### ***Opinion on the 2022 Financial Statements***

We have audited the financial statements of SimplicityHR 401(k) Retirement Savings Plan FBO Ba-Le, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### ***Basis for Opinion on the 2022 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the 2022 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the 2022 Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Other Matter - Report on Compiled 2021 Financial Statements**

Plan management is responsible for the accompanying financial statement of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2021, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2021 financial statement.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2022**

---

**NOTE 1 - PLAN DESCRIPTION**

The following is a brief description of the SimplicityHR 401(k) Retirement Savings Plan FBO Ba-Le, Inc. (the "Plan"). Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined-contribution plan sponsored by Ba-Le, Inc. (the "Company"). The Plan is a multiple employer plan and exists for the exclusive benefit of its eligible employees and those employees of the Company's clients who have elected to adopt the provisions of the Plan. The Plan was formed effective January 1, 2021. Participants should refer to the Plan document for a complete description. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions**

Each year, participants may contribute to the Plan a percentage of their pre-tax or after-tax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Deferral percentage limits and after-tax options differ for each participating employer, and participants should refer to their employer's adoption agreement for the applicable deferral limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Discretionary employer-provided matching contributions may be made to the Plan on the employee's behalf. The match, if any, will be a discretionary percentage of the elective contributions made to the Plan by the employee. The employer will determine the amount of the discretionary matching contribution, or profit-sharing contribution, if any, that will be made to the Plan. Contributions are subject to certain limitations. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal from the Plan. Total participant contributions in any calendar year are limited to the applicable limit under the Internal Revenue Code Section 402(g). For the year ended December 31, 2022, matching contributions equivalent to 100% of a participant's contributions up to 3% of compensation plus 50% of contributions on the next 2% of compensation were contributed to the Plan.

The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

Forfeitures shall be used as elected by the employer to either (a) reduce future employer contributions, (b) reduce current period contributions by the employer or (c) pay any administrative expenses of the Plan. There were no forfeitures during the year or available for future use as of December 31, 2022.

**NOTE 1 - PLAN DESCRIPTION (CONTINUED)**

**Participants Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the participating employers' contributions and (b) Plan earnings. Allocations are based on participant's qualified compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct contributions to a selection of a money market fund, stock funds and bond funds under an arrangement with the custodian of the Plan investments. Participants may change the allocation of their account in the different funds at any time.

**Benefit Payments**

On termination of service, death, disability or retirement, a participant or their beneficiaries may elect to (a) receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, (b) elect to have the benefits paid in the form of a direct rollover to an individual retirement account or (c) elect to have the benefit paid to another qualified retirement plan described in Section 401(a) of the Internal Revenue Service. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan. Benefit payments are recorded when paid.

**Vesting**

Participants are vested immediately in their contributions, qualified non-elective employer contributions, safe harbor matching contributions and actual earnings thereon. Vesting of employer's matching contributions and discretionary contributions plus earnings thereon is based on various years of service.

The vested portion of participant accounts containing discretionary employer contributions will be determined in accordance with the following schedule based upon years of service with the employer through the date of termination of employment with the employer:

<b><u>Total Number of Years of Service</u></b>	<b><u>Vested Interest</u></b>
Less than 2 years of service	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Quoted market prices are used to value Plan investments. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

**Fair Value Measurements**

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

1. Quoted prices for similar assets or liabilities in inactive markets;
2. Quoted prices for identical or similar assets or liabilities in inactive markets;
3. Inputs other than quoted prices that are observable for the asset or liability; and
4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fair Value Measurements (Continued)**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Management Evaluation of Subsequent Events**

The Plan has evaluated subsequent events through October 16, 2023, the date on which the financial statements were available to be issued.

**NOTE 3 - TRANSACTIONS WITH PARTIES-IN-INTEREST**

Certain Plan investments are shares of registered investment companies managed by Slavic Integrated Administration ("third party administrator" or "Slavic") and held by Mid Atlantic Trust Company ("custodian" or "Mid Atlantic"). Mid Atlantic, under terms of an investment contract, serves as the custodian and holds all the Plan's investment assets and executes transactions therein. Mid Atlantic is the custodian as defined by the Plan and, therefore, the related transactions qualify as party-in-interest.

Slavic provides to the Plan certain accounting and administrative services for which the fees are charged to the Plan. Slavic also provides broker related services to the Plan for which commissions are charged to the Plan. The Plan was charged fees related to maintaining custody of the Plan's assets and various Plan management services which amounted to approximately \$1,000 for the year ended December 31, 2022.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

**NOTE 4 - TAX STATUS**

The Plan has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020, stating the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code pertaining to amendments executed through the letter date. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

**NOTE 4 - TAX STATUS (CONTINUED)**

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2022.

**NOTE 5 - ADMINISTRATIVE EXPENSES**

Administrative expenses recorded in the Plan represent recordkeeping and advisory fees paid directly from the Plan which amounted to approximately \$9,000 for the year ended December 31, 2022. These fees are paid by the participants.

**NOTE 6 - FAIR VALUE MEASUREMENTS**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers in or out of Level 3 assets or liabilities during the year ended December 31, 2022.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Money market funds:* Valued at the net asset value of shares held by the Plan at year-end.

*Registered investment companies:* Valued at the daily closing price as reported by the underlying fund, which is traded on a national exchange.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Registered investment companies	883,867	883,867
 Total Assets at Fair Value	 \$ 1,119,510	 \$ 1,119,510

**NOTE 7 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**NOTE 8 - PLAN TERMINATION**

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
