Independent Auditor's Report

Plan Committee
Doane University Defined Contribution Retirement Plan
Crete, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Doane University Defined Contribution Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Doane University Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Doane University Defined Contribution Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Doane University Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Other Matter – Report on the Audit of the Financial Statements

In our report dated September 15, 2023, we expressed an unmodified opinion on the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements. However, because of the significance of the matter described in the Basis for Disclaimer of Opinion section of this report, it is inappropriate to express an opinion on these financial statements. Therefore, our report as presented herein and dated October 12, 2023, is different from that expressed in our previous report.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Doane University Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Our responsibility is to conduct an audit of Doane University Defined Contribution Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Doane University Defined Contribution Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section it is inappropriate to and we do not express an opinion on these supplemental schedules.

Doane University
Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1: Description of the Plan

General

The following description of the Doane University Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan sponsored by Doane University (University) for the benefit of its employees who are 21 or older. Students who are employed by the University are generally excluded from participation in the Plan. Participants will receive predecessor employer service credit for prior employment with Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF) contract holders that qualify.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”). Teachers Insurance and Annuity Association (TIAA) serve as the issuer of the TIAA Traditional Annuity contract held by the Plan. TIAA and Reliance Trust are the custodians of the plan and Empower is the record keeper of the Plan. University Retirement Equities Fund (CREF) serves as the issuer of the CREF variable annuities held by the Plan.

Contributions

The Plan permits eligible employees to have the Sponsor make annual contributions of up to 100 percent of eligible compensation through a salary deferral election. The University makes discretionary matching contributions for participants who have completed at least 1,000 hours in a 12 month period. The University made one to one matching contributions up to 6% for the years ended December 31, 2022 and 2021. Contributions are subject to certain limitations. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Participant Investment Account Options

Investment account options available include various annuity accounts, a pooled separate account and mutual funds. Each participant has the option of directing contributions into any of the investment account options selected by the University and may change the allocation to the extent permitted by the individual agreements.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the University’s contribution, if any, and Plan’s earnings and is charged with withdrawals and any fees applicable to early withdrawal. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants are immediately vested in their contributions and the University's matching contributions plus earnings thereon.

Plan Loans

Through TIAA-CREF participants previously had access to obtain plan loans that used the underlying investments in their account as collateral to borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance of their account. The Plan required the participants to maintain at least 110% of the loan as collateral with the TIAA-CREF investments.

Loan terms ranged from one to five years or up to ten years for the purchase of a primary residence. The loans bear interest at rates determined in accordance with the individual investment option agreements. As of December 31, 2022 and 2021, Plan loans totaled \$12,643 and \$53,765, respectively, including interest at rates of 4.00% to 4.20% per annum, through June 2023. Principal and interest is paid directly to TIAA-CREF.

Notes Receivable from Participants

Through Empower participants may borrow from the underlying investments in their account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance of their account. Repayments of participant loans are reinvested based on the participant's investment elections in place at the time of repayment.

Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans bear interest at rates determined in accordance with the individual investment option agreements. As of December 31, 2022 and 2021, Participant Loans totaled \$157,985 and \$137,232, respectively, including interest at rates of 4.25% to 8.00%, through July 2027. Principal and interest is paid directly to the Plan.

Payment of Benefits

Upon termination of service due to death, disability, severance, attainment of age 59 1/2, hardship or retirement, a participant may elect to receive either a lump-sum amount equal to the value of their account. A participant may elect to receive a distribution of their rollover contributions at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value.) Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Plan is partially funded by individually controlled TIAA and CREF investments. These contributions are allocated to the TIAA Traditional Annuity contract, CREF Variable Annuity accounts, TIAA-CREF mutual funds and the TIAA Real Estate Pooled Separate account.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

TIAA Traditional Annuity Account

The TIAA Traditional Annuity is a fixed-dollar annuity and investment products offered by TIAA, an insurance company. The TIAA Traditional Annuity is maintained in the TIAA general account.

Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA.

The TIAA Traditional Annuity investment contract with TIAA contains liquidity restrictions that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of ten annual installments or five annual installments for withdrawals after a participant's termination of employment. Therefore, a portion of this account is considered a fully benefit-responsive investment contract (FBRIC) and another portion is considered nonbenefit responsive. The TIAA Traditional Annuity provides a guarantee of principal, a 3% guaranteed minimum rate of interest and the potential for additional interest if declared by TIAA.

Note 2: Summary of Significant Accounting Policies - Continued

TIAA Traditional Annuity Account - Continued

The TIAA Traditional Annuity nonbenefit responsive portion is recorded at contract value, which approximates fair value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. At December 31, 2022 and 2021, the value of the TIAA-CREF non benefit responsive contracts totaled \$6,958,520 and \$7,969,022 respectively, and the TIAA-CREF benefit responsive contracts totaled \$910,643 and \$889,372, respectively.

The TIAA Traditional Annuity fully benefit-responsive portion is recorded at contract value. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

Mass Mutual SF Guaranteed

The Plan has a fully benefit-responsive investment contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The Guaranteed Interest Account is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets of the portion of the Great West general accounts that is used to determine the Guaranteed Interest Account's crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset at least annually and no more frequently than quarterly for some contracts.

The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2022 is 4.22% and for 2021 is 1.47%, respectively.

The actual average yield earned by the plan for the benefit responsive fund - this can be derived by averaging the plan's quarterly interest rates. That average for 2022 is 4.22% and for 2021 is 1.47%, respectively.

Mass Mutual SF Guaranteed - Continued

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the company to terminate the agreement prior to the scheduled maturity date.

CREF Variable Annuity Accounts

Participants purchase accumulation units in the variable annuity contracts and their value is calculated and published daily. Variable annuity accounts, except for the Money Market accounts are recorded at their estimated fair value, which is based upon the underlying value of the assets. The Money Market accounts are recorded at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

Pooled Separate Account

The TIAA Real Estate pooled separate account is valued at the NAV per accumulation unit of the investment. The underlying real estate holdings or other real-estate related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice periods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the University or the Plan, at the University's discretion.

Note 3: Certification of Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF and Reliance Trust, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022 and the accompanying schedule of delinquent participant contributions for the year ended December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are units of variable annuity accounts or a pooled separate account that is managed by an entity related to TIAA, which is a custodian for the Plan. The Plan's traditional annuity contract is maintained in TIAA-CREF's general account.

During 2022 and 2021, administrative fees paid by the Plan to Empower totaled \$90,700 and \$83,072 respectively. Individually nonmaterial expenses paid to parties in interest aggregated \$15,983 and \$42,273 during the years ended December 31, 2022 and 2021, respectively. The University provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value.

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7: Tax Status

The Plan operates under a volume submitter agreement in connection with a volume submitter plan and custodial document sponsored by Futureplan. This volume submitter plan document has obtained an advisory letter from the IRS stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Net Assets Available for Benefit

In November 2007, the Department of Labor issued amended regulations eliminating an exemption granted to 403(b) Plans from Annual Form 5500 reporting, disclosure and audit requirements under Title 1 of ERISA. The removal of this exemption subjected the Plan to audit and expanded Form 5500 reporting requirements for the first time beginning with the Plan's year ended December 31, 2009. The Plan and TIAA-CREF have not maintained sufficiently detailed accounting records relating to the Plan's annuity and custodial accounts issued to current and former employees prior to January 1, 2008. Accordingly, the completeness of the Plan's net assets available for benefits as of December 31, 2022 and 2021, and changes in net assets available for benefits for the years ended December 31, 2022 and 2021 could not be verified.

Note 10: Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, which is the date the financial statements were available to be issued.
