Independent Auditor's Report

To the Plan Administrator
Aurora Health Management, LLC 401(k) Plan
Millersville, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aurora Health Management, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the

audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aurora Health Management, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of Aurora Health Management, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution that became effective February 26, 2012. The Plan covers all non-union employees over the age of 21, who have 12 months and 1,000 hours of service with Aurora Health Management, LLC (the Plan sponsor) and the participating companies. Aurora Health Management, LLC, Citizens Care and Rehabilitation Center of Frederick, LLC and Odyssey Assisted Living at Montevue, LLC are the only active participating entities subsequent to the partial plan termination on October 31, 2019 (Note 8). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The participating affiliates (collectively the "Company") are all a part of the same controlled group.

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Empower Trust Company, LLC (Empower or Trustee). The Administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company.

Contributions

Participants may elect to contribute a percentage of their pre-tax compensation up to the amount allowable under applicable provisions of the Internal Revenue Code (IRC). Roth contributions are also permitted. A Roth deferral is an elective deferral the participant irrevocably designates as a Roth deferral and is subject to income tax when contributed to the Plan. Participant contributions are made through payroll deductions. Each participant designates the percentage of their contribution which is to be invested in one or more of the available investment fund options. The Plan has an automatic enrollment feature whereby a participant who meets the eligibility requirements of the Plan will have 2% of their eligible compensation withheld, unless the participant elects to decline enrollment. Contributions are automatically invested in the Drive Balanced Fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes a discretionary matching contribution equal to 50% of each eligible employee's deferrals each Plan year, up to a maximum of 2% of compensation for employees employed on the last day of the Plan year. The Plan also allows the Company to make non-elective discretionary contributions. Discretionary contributions are not based upon participant contributions but based on the compensation of the eligible participants. During the year ended December 31, 2022, there were no discretionary contributions.

Participants are permitted to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such rollover contributions are deposited in the appropriate investment funds in accordance with the participant's election and the Plan's provisions.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's discretionary matching contributions, as well as allocations of the Company's discretionary non-elective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral, after tax, and Company safe harbor nonelective contributions, plus actual earnings thereon. Participants who retire, die or become totally and permanently disabled are entitled to the full amount in their account. Participants who terminate employment prior to 100% vested are entitled to a percentage of their Company employer contributions account depending on their years of service. A participant will be vested 20% per year beginning after one year of service and is 100% vested after six years of service.

Payment of Benefits

Upon termination of employment, a participant may elect to have vested Plan benefits distributed as a lump-sum or in installment payments. However, account balances that are less than \$5,000 will be distributed in a lump-sum amount. Distributions from a participant's account are required after the participant has attained 70½ years of age. In-service withdrawals are permitted after a participant has attained 59 ½ years of age. Participants may also withdraw funds from the vested portion of their accounts due to a financial hardship, which must be demonstrated to the plan administrator, and must not exceed the amount of the participant's financial hardship. Distributions are subject to the applicable provisions of the Plan document. Certain income taxes and penalties apply to withdrawals or distributions prior to age 59 ½.

Forfeitures

The non-vested portion of a participant's account balance is forfeited upon termination of employment. Forfeitures are used to reduce the Company's matching contribution. The balance in the unallocated forfeitures account as of December 31, 2022 and 2021 was \$30,876 and \$30,615, respectively. The Plan used \$5,653 of unallocated forfeitures to reduce the employer contributions during the year ended December 31, 2022.

Notes Receivable from Participants

The Plan does not allow for loans to participants.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by Empower. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account. Administrative expenses of \$16,272 were charged to the Plan for account maintenance and participant requested transactions for the year ended December 31, 2022. Investment related expenses are included in net depreciation in fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

Aurora Health Management, LLC 401(k) Plan

Notes to Financial Statements

- Net investment loss as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedules.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedules, including assessing whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: represent investments held with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net

Notes to Financial Statements

asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trusts: units held in the common collective trusts (CCT) are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2022 and 2021 on a recurring basis:

<i>December 31, 2022</i>	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 57,089	\$ 57,089	\$ -	\$ -

Total investments at the NAV as a practical expedient (a)	4,607,161
--	-----------

Total investments, at fair value	\$ 4,664,250	\$ 57,089	\$ -	\$ -
----------------------------------	--------------	-----------	------	------

<i>December 31, 2021</i>	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 132,069	\$ 132,069	\$ -	\$ -

Total investments at the NAV as a practical expedient (a)	5,946,503
--	-----------

Total investments, at fair value	\$ 6,078,572	\$ 132,069	\$ -	\$ -
----------------------------------	--------------	------------	------	------

(a) In accordance with subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no unfunded commitments and no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. These investments are direct filing entities.

<i>December 31,</i>	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common collective trusts	\$ 4,607,161	\$ 5,946,503	\$ -	Daily	None

Notes to Financial Statements

5. Party-in-Interest and Related Party Transactions

Certain officers and employees of the Plan sponsor are administrators of the Plan acting as fiduciaries and are also participants in the Plan. In addition, the underlying investment options available to the participants under this contract are also products of Empower, therefore these transactions qualify as party-in-interest transactions. During the year ended December 31, 2022 the Plan paid administrative fees of \$16,272 to Empower.

6. Tax Status

The Plan Document is a prototype plan that has an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) stating that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As such, the plan is not subject to income taxes; however, it is required to file tax returns.

In accordance with ASC 740, *Income Taxes*, U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2022 and 2021, the Plan held one investment comprising of 72% of the total fair value of investments.

8. Plan Termination

Effective October 31, 2019, many of the participating companies of the Plan were sold, which triggered a partial plan termination. In accordance with the Internal Revenue Service (IRS) guidance, all active participants of the Plan affected by the partial plan termination became 100% vested. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA.

9. Prohibited Transactions

During the year ended December 31, 2022 and 2021, the Plan Sponsor failed to segregate and remit in a timely manner \$117,828 and \$25,684, respectively, of participant contributions from its assets within the required time period as specified by the United States Department of Labor (DOL) Reg. 2510.3-012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. Late contributions not corrected as of December 31, 2022 are expected to be remitted to the Plan during 2023. The lost

Notes to Financial Statements

earnings will be paid from the assets of the Plan Sponsor and not from the assets of the Plan. During 2022, the Plan Sponsor remitted contributions and lost earnings related to 2021.

10. Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, October 16, 2023, the date the financial statements were available to be issued.
