To the Trustees of the
Irr Supply Centers, Inc. 401(k)
Profit Sharing Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Irr Supply Centers, Inc. 401(k) Profit Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for plan benefits as of March 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Irr Supply Centers, Inc. 401(k) Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended March 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Irr Supply Centers, Inc. 401(k) Profit Sharing Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Irr Supply Centers, Inc. 401(k) Profit Sharing Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The

risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Irr Supply Centers, Inc. 401(k) Profit Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Irr Supply Centers, Inc. 401(k) Profit Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under

ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information; including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Retirement Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Irr Supply Centers, Inc. 401(k) Profit Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan with a 401(k) feature covering substantially all employees of Irr Supply Centers, Inc. (the “Plan Administrator”). An employee must complete one year of service and 1,000 hours in order to become a participant in the Plan and begin making elective deferrals. There is no age requirement.

The Plan was established effective July 1, 1972 and restated to comply with statutory regulations effective May 12, 2022. The Board of Trustees is responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings and monitor investment performance.

Contributions – Participants may elect to make salary-reducing contributions to the Plan of a specific percentage or dollar amount up to 100% of their annual eligible compensation as a pre-tax contribution, limited by the amount imposed by law. Participants who are fifty years and older are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

The Plan Administrator also can make discretionary matching contributions which are equal to a specified percentage of participant contributions, up to a maximum of 4% of the participant’s eligible compensation, as defined by the plan. The Plan Administrator matches 50% of participant contributions, up to a maximum of 4% of the participant’s eligible compensation. The plan permits the Plan Administrator to make qualified non-elective or discretionary contributions. The Plan Administrator made a discretionary contribution in the amount of \$150,396 for the year ended March 31, 2022. The Plan Administrator did not make a discretionary contribution for the year ended March 31, 2023.

The Plan was amended as of April 1, 2021 to adopt safe harbor provisions, which require nonelective employer contributions equal to 3.5% of the participant’s eligible compensation, as defined by the plan. The Plan was again amended as of May 12, 2022 to change the effective date of forfeitures to the first day of the plan year following the plan year that the employee receives the distribution.

Participants direct the investment of contributions into various investment options offered by the plan.

Irr Supply Centers, Inc.
401(k) Profit Sharing Retirement Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Administrator contributions, and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions, the participant's share of Plan losses, and certain administrative expenses. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, employer safe-harbor contributions and the actual earnings thereon. Participants vest in Plan Administrator matching and discretionary contributions and actual earnings thereon at 100% after three years of credited service, as defined in the plan document. Vesting is immediate upon death, termination of employment due to disability, or attainment of early retirement age, as defined in the Plan document.

Payment of Benefits – Upon termination of service due to retirement, death, disability, upon reaching age 65, or upon reaching the early retirement age of 55 if no longer employed by the Plan Sponsor, a participant may elect to receive an annuity or a lump-sum distribution in an amount equal to the vested value of their account. Hardship withdrawals, as defined by the Internal Revenue Code (the "Code"), are available to participants from all or part of the vested portion of their individual account, subject to the provisions specified in the Plan agreement.

Forfeitures – Forfeited Plan Administrator profit sharing contributions are used to reduce any Plan Administrator matching contributions and administrative expenses. At March 31, 2023 and 2022, forfeited nonvested accounts totaled \$9,836 and \$1,106 respectively. Forfeitures of \$1,092 and \$2,046 were used to reduce the Plan Administrator's contributions in 2023 and 2022, respectively.

ERISA Spending Account – The Plan has received reimbursement for the certain Plan expenses paid through revenue sharing arrangements with certain investment funds owned by the Plan. The Plan received \$7,800 and \$5,750 of these reimbursements for the years ended March 31, 2023 and 2022, respectively, which was used to pay administrative expenses. Reimbursed expenses are included as other income on the statements of changes in net assets available for benefits. Amounts reimbursed are included in an ERISA Spending Account until they are reallocated to participants or used to pay plan fees at the Plan Administrator's discretion.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Transfers From Other Qualified Plan – Participants meeting certain requirements in another defined contribution plan maintained by the Plan Administrator have the option to diversify their investments by transferring a portion of their account balances to this Plan. For the year ended March 31, 2022, \$119,126 had been transferred from the other plan to this Plan. There were no transfers from the other plan to this plan for the year ended March 31, 2023.

