### INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the  
Arktura, LLC 401(k) Plan  
Gardena, California

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Arktura, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits for the period ended November 25, 2022 and for the year ended December 31, 2021, and the related statement of changes in net assets available for benefits for the period ended November 25, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Arktura, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 25, 2022 and December 31, 2021, and for the period ended November 25, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

#### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arktura, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## INDEPENDENT AUDITORS' REPORT (Continued)

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arktura, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arktura, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arktura, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ARKTURA, LLC 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS

For the Period Ended November 25, 2022 and the Year Ended December 31, 2021

#### **Note A – Description of the Plan**

The following description of Arktura, LLC 401(k) Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

#### General

The Plan was established January 1, 2019. The Plan is a participant-directed defined contribution plan established by the Company under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed three months of service and over the age of 18, as defined, are eligible to participate.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has been amended since inception to comply with tax law changes and make other changes to the Plan's design.

On December 16, 2020, the Company entered into an acquisition agreement with Armstrong World Industries, Inc. On November 25, 2022, the Plan transferred all assets to the Saving and Investment Plan of AWI and terminated the Arktura LLC 401(k) Plan.

#### Plan Administration

The Company delegated certain responsibilities for the operation and administration of the Plan to Millennium Trust Company, LLC, as the Plan trustee, from January 1, 2022 through November 25, 2022. In addition, certain administrative and recordkeeping services were provided by Betterment Securities, as the Plan custodian for the same period.

#### Participation

Employees, other than excluded employees, may participate in the Plan on the first day of the month following the 3rd month after their date of hire.

#### Contributions

Employees are automatically enrolled in the Plan after three months of service at a 6% deferral rate.

Eligible participants may elect to contribute up to 100%, but not to exceed statutory limits, of their compensation to the plan through payroll deductions. The plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans subject to code regulation. Eligible employee contributions are fully vested when contributed.

Discretionary matching contributions are determined by the Board of Directors on a year-to-year basis. The Company did not make matching contributions for the period ending November 25, 2022 or for the year ending December 31, 2021, respectively. Participants are fully vested in employer matching contributions upon entering the Plan.

## ARKTURA, LLC 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS

For the Period Ended November 25, 2022 and the Year Ended December 31, 2021

#### **Note A – Description of the Plan (Continued)**

##### Contributions (continued)

Discretionary profit sharing contributions are determined by the Board of Directors on a year-to-year basis. The Company did not make profit sharing contributions for the period ending November 25, 2022 or for the year ending December 31, 2021. Participants are fully vested in employer profit sharing contributions upon entering the Plan.

Participants direct the allocation of their contributions entirely or in percentages to any of the funds. Employee salary deferrals are deposited directly into the appropriate fund by the Company in accordance with the participants' directives and the terms of the Plan.

The employee deferral to the Plan is intended to qualify under Sections 401 and related provisions of the Internal Revenue Code.

##### Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings and losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

##### Payment of Benefits

Upon a participant's retirement, termination of employment, death, or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account, direct trustee to trustee rollovers. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000. All distributions elected by terminated participants during the Plan year have been paid by the Plan at November 25, 2022 and December 31, 2021.

##### Forfeitures

At November 25, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0. These accounts are used to reduce employer contributions and pay administrative expenses of the Plan. During the period ended November 25, 2022 no forfeitures were available to reduce the administrative expenses.

##### Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the plan agreement.

## ARKTURA, LLC 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS

For the Period Ended November 25, 2022 and the Year Ended December 31, 2021

#### **Note A – Description of the Plan (Continued)**

##### Notes Receivable from Participants

Participants may borrow against their vested balances for any reason. The loan provisions are structured to allow access to vested balances without incurring distribution penalties. The loan amount, length of loan repayment terms and interest rates are limited by statutory restrictions incorporated in the Internal Revenue Code and related regulations.

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at the available market financing rates and must be repaid to the Plan within a five year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such loans are established by the Plan administrator. Outstanding loans through November 25, 2022, carried interest rates of 4.25% to 7.25%.

#### **Note B – Summary of Significant Accounting Policies**

##### Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted ("GAAP") in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

##### Investment Valuation and Income Recognition

The Plan investments are stated at fair value. Mutual funds are stated at fair value as determined by quoted market prices which are used to value investments, representing the net assets value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the cash basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

##### Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note D for the fair value measurement disclosures associated with the Plan's investments.

##### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTES TO FINANCIAL STATEMENTS

For the Period Ended November 25, 2022 and the Year Ended December 31, 2021

**Note B – Summary of Significant Accounting Policies (Continued)**

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Note C – Information Certified by the Plan’s Custodian**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan’s financial statements and supplemental schedule of assets held for investment purposes.

Investments held and certified by the trustee as of November 25, 2022 and December 31, 2021:

	<u>2022</u>	<u>2021</u>
Interest in mutual funds	\$ -	\$ 1,155,751
Noninterest bearing cash	-	422
Notes receivable from participants	-	17,081

Investment income/(loss) certified by the trustee for the period ended November 25, 2022:

Net depreciation in fair market value	\$ (172,663)
Participant loan interest	839
Dividend income	<u>24,685</u>
Total investment income/(loss)	<u>\$ (147,139)</u>

In addition, the trustee also certified benefits paid to participants of \$76,444, and cash basis participant contributions of \$468,168 and administrative expenses of \$4,395 for the period ended November 25, 2022.

**Note D – Fair Value Measurements**

Accounting Standards Codification (ASC) 820

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or

**Note D – Fair Value Measurements (Continued)**

Accounting Standards Codification (ASC) 820 (continued)

liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2:* Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 25, 2022 and December 31, 2021.

*Common stocks, corporate bonds and U.S. government securities:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the net asset value ("NAV") of shares held by the plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note E – Income Tax Status**

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations from the date of plan inception.

**Note F – Party-In-Interest Transaction**

Certain Plan investments in mutual funds are managed by Betterment Securities, the custodian and third party administrator of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Substantially all of the legal, accounting and administrative expenses of the Plan are paid by the Company.

NOTES TO FINANCIAL STATEMENTS

For the Period Ended November 25, 2022 and the Year Ended December 31, 2021

**Note G – Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and participant accounts will be distributed in accordance with the Plan document and ERISA.

**Note H – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
