INDEPENDENT AUDITOR'S REPORT

The 401(k) Plan Committee
Gorilla Circuits 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed audits of the financial statements of Gorilla Circuits 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GORILLA CIRCUITS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Gorilla Circuits 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established in 2005 by Teltec Corporation dba Gorilla Circuits (the “Company” or “ Employer”) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (“IRC”), and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration

The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Transamerica Life Insurance Company (“Transamerica”) to act as the custodian and a third-party administrator; Incentive Benefits, Inc., to process and maintain the records of participant data; and Camino Advisors, as an investment advisor and consultant.

Eligibility

Employees of the Company are automatically enrolled to participate in the Plan after one month of employment. Enrollment occurs on the first day of the next calendar month after meeting the service requirement.

Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax or Roth compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant’s direction.

The Plan provides automatic enrollment initially at 6% of the participants eligible pre-tax compensation, subject to annual increases of 1% on January 1, up to maximum of 8%, unless the participant affirmatively elects not to participate in the Plan. The automatic enrollment provision applies to all eligible employees who have not previously made a deferral election.

Rollover Contributions

Participants are also allowed to make rollover contributions from other tax-qualified employer-sponsored retirement plans. The contributions are invested in funds in accordance with the participant’s direction and the Plan’s provisions.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Employer Contributions

The Company may make discretionary matching and non-elective contributions to the Plan, as defined, upon approval by the Board of Directors. There were no Employer contributions made for the year ended December 31, 2022.

Vesting

Participants are immediately vested in their contributions. Participants are fully vested in the Employer's discretionary matching, and non-elective contributions allocated to their account, after two years of credited service, or upon death or disability. Participants with less than two years of credited service are not vested in any of the Company's matching or non-elective contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contributions, Plan earnings or losses and an allocation of the Company's contribution, if any. Plan earnings are allocated based upon participant account balances as defined. The benefit to which a participant is entitled is that which can be provided by the participant's vested account.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the website or by using the automated telephone system offered by the custodian. If the participant does not elect to direct their contribution to a specific investment, the contributions will be invested in funds, as defined in the Plan.

Forfeited Accounts

Available forfeitures of the non-vested portion of terminated participants' accounts may be used to pay administrative expenses of the Plan and then to reduce Employer matching and non-elective contributions. There was no forfeiture balance at December 31, 2022 or 2021. There were no forfeitures utilized for the year ended December 31, 2022.

Payment of Benefits

Upon termination of employment, death, disability or retirement and if a participant's vested balance exceeds \$5,000, a participant may elect to receive either a lump-sum amount equal to the value of the vested portion of his or her account, or in installments over a fixed reasonable period of time not exceeding the life expectancy of the participant or the joint life and last survivor life expectancy of his/her designated beneficiary. The Plan allows for the automatic distribution of participant vested account balances that do not exceed \$1,000 and an automatic rollover provision for any balances between \$1,000 and \$5,000 into an Individual Retirement Account.

GORILLA CIRCUITS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Notes Receivable from Participants

Prior to January 1, 2021, participants could borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the participant's account balance. Such notes bore interest at the available market financing rates and had to be repaid to the Plan within a five-year period unless the note was used for the purchase of a principal residence in which case the maximum repayment period may be longer. A participant was not able to have more than three loans outstanding at a time.

Effective January 1, 2021, participants can borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Such notes bear interest at the U.S. Prime Rate plus 2% and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. A participant may not have more than one loan outstanding at a time. The specific terms and conditions of such notes are established by the Plan Administration. Outstanding notes receivable at December 31, 2022 carry interest rates ranging from 5.25% to 9% and mature through 2027. Outstanding notes receivable at December 31, 2021 carry interest rates ranging from 5.25% to 7.5% and mature through 2026, respectively.

Plan Expenses

The Plan pays for most of the Plan's expenses. Plan expenses not paid by the Company, are charged on a pro-rata basis to the value of the participants account balances.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

GORILLA CIRCUITS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are valued at fair value, using the net asset value ("NAV") practical expedient. See Note 4 for a discussion of fair value measurements. The Plan's investment in the insurance company general account is stated at contract value. See Note 5 for a discussion of the insurance company general account.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Management fees charged to the Plan for investments in pooled separate accounts are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were no delinquent notes receivable from participants as of December 31, 2022 or 2021. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Benefit Payments

Benefit payments are recorded when paid.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, dividend and interest income, interest income on notes receivable from participants reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2022;
- Assets reflected in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

GORILLA CIRCUITS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Accounting Standards Codification Topic No. 820 (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts

Units held in pooled separate accounts ("PSA") are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information.

At December 31, 2022 and 2021, all pooled separate accounts held by the Plan had a daily redemption frequency and redemption notice period and had no unfunded commitments and no redemption restrictions.

GORILLA CIRCUITS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's investments by level as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Investments measured at NAV (practical expedient)	<u>\$9,894,980</u>	<u>\$11,661,329</u>

NOTE 5 – INSURANCE COMPANY GENERAL ACCOUNT

In 2005, the Plan entered into a benefit-responsive investment contract, the Stable Value Advantage Return Option ("Stable Value"), with Transamerica totaling \$1,111,797 as of December 31, 2022 and \$868,249 as of December 31, 2021. The Stable Value is invested in the general account of Transamerica with no stated maturity. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance company general account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the insurance company general account is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for plan benefits attributable to the insurance company general account. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the amount participants would receive if they were to initiate a permitted transaction under the terms of the Plan. The fair value of the Plan's investment contract account approximates the contract value at December 31, 2022 and 2021. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The terms of the contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Although participants generally may withdraw assets from the contract without restrictions, Transamerica may impose a holding period of up to 270 days at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

GORILLA CIRCUITS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – INSURANCE COMPANY GENERAL ACCOUNT (Continued)

The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. There is no guaranteed minimum or maximum interest rate in relation to this general account. The insurance company general account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The crediting interest rate at December 31, 2022 and 2021 was 1.55% and 1.45%, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and notes receivable from participants are managed and held by Transamerica, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

GORILLA CIRCUITS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 – UNCERTAIN TAX STATUS AND TAX POSITIONS

The Plan adopted a non-standardized form of a pre-approved plan sponsored by Incentive Benefits, Inc. The pre-approved plan has received an opinion letter from the Internal Revenue Service ("IRS") as to the plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code; therefore, no provisions for income taxes have been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for plan benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 10 – NON-EXEMPT TRANSACTIONS

During 2022, the Plan sponsor failed to deposit \$179,604 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor's regulations. The Company has deposited the contributions and loan repayments with the custodian during 2022 and plans to deposit all lost earnings into the impacted participants' accounts outside of the Voluntary Fiduciary Correction Program ("VFCP") in 2023.
