INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
BekaertDeslee USA Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BekaertDeslee USA Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BekaertDeslee USA Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BekaertDeslee USA Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BekaertDeslee USA Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the BekaertDeslee USA Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BekaertDeslee USA Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of and for the year then ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matter — Supplemental Schedules Required by ERISA (Continued)

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEKAERTDESLEE USA INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description and Summary of Significant Accounting Policies

The following provides general information about the BekaertDeslee USA Inc. 401(k) Retirement Plan (the Plan). Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General Information

The Plan was established on September 1, 2015 and is a defined contribution 401(k) plan. The plan covers the eligible employees of the adopting employers, BekaertDeslee USA Inc. and Progressive Products, Inc. (now BD Solutions, Inc.) (collectively "the Companies" or "the Employers"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Most recently, the Plan's operations for the 2020 plan year were amended to adopt the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

The Companies develop, manufacture and sell innovative, high-quality products throughout the world that vary from process and conveyor belts to sailcloth and mattress ticking. The Companies' business units hold prominent positions worldwide. The stock of most of the companies in the Plan was distributed to the foreign business units in 2012. Therefore, only Bekaert Textiles USA, Inc. remains under the ownership of Gamma Holding USA, Inc., a wholly owned subsidiary of Gamma Holding N.V., (The Netherlands).

Basis of Accounting

The Financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administration

The Trustee of the Plan's assets is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company, the Trustee). The Plan is administrated by the Treasurer of Bekaert Textiles USA, Inc. together with an advisory committee (the Committee) made up of members of key business units of the Employers. These members generally include a cross-section of those representing each business unit from the employers who have adopted the plan. The Committee has the authority to control the operation, management, and administration of the Plan. Allowable administrative expenses (as defined by federal regulations) of the Plan are paid out of Plan assets.

The Company pays certain administrative expenses on behalf of the Plan. Administrative expenses paid by the Plan during the years ended December 31, 2022 and 2021 were for asset fees and administrative fees. Administrative expenses paid by the Plan for the years ended December 31, 2022 and 2021 were \$61,561 and \$65,812, respectively. These expenses are included on the statement of changes in net assets available for benefits.

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Participation

All employees other than nonresident aliens, collectively bargained employees, leased employees and certain other classes of employees (as defined by the Plan) over age 21 are eligible to make salary deferral contributions to the Plan immediately upon employment. All eligible employees (as defined above) over age 21 who have completed six months of service, as defined by the Plan, are entitled to participate in all other aspects of the Plan. Once employees are admitted into the Plan, they remain in the Plan until termination of employment and/or withdrawal of their individual account balance from the Plan. An employee's initial eligibility carries over to when the employee is rehired, if applicable (thus rehired employees may be eligible for a match immediately).

Contributions

In accordance with the Plan, participants may elect to contribute from 1% to 100% of their annual eligible compensation on a pretax basis. Absent an election otherwise, eligible employees are set up to make automatic contributions of 3% of their eligible compensation in the form of salary deferrals. Employees may also make after-tax (Roth) contributions to the Plan. For each plan year, the individual Employers may contribute a matching contribution in an amount specified by the Plan or at the discretion of each employer. This contribution may be a percentage of compensation or a fixed dollar amount.

In addition, contributions by or on behalf of a participant for a plan year may not exceed certain limits which are imposed by the Internal Revenue Code (IRC) and which are set forth in the Plan.

Vesting

A participant shall at all times have a fully vested, nonforfeitable interest in his or her contributions. A participant becomes vested in employer contributions in accordance with the vesting schedules specified in the Plan document for each employer. Employees who were participants in their employer's plan prior to merging with the BekaertDeslee USA Inc. 401(k) Retirement Plan or its predecessor plan are 100% vested at all times in all accounts. All other plan participants are subject to a three year cliff vesting schedule (0% vested until three years of service is attained, at which time the participant becomes 100% vested) on the employer match contribution portion of their accounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Vesting (continued)

A participant is 100% vested upon attaining normal retirement age (age 62 for the Plan) or early retirement age (age 55 and four years of service). A participant is also 100% vested in the event of disability (as defined by the Plan document) or death.

