INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Those Charged with Governance of
Lyon Shipyard, Inc. 401(k) Plan
Norfolk, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Lyon Shipyard, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Lyon Shipyard, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Lyon Shipyard, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lyon Shipyard, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lyon Shipyard, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lyon Shipyard, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2022 Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2021 Financial Statements

The financial statements of the Plan as of December 31, 2021, were audited by predecessor auditors. As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Trust Company. Their report, dated July 29, 2022, expressed an unmodified opinion on those statements.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Note 1. Plan Description

The following description of the Lyon Shipyard, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Lyon Shipyard, Inc. (the “Company”), who have completed 1,000 hours of service (1 year) and are age 21 or older, with the exception of those whose employment is governed by a collective bargaining agreement, leased employees, and independent contractors, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of pretax annual compensation as defined in the Plan. The Plan permits catch-up contributions to be made by participants who have attained age 50 before the end of the year. The Plan has an auto-enrollment feature providing for automatic deferral starting at 5% and increasing 1% on the Participants anniversary date annually up to a maximum of 10%. In addition, participants may also contribute amounts representing distributions from other qualified plans. Participants direct their contributions into various investments offered by the Plan. The Company may elect to make a matching contribution. The Company contributed 50% of the first 5% of compensation that a participant contributed to the Plan for 2022 and 2021. Additional amounts may be contributed at the discretion of the Company’s Board of Directors. The Company did not make discretionary contributions for the year ending December 31, 2022

Participant accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, an allocation of earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company’s discretionary match and profit sharing contributions portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

LYON SHIPYARD, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Note 1. Plan Description (Continued)

Payments of benefits

Upon termination of service for any reason, a participant with a vested account balance exceeding \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity, or annual installments over a specified period. For vested account balances between \$1,000 and \$5,000, the participant may elect to rollover the distribution directly to an eligible retirement plan or receive a lump-sum payment. If the participant fails to specify a form of distribution, the vested account balance will be distributed as an automatic rollover payable to an individual retirement plan as directed by the Plan Administrator. Vested account balances less than \$1,000 will be distributed in a lump-sum payment. In-service distributions and hardship distributions are allowed, as defined by the Plan document.

Notes from participants

Participants may borrow from their account balance up to a maximum equal to or the lesser of \$50,000 less the amount of their highest outstanding loan balance in the previous 12 months or 50% of the participant's vested account balance. Only one loan can be granted during a one-year period and only two loans may be outstanding to a borrower at any time. The term of repayment of a loan must not be less than one year nor greater than five years. The loans are secured by the balance in the participant's account and bear interest at market rates as determined by the Plan Administrator. At December 31, 2022, interest rates on loans ranged from 5.25% - 9.50%. Principal and interest are paid ratably through payroll deductions with a frequency of at least quarterly payments.

Forfeited accounts

At December 31, 2022 and 2021, there were no forfeited non-vested discretionary contribution accounts. Forfeitures of discretionary contributions may be used to pay administrative expenses incurred by the Plan or used to offset employer contributions. In 2022, forfeitures of \$3,115 and \$26,519 were used to reduce administrative fees and offset employer contributions, respectively.

Note 2. Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of investments and income recognition

The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefit payments

Benefit payments are recorded when paid.

Reclassifications

Certain amounts in the prior year have been reclassified to conform to the current year presentation. These reclassifications had no effect on total net assets presented in the prior year.

Subsequent events

Subsequent events have been evaluated through October 16, 2023, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's mutual funds, pooled separate account, and collective investment trusts are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 consists of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Note 3. Fair Value Measurements (Continued)

Level 1 Fair Value Measurements

The fair values of mutual funds, the pooled separate account, and collective investment trusts are based on quoted net asset values of the shares held by the Plan at year end.

Note 4. Investment Contract

The Plan is invested in the Principal Fixed Income Guaranteed Option issued by the Principal Life Insurance Company. This investment meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

This investment is a single group annuity contract with a fixed rate of interest which is reset on a semiannual basis. The average yield earned by the Plan is the yield earned on the group annuity contract. The average yield for the fund was 1.59% and 1.57% for the years ended December 31, 2022 and 2021, respectively. The yield earned by the fund with an adjustment to reflect the actual interest rate credited to participants was 1.57% and 1.58% for the years ended December 31, 2022 and 2021, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The following represents the total contract value of this investment contract held by the Plan.

	<u>2022</u>	<u>2021</u>
Traditional investment contracts	<u>\$ 830,429</u>	<u>\$ 839,448</u>

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investment Contract (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the *Internal Revenue Code* or the failure of the trust to be tax-exempt under Section 501(a) of the *Internal Revenue Code*
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Other Plan Sponsor events that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Note 5. Related-Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan participants may direct their investments in funds issued and managed by the Plan Trustee. Investments in funds issued by the Trustee are considered related party transactions. Fees paid by the Plan for investment management and trust services amounted to \$60,227 for the year ended December 31, 2022.

Note 6. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Company has adopted a prototype plan sponsored by Principal Life Insurance Company. The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the prototype plan is designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. The Plan has been amended, however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Re: Request for Extension for Form 5500 Filing

Dear Sir/Madam,

I hope this letter finds you well. I am writing on behalf of Lyon Shipyard to request an extension for the filing of our Form 5500 for the plan year ending on Plan Year End 2022, originally due on October 16, 2023, by 11:59 PM EST.

We apologize for the delay in our filing, and we would like to explain the circumstances that led to this request for an extension.

Our company recently engaged new outside accountants to assist us with the preparation and audit of our financial statements. While working closely with them, we encountered unexpected delays in the completion of our financial statements, which were a crucial component of our Form 5500 filing. Unfortunately, we did not receive the finalized financial statements until 6:40 PM EST on October 16, 2023, which left us with a limited window to complete the filing.

We promptly submitted the financial statements to our service provider, Principal, who handles the preparation and filing of our Form 5500. However, despite our best efforts, Principal informed us that they were unable to process the changes to the 5500 in time for the filing deadline due to the late receipt of the financial statements.

We understand the importance of adhering to regulatory deadlines and take our responsibilities in this regard very seriously. In light of these unforeseen circumstances, we kindly request an extension for the filing of our Form 5500. We are committed to ensuring the accuracy and completeness of our filing, and the additional time will allow us to make the necessary adjustments and submit a fully compliant report.

We are diligently working to expedite the processing of the Form 5500 and ensure it meets all the required standards. We anticipate that we will be able to complete the filing by 10/18/2023 and we are committed to making this deadline our top priority.

We appreciate your understanding and flexibility in this matter and request that you grant us an extension until the proposed date mentioned above. If there are any additional forms or documentation required for this extension request, please do not hesitate to inform us, and we will promptly provide the necessary information.

Thank you for your attention to this matter, and we look forward to your positive response.

Sincerely,

Nikole Dunkley, SPHR

Vice President of Human Resources

Lyon Shipyard