Plan Termination – Although it has not expressed intent to do so, the Plan Administrator has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Tax Status – The Plan Administrator obtained a letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the prototype document, sponsored by Principal Life Insurance Co., satisfies the applicable provisions of the Code. Although the Plan has been amended since the prototype plan received the determination letter, the Plan Administrator and the Plan’s tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no tax provision for income taxes has been included in the accompanying financial statements.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for plan benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value and are administered by the Plan’s Custodian, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Units held in the guaranteed interest account consist of holdings in a fully benefit-responsive investment contract and are reported at contract value in the accompanying statements of net assets available for plan benefits. Contract value is the relevant measurement attributable for that portion of the net assets available for plan benefits of a defined-contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration requests for distributions are charged directly to the participant’s account. Investment-related expenses are included in the net appreciation (depreciation) in fair value of the investments.

Party-In-Interest Transactions – Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the custodian and the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition and disclosure, through September 28, 2023, the date the accompanying financial statements were available to be issued and determined that no additional recognition or disclosure was required.

3. Information Certified by the Custodian (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certifications of certain financial information by Principal Trust Company and Principal Life Insurance Company.

The Plan has obtained certifications from Principal Trust Company and Principal Life Insurance Company that the following information is complete and accurate as of March 31, 2023 and 2022 and for the years then ended:

	<u>2023</u>	<u>2022</u>
Assets as of:		
Mutual funds	8,518,126	9,964,645
Pooled separate accounts	9,201,716	11,866,875
Common and collective investment trusts	6,445,115	6,297,986
Guaranteed income fund	2,958,641	5,092,760
Transactions for the year ended:		
Dividend and interest income	226,988	226,840
Net appreciation (depreciation) in fair-value of investments	(2,020,364)	1,764,261

4. Fair-Value Measurements

The framework for measuring fair value provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

Irr Supply Centers, Inc.
401(k) Profit Sharing Retirement Plan
Notes to Financial Statements (continued)

4. Fair-Value Measurements (continued)

- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of March 31, 2023 and 2022.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of March 31, 2023 and 2022.

The asset or liability's fair-value measurement level within the fair-value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of March 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the NAV of units held by the account. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities.

Common and Collective Investment Trusts: Valued at the NAV of units of a common and collective investment trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

4. Fair-Value Measurements (continued)

Were the Plan to initiate a full redemption of the common and collective investment trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust for 6 months.

The preceding methods described may produce fair-value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the investments measured at fair value on a recurring basis as of March 31, 2023 and 2022, and indicates the fair-value hierarchy of the valuation techniques utilized to determine such fair value:

	<u>2023</u>	<u>2022</u>
Level 1:		
Mutual funds	\$ 8,518,126	\$ 9,964,645
Pooled separate accounts	9,201,716	11,866,875
Common and collective investment trusts	<u>6,445,115</u>	<u>6,297,986</u>
 Total Level 1 investments in fair-value hierarchy	 <u>24,164,957</u>	 <u>28,129,506</u>
 Total investments valued at fair value	 <u>\$ 24,164,957</u>	 <u>\$ 28,129,506</u>

5. Guaranteed Investment Contract with Insurance Company

The Plan has entered into a traditional fully benefit-responsive investment contract (the “Contract”) with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. The

5. Guaranteed Investment Contract with Insurance Company (continued)

guaranteed investment contract is presented in the statements of net assets available for plan benefits at contract value. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at March 31, 2023 and 2022 was \$2,958,641 and \$5,092,760, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a bi-annual basis.

Certain events limit the Plan's ability to transact at contract value with the Custodian. Such events include (1) amendments to the Plan documents (including complete and partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Administrator or other Plan Administrator events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption under ERISA. The Plan Administrator believes that any events that limit the Plan's ability to transact at contract value with participants are not probable to occur.