Forfeited Accounts

The nonvested portion of a terminated participant's account is forfeited upon distribution of the vested portion or after a five-year break in service. Such forfeitures are used to reduce future employer contributions or plan expenses. For the years ended December 31, 2022 and 2021, forfeited non-vested accounts totaled \$15,297 and \$12,580, respectively. During 2022, forfeitures in the amount of \$27,838 were used to reduce employer contributions. During 2021, no forfeitures were used to reduce employer contributions. As of December 31, 2022 and 2021, forfeited non-vested amounts totaling \$1,573 and \$13,972, respectively, were available to reduce future employer match contributions or expenses of the Plan.

Notes Receivable from Participants

Within the limits of the IRC, a loan may be requested electronically by a participant. The minimum loan amount is \$1,000. The maximum loan amount may not exceed the lesser of (1) the amount which could be loaned tax-free under the applicable provisions of the IRC or (2) 50% of the loan participant's nonforfeitable account balance, reduced by the outstanding principal balance of any existing loan.

The loan repayment period is generally set at a maximum of 60 months. For loans used to purchase the participant's principal place of residence, the loan repayment period is set at a maximum of 180 months. The rate at which loans are issued plan-wide is the Wall Street Journal prime rate at the time of the loan plus 1.00%. No exceptions to this rate (by employer) are allowed. Refinancing to secure a more favorable rate during the scheduled amortization of the loan is not allowed.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest rates on loans outstanding as of December 31, 2022 ranged from 4.25% to 9.50%. Principal and interest is paid ratably through payroll deductions.

Notes Receivable from Participants (Continued)

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was signed into law in response to the COVID-19 pandemic. In accordance with the CARES Act, the Plan allowed participants to borrow up to \$100,000 from their account balance for loans made from March 27, 2020 through September 22, 2020. Participants were also able to delay loan repayments due between March 27, 2020 and December 31, 2020 for up to one year. The Plan was not amended for these changes since it is not required to be amended until the year ended December 31, 2025. Management intends to amend the Plan for this change prior to that date.

Plan Termination

Although management has not expressed any intent to do so, it has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants or their beneficiaries become 100% vested in all accounts and are entitled to a distribution of 100% of their account balances in all funds.

Benefits

On termination of service, disability, death, or retirement, participants receive a distribution in an amount equal to their vested account balance. If the participants' vested account balance exceeds \$5,000, the participant may elect distribution under any one of the various methods provided for by the Plan, including, but not limited to, a lump-sum payment or installment payments not to exceed the participants' life expectancy. If the participants' vested account balance is less than \$1,000, the Plan will distribute their vested account balance in a lump-sum payment. If the participant's vested account balance is between \$1,000 and \$5,000, the Plan will rollover the participant's vested account balances to an Individual Retirement Account on behalf of the participant or distribute the balance in accordance with the participant's election.

Benefit payments are recorded upon distribution to participants.

In accordance with the CARES Act, the Plan allowed participants to take a coronavirus-related distribution from their retirement plan prior to December 31, 2020, of up to \$100,000. These distributions may be repaid to the plan over a three-year period. The Plan also allowed suspension of 2020 required minimum distributions. The Plan was not amended for these changes since it is not required to be amended until the year ended December 31, 2025. Management intends to amend the Plan for this change prior to that date.

