INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
403(b) Thrift Plan of Tri-County Community Action Program, Inc.
Little Falls, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan of Tri-County Community Action Program, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) and delinquent participant contributions as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2022 and 2021

Note 1: Description of Plan

The following description of the 403(b) Thrift Plan of Tri-County Community Action Program, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) Plan covering all eligible employees of Tri-County Community Action, Inc. (the Organization). The Plan excludes non-resident aliens who do not receive any U.S. earned income, independent contractors, and employees who work less than 20 hours per week. Employees are eligible to make elective pretax deferrals into the Plan immediately. An eligible employee may enter into the plan and may change his or her deferral election on the first day of each pay period.

The Plan year is the twelve-month period ending December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year, participants may contribute up to 100 percent of annual compensation, as defined in the Plan, subject to various regulatory limitations, through a salary reduction agreement. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

Newly eligible participants are automatically enrolled at a pretax deferral percentage of 1 percent if no other election is made. The participant will be invested in a retirement fund appropriate to his or her age at the time of allocation.

Employer Contributions

The Organization matches 100% of employee salary deferrals up to 5% of compensation for participants age 21 and older. The employer match is calculated per pay period for each qualified employee who has made a deferral.

Participant Accounts

Each participant is credited with his/her contribution and allocations of the Plan's earnings as well as the Organization's match, if applicable. Allocations are based on account balances or compensation as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from his/her vested account.

Retirement

A participant's normal retirement date is at age 65. A participant who retires will be entitled to the full value of his/her account, calculated as of the trust valuation date coinciding with or following the retirement date and will also be entitled to an allocation of the Organization's contribution for that year.

Vesting

Participants are 100% vested in all contributions to their account plus actual earnings thereon upon entering the Plan. Therefore, there are no forfeitures in the plan.

403(b) Thrift Plan of Tri-County Community Action Program, Inc.

Notes to the Financial Statements

December 31, 2022 and 2021

Note 1: Description of Plan (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the vested interest in his/her account, or the participant may choose one of several Life Annuity options offered by the Plan. If the terminating participant's account balance is less than \$1,000, the amount will be automatically distributed in a lump-sum. If the terminating participant's account balance is \$5,000 or less but greater than \$1,000, the amount will be automatically rolled into a qualified individual retirement account if no other election has been made.

Participants may also take in-service distributions should they be experiencing certain financial hardships.

Participant Loans

Plan provisions allow participant loans for a minimum amount of \$1,000 up to a maximum that is equal to the lesser of \$50,000 or 50% of their vested balance. Loan terms are generally five years or less, but may be longer if the loan is made for the purchase of a primary residence. Participant loans are direct loans from Mutual of America. Principal and interest are paid by the participant, to Mutual of America, in bi-weekly payroll deductions. Participants who receive a loan have a portion of their account balance, in proportion with their individual loan amount, moved to the Mutual of America's Interest Accumulation General Account and held as collateral on the loan. The total amount of participant accounts being held as collateral on participant loans as of December 31, 2022 and 2021 was \$37,553 and \$51,765, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting under accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan audit fees are paid for directly by the Organization and are excluded from these financial statements. Certain fees related to the administration of the Plan are charged directly to the participants' accounts and are included in administrative expenses.

403(b) Thrift Plan of Tri-County Community Action Program, Inc.

Notes to the Financial Statements

December 31, 2022 and 2021

Note 2: Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2022, are not expected to have a significant effect on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 16, 2023, which is the date the financial statements were available to be issued.

Effective July 1, 2023, the Plan was formally amended to remove the minimum age requirement for matching contributions, and to adopt new entry dates for beginning participant contributions.

Note 3: Investment Contract with Insurance Company

The Plan's Sponsor has entered an investment contract with Mutual of America Life Insurance Company who maintains an account for the Company whereby contributions are invested as follows:

The Mutual of America Interest Accumulation Fund represents the portion of the account invested in the Insurance Company's general account. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is affected directly between the plan sponsor and Mutual of America Life Insurance Company. The repayment of principal and interest credited to participants is a financial obligation of Mutual of America Life Insurance Company.

