Advanced Energy Industries, Inc.
401(k) Profit Sharing Plan
1625 Sharp Point Drive
Ft. Collins, CO 80525

We have audited the financial statements of the Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022, and we will issue our report thereon dated September 15, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the U.S. ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 28, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 15, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

Discussion with Management

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Required Minimum Distributions

During the course of our audit, Brock and Company, CPAs, P.C. ("Brock") noted several participants who had reached the age of 72 and had not taken a required minimum distribution ("RMD") in 2022. Brock recommends Plan management follow up with these individuals and work with Fidelity to get these RMDs processed. Furthermore, Brock recommends Plan management strengthen internal controls surrounding RMDs in order to ensure that all RMDs are processed and distributed timely.

Participant Survey Results

As part of our audit, Brock performs participant surveys. In connection with these surveys, one participant indicated the following:

- they are not receiving their 401(k) Plan statement;
- they have changed their deferral rate in the past and the change was not timely implemented in payroll; and
- "It would be nice if you offered a calculator to figure out how much I should take out of my paychecks to meet the max IRS savings amount. Instead, I have to calculate the amount until I get the correct amount of saving."

Brock recommends Plan management follow up with this individual in order to address their concerns.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Committee and management of the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Independent Auditor's Report

To the Plan Administrator of the
Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 – Description of the Plan

The Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan (the "Plan") was established on February 1, 1984. The following is a brief general description of the Plan. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established by Advanced Energy Industries, Inc. (the "Company," "Plan Administrator," or "Plan Sponsor") under the provisions of 401(a) of the Internal Revenue Code ("IRC"). The Plan is generally available to all the employees of the Company and Related Participating Employers (collectively, the "Employer"). The Plan's Related Participating Employers are UltraVolt Inc.; Sekidenko, Inc.; Trek Inc.; Lumasense Technologies Holdings, Inc.; String Inverter Repair Services LLC; Artesyn Embedded Technologies, Inc.; Astec America, LLC; Tegam, Inc. (effective January 1, 2022); Versatile Power (effective January 1, 2022); and SL Power Electronics Corp. (effective April 25, 2022). In order to be eligible to participate in the Plan an employee must be age 18 years or older. Employees may enter the Plan the first of the month coincident with or after meeting the Plan's eligibility requirements. The Plan excludes the following types of employees; union employees (unless the collectively bargained agreement provides for their participation in the Plan), nonresident aliens with no U.S. source income, leased employees, residents of Puerto Rico, and summer interns (unless they are age 21 and complete 1,000 hours of service). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendments and Transfers. Effective January 1, 2022, the Plan document was amended. In connection with this amendment, the following:

- Tegam, Inc. and Versatile Power became Related Participating Employers in the Plan.
- The Tegam, Inc. 401(k) Plan and Versatile Power 401(k) Savings Plan (the "Versatile Plan") (collectively, the "Tegam and Versatile Plans") were merged into the Plan. In connection with this merger, assets of approximately \$7.6 million were transferred from the Tegam and Versatile Plans into the Plan in January 2022. Additionally, a blackout period for Versatile Plan participants commenced on December 27, 2021 and ended or before January 28, 2022.
- The Plan added an Employer safe harbor matching contribution whereas the Employer will make a safe harbor matching contribution to eligible participants each payroll period equal to 100% of a participant's salary deferral contributions that do not exceed 3% of their compensation, plus 50% of a participant's salary deferral contributions in excess of 3% but not in excess of 5% of the participant's compensation.
- Participants may not currently make after-tax employee contributions to the Plan, but the Employer does maintain a frozen employee after-tax contributions account.
- The contribution period for Employer matching contributions was changed from each Plan year to each payroll period.
- An early retirement age option was added for participants who attain age 55 and complete 7 years of vesting service.
- Vesting was modified to allow participants to become 100% vested in the discretionary Employer matching and nonelective contribution accounts, with certain exceptions.

December 31, 2022 and 2021

Note 1 – Description of the Plan (continued)

Plan Amendments (continued). On April 25, 2022, the Company completed the acquisition of SL Power Electronics Corp. In connection with this acquisition, the Plan was amended to add SL Power Electronics Corp as a Related Participating Employer effective April 25, 2022.

In September 2022, the pre-approved Plan document was amended to reflect statutory changes pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and any related guidance.

In October 2022, the pre-approved Plan document was amended for technical corrections to Internal Revenue Code (“IRC”) 414(s) compensation and miscellaneous updates.

