To the Members of the Finance and
Audit Committee and Management
Humboldt Park Health 403(b) Plan

We have audited the financial statements of Humboldt Park Health 403(b) Plan (the "Plan") as of and for the year ended December 31, 2022 and have issued our report thereon dated October 11, 2023. Professional standards require that we provide you with the following information related to our audit, which is divided into the following sections:

Section I - Internal Control Related Matters Identified in an Audit

Section II - Required Communications with Those Charged with Governance

Sections I and II include information that we are required to communicate to those individuals charged with governance of the Plan. Section I communicates deficiencies we observed in the Plan's internal control that we believe are material weaknesses. Section II communicates significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process.

We would like to take this opportunity to thank the Plan's staff for the cooperation and courtesy extended to us during our audit. Their assistance and professionalism are invaluable.

This report is intended solely for the use of the finance and audit committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications, and we would be willing to discuss these or any other questions that you might have at your convenience.

Very truly yours,

Plante & Moran, PLLC

Ed Slack, CPA

Section I - Internal Control Related Matters Identified in an Audit

In planning and performing our ERISA Section 103(a)(3)(C) audit of the financial statements of Humboldt Park Health 403(b) Plan as of and for the year ended December 31, 2022, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our ERISA Section 103(a)(3)(C) audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. We considered internal control as a basis for designing our procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following deficiencies in the Plan's internal control to be material weaknesses:

- **Eligible Compensation** - During our audit testing, we identified that the compensation used for employee contributions is not in accordance with the definition of compensation in the plan document. We recommend that additional review procedures be provided to ensure that compensation used to calculate contributions is consistent with the plan document. We also recommend that corrections to past contributions be made, if necessary, and legal counsel be consulted to provide interpretive guidance and advice on corrective actions, if needed. The impact of not following the Plan's definition of compensation is that the financial statements could be misstated related to contributions. Additionally, the Plan could be out of compliance with IRS and DOL rules and regulations.
- **Participant Deferral Elections** - During our audit testing, we identified a participant's actual contribution deferrals were calculated at a different rate of eligible compensation than what the participant elected. We recommend that additional review procedures are performed to ensure that employee contribution deferrals are being calculated based on the employees' elected deferral rates. The impact of not having deferrals properly calculated based on the participant's election could result in missed deferral opportunities.
- **Discrimination testing** - During the audit, it was determined that the required nondiscrimination compliance testing was not completed. We recommend controls be put in place to ensure this testing is completed on an annual basis. The impact of not ensuring the passing of the nondiscrimination test could result in the Plan being out of compliance with IRS rules and regulations and losing its tax-exempt status.

**Section I - Internal Control Related Matters Identified in an Audit
(Continued)**

- **SOC-1 Report Review** - During audit testing and inquiries, we noted plan sponsor staff do not currently perform reviews of the Plan's service providers' reports on internal controls (SOC-1 reports). SOC-1 reports are issued by the independent auditors of the service providers and address the service providers' own internal control policies and procedures. The SOC-1 reports issued by the auditors typically note whether key internal control structure policies and procedures are suitably designed to achieve specified control objectives. Deficiencies, if any, are disclosed in the SOC-1 reports. By reviewing the SOC-1 reports, plan management can determine that the control objectives and associated control policies and procedures were tested for operating effectiveness at the service providers. These SOC-1 internal control reports can be obtained directly from the service providers, normally on an annual basis. In your role as plan management, it is your fiduciary responsibility to consider the controls in place at such organizations, or the lack thereof, and their potential impact on the Plan's financial reporting. The impact of not reviewing the SOC-1 reports is that the Plan's controls may not be appropriately adjusted to address controls not in place or not effective at the service providers; thus, controls may not be in place to detect or prevent material misstatements.

Section II - Required Communications with Those Charged with Governance

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 23, 2023, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on August 15, 2022.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2022.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the scope and nature of an ERISA Section 103(a)(3)(C) audit.

The disclosures in the financial statements are neutral, consistent, and clear.

Section II - Required Communications with Those Charged with Governance (Continued)

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2023.

Form 5500 - Annual Return/Report of Employee Benefit Plan

Our responsibility for Form 5500 does not extend beyond the financial statements, and we do not express an opinion or any form of assurance on Form 5500. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Re: Request for Penalty Abatement under Reasonable Cause

From:

Miguel Tovar

Vice President of Finance

Dear Sir/Madam:

I am writing to request an abatement of penalties.

I acknowledge and sincerely apologize for our late filing. The reason was due to key members of our staff departing the organization and training new staff to complete the necessary steps to submit our forms on time.

We have two health retirement plans, and we submitted one on time and missed submitting the second plan on time, and we submitted it one day late.

Again, I sincerely apologize and hope you will consider the abatement of penalties owed for reasonable cause.

I am willing to provide any clarification that you may require. Please feel free to contact me at 773-360-6343.

Sincerely,

Miguel Tovar