The concept of a value other than contract value, which is used to approximate fair value for reporting purposes, does not apply to this insurance company issued general account even upon discontinuance of the contract, in which case contract value would be paid. The contract's operation is different than many other group annuity products by virtue of the fact that a fair value adjustment does not apply upon discontinuance. There are no specific securities in the general account that back the liabilities of this annuity contract. The plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The product is not a traditional guaranteed investment contract (GIC) and, therefore, is not known for cash flows that could be discounted. As a result, the fair value amount shown is equal to the contract value.

When establishing interest credit rates for this product, Mutual of America Life Insurance Company considers many factors. The minimum crediting rate under the contract is at least equal to the minimum rate required by applicable state law or will be set pursuant to NAIC standard non-forfeiture law which cannot be less than 1%.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

403(b) Thrift Plan of Tri-County Community Action Program, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

Note 4: Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts (as part of a group annuity contract): Valued at the net asset value (NAV) which is based on the market value of its underlying investments (i.e. common stock, mutual funds, short term securities). The NAV, as provided by the insurance company, is based on the fair value of the underlying investments held by the account less its liabilities. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

General Account (Interest Accumulation): See Note 3 for a description of the valuation methodologies used for the Plan's general (interest accumulation) account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

403(b) Thrift Plan of Tri-County Community Action Program, Inc.

Notes to the Financial Statements

December 31, 2022 and 2021

Note 4: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
General Account (Interest Accumulation)	\$ -	\$ 1,485,669	\$ -	\$ 1,485,669
Pooled Separate Accounts	-	2,521,139	-	2,521,139
Total Assets at Fair Value	<u>\$ -</u>	<u>\$ 4,006,808</u>	<u>\$ -</u>	<u>\$ 4,006,808</u>
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
General Account (Interest Accumulation)	\$ -	\$ 1,551,025	\$ -	\$ 1,551,025
Pooled Separate Accounts	-	3,051,376	-	3,051,376
Total Assets at Fair Value	<u>\$ -</u>	<u>\$ 4,602,401</u>	<u>\$ -</u>	<u>\$ 4,602,401</u>

Pooled separate accounts consist of investments in mutual funds registered with the Securities and Exchange Commission. Mutual fund strategies offer long-term growth through diverse exposure to stocks, bonds, cash and other assets.

Note 5: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company (Mutual of America), the trustee of the Plan.

Note 6: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA, unless a specific exemption exists. Mutual of America, the Plan trustee, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions and are indicated as such on the Schedule of Assets (Held At End of Year). These transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

403(b) Thrift Plan of Tri-County Community Action Program, Inc.

Notes to the Financial Statements

December 31, 2022 and 2021

Note 7: Tax Status

The Plan sponsor is a tax-exempt organization under 501(c)(3) of the Internal Revenue Code. The Organization has adopted a 403(b) tax-sheltered annuity (TSA) plan. The Internal Revenue Service (IRS) has issued an opinion letter dated March 31, 2017, which states the IRS has determined that the prototype non-standardized 403(b) plan adopted by the plan sponsor is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan and the prototype plan have been amended since receiving the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Plan Termination

Although it has expressed no intent to do so, the Organization has the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would automatically become 100% vested in their account balances.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Concentrations

As of December 31, 2022 and 2021, there were one and two investment funds that accounted for approximately 37 and 45 percent, respectively, of total Plan investments.

Note 11: SECURE Act 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provisions to elect in the future.

Note 12: Plan Errors

During 2022, certain employees received retention pay that was incorrectly excluded from the calculation of employee and employer matching contributions. This constitutes an operational failure within the Plan. Management has evaluated the effect of this plan error and determined it is not material to the overall financial statements, and thus no receivable has been recorded by the Plan. The plan sponsor will make corrections to the Plan as soon as administratively feasible, will contribute any required lost earnings, and will pay an applicable excise tax for the Plan errors. These corrections will be made from the Organization's assets, not the assets of the Plan.

403(b) Thrift Plan of Tri-County Community Action Program, Inc.

Notes to the Financial Statements

December 31, 2022 and 2021

Note 13: Prohibited Transactions

Participant deferrals totaling \$9,762 during the year ended December 31, 2022 were not remitted within the timeframe prescribed by the Department of Labor, resulting in prohibited transactions in accordance with ERISA and IRC. As of December 31, 2022, no correction has been made; however, the Company is working to self-correct the error outside of the Voluntary Fiduciary Correction Program (VFCP).