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants may contribute a percentage up to 85% of their pre-tax compensation, as defined in the Plan document, subject to limitations. Participants may also contribute a percentage of their after tax compensation and designate it as a Roth deferral contribution. The Plan has an automatic enrollment feature. With certain exception, unless an eligible participant makes an affirmative election otherwise, 2% of their compensation will be withheld and contributed to the Plan as an elective deferral contribution. A participant's total salary deferral contribution cannot exceed \$20,500 (\$27,000 if age 50 or older) in 2022.
- Employer Safe Harbor Matching Contribution - The Employer makes a safe harbor matching contribution to eligible participants each payroll period equal to 100% of a participant's salary deferral contributions that do not exceed 3% of their compensation, plus 50% of a participant's salary deferral contributions in excess of 3% but not in excess of 5% of the participant's compensation.
- Discretionary Employer Matching Contributions – The Employer may make a matching contribution each payroll period to eligible participants. During 2022, the Employer did not make a discretionary matching contribution.
- Discretionary Employer Nonelective Contributions – The Employer may make a discretionary nonelective contribution to eligible participants that are employed by the Employer on the last day of the Plan year, with certain exceptions for death, disability, and retirement. Such contribution is allocated in the proportion that each eligible participant's compensation bears to the compensation of all eligible participants. During 2022, the Employer did not make a discretionary nonelective contribution.
- Rollover Contributions - Amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

The total annual additions to a participant's account may not exceed the lesser of \$61,000 in calendar year 2022, or 100% of the participant's compensation, as defined.

Investments. Participants currently have the option to direct their investments into various mutual funds, a common collective trust, and a money market fund.

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Employer's contributions (safe harbor matching, discretionary matching, and discretionary nonelective), (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are vested immediately in their salary deferral contributions, safe harbor Employer matching contributions, rollover contributions, and related earnings thereon. With certain exceptions, participants are also 100% vested in the discretionary Employer matching and nonelective contribution portions of their accounts.

Forfeitures and Unallocated Asset Accounts. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to reinstate participant's accounts, used to pay administrative expenses of the Plan, or used to reduce Employer contributions. During 2022, forfeitures of \$107,114 were used to reduce Employer contributions and \$31,700 were used to pay administrative expenses of the Plan. Unutilized forfeited non-vested accounts at December 31, 2022 and 2021 totaled \$6,485 and \$121,168, respectively.

The Plan also maintains unallocated asset accounts. The balance in the unallocated asset accounts was \$19,841 and \$17,731 as of December 31, 2022 and 2021, respectively.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000. The maximum loan is the lesser of (i) \$50,000 minus the highest loan balance in the previous 12-month period, or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (a longer term, up to 10 years, is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates at the date the loan is granted as determined by the Plan administrator. Principal and interest payments are generally paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, installments, or partial payments equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Participants may also elect to rollover their account balance into another qualified retirement plan or Individual Retirement Account. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, for a qualified reservist distribution, and in the event of a financial hardship, as defined in the Plan document, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan also include fees paid for recordkeeping, account maintenance, investment advisory, consulting, and other fees. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Benefit Payments. Benefits are recorded when paid.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 3 – Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and the money market fund are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.
- The common collective trust ("CCT") is valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Note 3 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Unit. The following table for December 31, 2022 and 2021, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
CCT (a)	\$ 14,687,821	\$ 14,931,638	None	Daily	(b)

(a) The Galliard Stable Return C has a stable value fund strategy that seeks to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposits, by investing primarily in investment contracts and security backed contracts.

(b) For the Galliard Stable Return C, qualified Plan participant initiated withdrawals are honored at any time without penalty, regardless of their frequency or amount unless payments are being delayed to all Galliard Stable Return C (the "Fund") unit holders. The Fund also requires participants to invest in a "non-competing fund" for at least 90 days before transferring to a "competing" fund option. Examples of "competing" fund options include a money market fund, a high quality bond fund with a duration of three years or less, other principal preservation funds, or a brokerage window.

Any Plan sponsor or Plan fiduciary initiated withdrawal from the Fund will require a 12-month written notice of the intent to withdraw assets from the fund. At the discretion of the Trustees, the notification periods identified for withdrawals may be waived only under extenuating circumstances as determined by the Trustees in its sole discretion.

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021;
- Investment amounts, as shown in Note 3;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022;
- The information presented in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown in the supplemental schedule.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Advanced Energy Industries, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 6 – Tax Status

The Plan sponsor has adopted an FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan ("pre-approved plan"). The pre-approved plan received an opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the pre-approved plan and the Plan have been amended since receiving the IRS opinion letter, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2022 and 2021. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021:

	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 232,688,448
Less: Employer contributions receivable	<u>(165,648)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u>\$ 232,522,800</u>

The following is a reconciliation of Employer contributions per the financial statements to the Form 5500 for the year ended December 31, 2022:

	<u>Employer Contributions</u>
Amounts per the financial statements	\$ 4,313,901
Add: 2021 Employer contributions receivable	<u>165,648</u>
Amounts per the Form 5500 (unaudited)	<u>\$ 4,479,549</u>

Notes to Financial Statements

December 31, 2022 and 2021

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are offered by Fidelity. As Fidelity Management Trust Company is the trustee of the Plan, these transactions represent party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Concentrations, Risks and Uncertainties

The Plan currently provides for various investment options in mutual funds, a common collective trust, and a money market fund. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2022 and 2021, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 15, 2023, which is the date the financial statements were available to be issued.
