily

NOTE 5 - TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan with a cash or deferral arrangement. The Plan obtained its latest opinion letter on June 30, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax year pending or in progress.

ZIN TECHNOLOGIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 6 - PLAN TERMINATION

Subsequent to the year ended December 31, 2022, the Company was acquired by a third party and as a result, the Plan was amended to include a cessation of participation and to allow all participants to become 100% vested in their accounts, effective April 11, 2023. The Plan was fully terminated on August 7, 2023, by the Company. The termination date shall also be a valuation date for the participant's accounts. Final distribution of each participant's account shall occur on the later of (1) receipt of a favorable opinion letter from the IRS on the termination of the Plan or (2) the receipt of all funds due to the Plan.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments at December 31, 2022 and 2021 are invested in funds issued by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan documents and, therefore, these transactions are considered party-in-interest transactions. The Plan also makes loans to Plan participants, who are also considered to be parties-in-interest.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the 2019 Plan year, the Company failed to remit participant contributions and/or loan repayments in the amount of \$13,290 on a timely basis. The lost earnings relating to the 2019 prohibited transaction were remitted to the plan in 2023. This failure to remit contributions is considered a prohibited transaction according to the provisions of ERISA and the IRC and will be reported until the year after in which it is corrected. All remittances that the Company corrected are included on the schedule of delinquent participant contributions in the supplemental schedules to the financial statements.
