Independent Auditor's Report

Plan Administrator and Participants
Bob Tomes Ford, Inc. 2 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bob Tomes Ford, Inc. 2 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bob Tomes Ford, Inc. 2 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Bob Tomes Ford, Inc. 2 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by the Bob Tomes Automotive Group (the “Company”) under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan covers substantially all employees of the Company who are employed in the fixed operations departments of the Company. Each covered employee must have completed twelve months of service with the Company and be 18 years old to be eligible to participate in the Plan.

Eligible employees will enter the Plan on the first day of the Plan Year coinciding with or following the date which eligibility requirements have been satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Company (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and to keep accurate records and reports. Great-West Trust Company, LLC (“Empower”), the custodian of the Plan, is responsible for the custody and management of the Plan’s assets.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to the dollar limitation under sections 401(k), 402(g), 404 and 415 of the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions to the 401(k) plan at a uniform rate equal to 50 percent of the election deferral that does not exceed 2 percent of compensation. Contributions are subject to certain limitations. For the years ended December 31, 2022 and 2021, the Company made matching contributions of \$48,751 and \$33,747, respectively.

The Company may make discretionary nonelective matching contributions. The Company determines the formula for the nonelective matching contributions and allocation of these contributions must be made in a pro rata percentage of participant compensation. In addition to the age and service requirement, a participant must be employed on the last day of the plan year to receive an allocation of these contributions. The Company did not make nonelective matching contributions to the Plan during the years ended December 31, 2022 and 2021.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching contributions, as well as the participant’s share of investment income, appreciation, and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. DESCRIPTION OF PLAN (Continued)

Plan Operations

Based on non-discrimination tests, the Plan did not pass the Actual Deferral Percentage (“ADP”) tests in 2022, 2021, 2020 and 2019. The ADP test is a test that Plan Sponsors must conduct to ensure that the Plan does not unfairly benefit highly compensated employees. In order to pass the non-discrimination test and correct this compliance issue, Plan management elected to refund excess elective deferrals and earnings thereon to certain highly compensated employees in accordance with the requirements of the Internal Revenue Code. The calculated amounts for 2022, 2021, 2020 and 2019 were \$37,442, \$17,915, \$36,095, and \$32,854, respectively. The 2020 and 2019 excess contributions were not distributed within the required 12-month period after year end. As a result of not distributing the excess contributions back to the participants timely, the Company was required to contribute amounts equal to the excess contributions plus penalties through qualified non-elective contributions (“QNEC”). The excess contributions for 2021 and 2020, which include penalties, totaling \$70,664 are included as excess contributions payable in the accompanying Statements of Net Assets Available for Benefits.

The Plan also recorded a QNEC receivable at December 31, 2021 of \$52,749 in connection with the 2020 correction of the non-discrimination tests due to certain administrative errors and is included in the accompanying Statements of Net Assets Available for Benefits. The QNEC is immediately 100% vested to the employees. The contributions will be made in accordance with IRS regulations and do not affect the tax status of the Plan. The 2020 QNEC of \$52,749 and the 2019 QNEC of \$48,019 paid in 2021 are reflected as employer qualified non-elective contributions on the statements of changes in net assets available for benefits.

Considering the remedial actions taken and to be taken pursuant to the provisions of the Plan document and the Internal Revenue Code, management believes that this compliance issue will not affect the tax-exempt status of the Plan.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest ranging from 4.25 percent and 7.25 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Any loan must be repaid within five years, unless such loan is for the purchase of a participant’s primary residence in which case the repayment period may exceed five years. Principal and interest is paid ratably through payroll deductions. Participant loans earned interest of \$4,393 and \$5,756, respectively, for the years end December 31, 2022 and 2021 and is included in the statements of change in net assets available for benefits.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant does not repay the loan or breaches any of the obligations as set forth in the loan agreement, the note is in default. Upon default the entire principal balance and interest is immediately due and payable. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Vesting

Participants are vested immediately in their elective deferral contributions, rollover contributions and safe harbor matching contributions plus actual earnings. Vesting in the remaining portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after five years of credited service for those accounts as funded. Full and immediate vesting will also occur upon normal retirement age (age 65), death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are vested in the Company’s contributions forfeit their non-vested portion.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan or may elect to receive a lump-sum distribution, a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance, or annual installment payments over a specified period of time. However, if the total vested balance of the terminating participant's account is \$5,000 or less, the Plan Administrator will transfer the participant into a rollover account or payout the balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts and may be used to reduce the Company's matching contributions or used to pay Plan administrative expenses, in accordance with the Plan document. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$5,306 and \$4,674, respectively. For the years ended December 31, 2022 and 2021, no forfeiture funds were used to reduce Company contributions or administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Administrative Expenses

Distributions and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company. Plan expenses paid by the Company are not included in these financial statements. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments presented in the accompanying statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in common collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year, and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding charge to corrective distributions.

Bob Tomes Ford, Inc. 2 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment securities with different investment strategies, which in general are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of levels 1, 2 or 3.

Bob Tomes Ford, Inc. 2 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Common/collective trust: Value based on the NAV of units of the common collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount of different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Each collective trust provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement.

Noninterest-bearing cash: Valued at the NAV of units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Noninterest-bearing cash	\$ 5,306	\$ -	\$ -	\$ 5,306

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2022	2021
Investments, at fair value:		
Noninterest-bearing cash	\$ 5,306	\$ 4,674

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. TAX STATUS

The Company adopted the Great-West Prototype Defined Contribution Plan and Trust. The Internal Revenue Service has issued an opinion letter dated November 14, 2022 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Revenue Procedure 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of common collective trust funds managed by the Custodian and/or an affiliate of the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. REPORTABLE TRANSACTIONS

During the year ended December 31, 2022, the Plan inadvertently failed to deposit \$62,353 of participant deferrals and loan repayments within the required time frame as stated by the United States Department of Labor ("DOL"). These delinquent participant contributions remain uncorrected as of December 31, 2022. Management is assessing the corrective contribution that should be made to the plan and will remit that correction as soon as possible. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions. These amounts are presented in the supplemental Schedule of Delinquent Participant Contributions included in these financial statements.

During the year ended December 31, 2021, the Plan inadvertently failed to deposit \$3,011 of participant deferrals and loan repayments within the required time frame as stated by the United States Department of Labor ("DOL"). This amount has been fully corrected as of December 31, 2021 and was done so outside the DOL's Voluntary Fiduciary Correction Program. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions. These amounts are presented in the supplemental Schedule of Delinquent Participant Contributions included in these financial statements.

8. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70½ prior to 2020, then the prior rule of age 70½ applies. If a participant reaches the age of 70½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

In April 2020, Plan management elected the following provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act: (1) coronavirus-related distributions for qualifying individuals up to \$100,000; (2) increased loan limits for qualifying individuals up to the lesser of (i) \$100,000 or (ii) 100% of the participant’s vested account balance; (3) deferment of loan repayments up to one year (at which point the loan will be re-amortized); and (4) waiver of required minimum distributions otherwise payable during calendar year 2020. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the CARES Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of minimum required distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025 for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. The extended deadline under this notice is also December 31, 2025 for calendar year-end plans.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500 as of and for the years ended December 31:

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the plan was merged into another plan with the Bob Tomes Subaru, and Brandon Tomes Volkswagen stores.
