Change in Actuarial Methods

The valuation software changed for this Plan Year. Prior to the change, the actuary compared the prior year Funding Target, Target Normal Cost and Actuarial Value of Assets using the old and the new software. There was less than 2% difference between the values produced by the old software and the new software. In addition, the valuation date has been changed from the last day of the Plan Year to the first day of the Plan Year. These changes meet the requirements for automatic approval in accordance with IRS Revenue Procedure 2017-56.