Participant Accounts

Each participant's account is credited with the participant elective deferrals, allocation of Plan Sponsor contributions and an allocation of Plan earnings and expenses. Plan Sponsor discretionary contributions, if any, are allocated based on a participant's compensation as a percentage of all eligible participants' compensation. Allocations of Plan earnings are based on the valuation of the investments held in each participant's account. Participants' accounts are valued on a daily basis. The benefit the participant is entitled to is the benefit that can be provided from the participant's account.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

All purchases and sales of securities have been recorded on a trade-date basis. Income is recorded as earned. Dividends are recorded on the ex-dividend date. The increase or decrease in the fair value of investments represents the net difference between the current value of securities held at the beginning of the year or cost of securities purchased during the year and the current value of securities held at the end of the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions for potential recognition or disclosure through October 16, 2023, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Financial Information Certified by the Trustee

Principal Trust Company (the Trustee) has provided the plan administrator with certifications as to the completeness and accuracy of total investments of the Plan held by the Trustee aggregating \$9,376,019 and \$11,367,098 as of December 31, 2022 and 2021, respectively; the related investment income (loss) of (\$1,683,858) and \$1,272,627 for the years then ended, respectively; and interest from notes receivable from participants of \$14,134 and \$11,866 for the years then ended, respectively. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedule of the Plan based on such certifications from the Trustee. Under the terms of the trust agreements, the Trustee manages investment funds on behalf of the Plan. The Trustee has been granted non-discretionary authority concerning the purchases and sales of the investments of the investment funds.

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BEKAERTDESLEE USA INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2022 and 2021.

Investments in common/collective trusts: The collective trust funds are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table reflects the Plan's investments within the fair value hierarchy at December 31, 2022:

As of December 31, 2022				
Assets	Measured at Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual Funds	\$ 6,724,938	\$6,724,938	\$ -	\$ -

3. Fair Value Measurements (Continued)

The following table reflects the Plan's investments within the fair value hierarchy at December 31, 2021:

	As of December 31, 2021			
	Assets Measured at Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual Funds	\$ 8,489,695	\$8,489,695	\$ -	\$ -
Investments Measured at Net Asset Value *	<u>2,606,172</u>			
Investments at Fair Value	<u>\$11,095,867</u>			

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount represented in the tables above and on the previous page are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Financial Accounting Standards Board Update 2009-12, Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value.

3. Fair Value Measurements (Continued)

The following tables set forth the disclosure of the attributes as of December 31, 2022 and 2021:

	2022			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$2,365,037	\$ -	Daily**	Daily**

	2021			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$2,606,172	\$ -	Daily**	Daily**

**The investment options held by the common/collective trust may restrict the amount or frequency of transfers or redemptions in order to protect fund shareholders or investors. In addition, withdrawals from and transfers among the common/collective trust may be subjected to postponement for any period during which trading on the New York Stock Exchange is restricted or any period during which an emergency exists, as determined by the Securities and Exchange Commission, as a result of which it is not reasonably practical to dispose of securities in the common/collective trust or to fairly determine the value of the assets of the common/collective trust.

4. Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a party-in-interest are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are shares in registered investment companies – mutual funds and common/collective trusts managed by the Trustees; and therefore, these transactions qualify as party-in-interest transactions and are indicated as such on the supplemental Schedule of Assets Held at End of Year. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

The Plan issues loans to participants, which are secured by the participant account balances. These qualify as party-in-interest transactions but are permitted under ERISA regulations. Additionally, certain employees of the Company provide certain accounting and administrative services to the Plan for which no fee is charged. These transactions are also permitted under ERISA regulations.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Tax Status

The Plan has adopted a nonstandardized 401(k) Profit Sharing Plan and Trust which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The nonstandardized 401(k) Profit Sharing Plan and Trust has been amended since receiving its determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2022, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2022, and the Plan's federal tax returns generally remain open for the last three years.

6. Reportable Transactions – Delinquent Participant Contributions

In 2022, it was determined that \$3,883 of employee loan payments were not remitted to the Plan within the time period prescribed in the Code of Federal Regulations during December 31, 2022. These contributions and related lost earnings were remitted to the Plan during 2022.

7. Risk and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits and participant accounts.

8. Reconciliation of Financial Statements to Form 5500

The financial statements are prepared on the full accrual basis of accounting whereas on the Form 5500 certain accruals are not recorded. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:
