Entegris, Inc. 401(k) Savings and Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Entegris, Inc. 401(k) Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Entegris, Inc. 401(k) Savings and Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - PLAN DESCRIPTION

The following description of Entegris, Inc. (the Plan Sponsor or the Company) 401(k) Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is designed to provide employees with additional security for their retirement. The Plan was established on January 1, 2000 and the Plan document was most recently restated January 1, 2017. The provisions described below reflect all changes.

Eligibility

Permanent full-time and part-time employees of the Company are eligible to participate in the Plan after completing one hour of service. Leased employees, non-resident aliens, temporary employees, and members of collective bargaining agreements are not eligible to participate in the Plan. Eligible employees may enter the Plan as of the first day of the month coinciding with, or next following, their hire date. Additionally, enrolled participants have their rate set at 5% of eligible compensation.

Funding Policy

Participants may make elective pre-tax and/or after-tax contributions through payroll reductions in whole increments from 1% to 70% of eligible compensation, as defined in the Plan document, subject to limits established by law. This percentage is subject to adjustment daily upon notice from the participant. Participants may completely suspend contributions at any time. Participants satisfying certain criteria are permitted to make catch-up contributions. Participants may also have rollover contributions to the Plan. All contributions to the Plan are participant-directed.

The Company matches participant contributions dollar for dollar on the first 3% of their contributions of eligible compensation and 50% of the participant contributions on the next 2%. Participants are eligible to receive a matching contribution upon entering the Plan.

The Company may make discretionary profit sharing contributions for eligible participants who have completed one year of service, as defined by the Plan, and are employed at Plan year end, or separated from service during the Plan year on account of death, disability or retirement at or after the participant's normal retirement age. There were no discretionary profit sharing contributions made during the years ended December 31, 2022 and 2021.

Vesting

Participants are immediately vested in their elective deferral contribution, employer match, rollover accounts, and earnings on those accounts.

Forfeitures

Forfeitures of terminated participants' non-vested amounts may be used to reduce Company matching and discretionary contributions, or reduce plan expenses. Forfeitures of \$0 and \$3,997 remained available at December 31, 2022 and 2021, respectively. During the years ending December 31, 2022 and 2021, forfeitures of \$21,753 and \$912, respectively, were used to reduce employer contributions.

Entegris, Inc. 401(k) Savings and Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Participants' Accounts

Participants' accounts are credited with the participant's contributions, employer matching, an allocation of discretionary profit sharing contributions, and an allocation of Plan earnings or losses and administrative expenses. Allocation of discretionary profit sharing contributions are based on participants' compensation, as defined by the Plan. Allocations of Plan earnings or losses are based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of Benefits

On termination of service, a participant can, at any time, receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, net of tax, or is permitted to rollover the entire vested portion to an Individual Retirement Account (IRA) or to a qualified plan. Early distributions are made upon death, disability, separation from service or reaching the age of 59½ years. If the vested balance exceeds \$1,000, a participant could elect to keep the vested account balance in the Plan, receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, net of tax, or to roll over the entire vested portion to an IRA or a qualified plan. If the vested account balance does not exceed \$1,000, the Plan Sponsor can require a distribution of the participant's vested account balance.

Distributions of vested accounts may include a rollover or an in-kind distribution of participant loan balances to another qualified plan. Hardship withdrawals are permitted by the Plan.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in their participant account. The notes bear interest at rates that are commensurate with local prevailing rates at the date of issuance. Principal and interest is paid ratably through payroll deductions. Participants are allowed a maximum of two loans outstanding at any one time.

The period of repayment may not exceed five years unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond ten years from the date of loan issuance.

Net Transfers Between Accounts and Funds

Assets of the Plan are held in various participant-directed funds as defined by the Plan. Participants may transfer assets in their accounts between funds daily, except for the participant borrowings and Entegris, Inc. common stock. Entegris, Inc. common stock can only be transferred out. Participant borrowings are treated as transfers between the investment funds and the participant note.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Entegris, Inc. common stock, the money market fund, mutual funds and participant-managed brokerage accounts are valued at quoted market prices as of the last business day of the Plan year as determined by the trustee based upon the fair value of the fund's underlying assets. The collective trust fund is valued at fair value, using net asset value (NAV) as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the plans gains (losses) on investments bought and sold as well as held during the year.

Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used as of December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual and money market funds: Valued at the NAV of shares held by the plan at year end determined by an active market.

Entegris, Inc. common stock: Valued at the closing quoted price of the stock at year end determined by an active market.

Participant direct brokerage accounts: Valued at fair value of underlying investments at year end determined by an active market.

Collective trust fund: Valued at fair value of underlying investments at year end using NAV as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	2022

Administrative Expenses

Recordkeeping and administrative expenses are assessed on participant accounts on a quarterly basis. Participant note costs, QDRO expenses, in service withdrawals, minimum required distributions, and maintenance/transaction fees for the self-directed brokerage accounts are paid by the participant through deductions from their participant account balance.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Benefits Paid to Participants

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 16, 2023, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - INCOME TAX STATUS

The IRS has determined and informed the Company by letter dated January 19, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operating in compliance with the applicable provision of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - RELATED PARTIES

Fidelity Management Trust Company is a party-in-interest, as defined by ERISA, as a result of its providing trustee services to the Plan and the investment of plan assets in its investment funds. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA. Notes receivable from participants are also party-in-interest transactions.

Certain employees of the Company provide administrative services to the Plan and the Company absorbs certain Plan expenses. These services are provided at no cost to the Plan.

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The 2022 Form 5500 as originally filed has been revised to properly reflect differences between the financial statements and the Form 5500 as it relates to the contributions receivable.

The following is a revised reconciliation of net assets available for benefits per the financial statements to the amended 2022 Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 469,349,533	\$ 565,685,497

Entegris, Inc. 401(k) Savings and Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Entegris, Inc. 401(k) Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Entegris, Inc. 401(k) Savings and Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - PLAN DESCRIPTION

The following description of Entegris, Inc. (the Plan Sponsor or the Company) 401(k) Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is designed to provide employees with additional security for their retirement. The Plan was established on January 1, 2000 and the Plan document was most recently restated January 1, 2017. The provisions described below reflect all changes.

Eligibility

Permanent full-time and part-time employees of the Company are eligible to participate in the Plan after completing one hour of service. Leased employees, non-resident aliens, temporary employees, and members of collective bargaining agreements are not eligible to participate in the Plan. Eligible employees may enter the Plan as of the first day of the month coinciding with, or next following, their hire date. Additionally, enrolled participants have their rate set at 5% of eligible compensation.

Funding Policy

Participants may make elective pre-tax and/or after-tax contributions through payroll reductions in whole increments from 1% to 70% of eligible compensation, as defined in the Plan document, subject to limits established by law. This percentage is subject to adjustment daily upon notice from the participant. Participants may completely suspend contributions at any time. Participants satisfying certain criteria are permitted to make catch-up contributions. Participants may also have rollover contributions to the Plan. All contributions to the Plan are participant-directed.

The Company matches participant contributions dollar for dollar on the first 3% of their contributions of eligible compensation and 50% of the participant contributions on the next 2%. Participants are eligible to receive a matching contribution upon entering the Plan.

The Company may make discretionary profit sharing contributions for eligible participants who have completed one year of service, as defined by the Plan, and are employed at Plan year end, or separated from service during the Plan year on account of death, disability or retirement at or after the participant's normal retirement age. There were no discretionary profit sharing contributions made during the years ended December 31, 2022 and 2021.

Vesting

Participants are immediately vested in their elective deferral contribution, employer match, rollover accounts, and earnings on those accounts.

Forfeitures

Forfeitures of terminated participants' non-vested amounts may be used to reduce Company matching and discretionary contributions, or reduce plan expenses. Forfeitures of \$0 and \$3,997 remained available at December 31, 2022 and 2021, respectively. During the years ending December 31, 2022 and 2021, forfeitures of \$21,753 and \$912, respectively, were used to reduce employer contributions.

Entegris, Inc. 401(k) Savings and Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Participants' Accounts

Participants' accounts are credited with the participant's contributions, employer matching, an allocation of discretionary profit sharing contributions, and an allocation of Plan earnings or losses and administrative expenses. Allocation of discretionary profit sharing contributions are based on participants' compensation, as defined by the Plan. Allocations of Plan earnings or losses are based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of Benefits

On termination of service, a participant can, at any time, receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, net of tax, or is permitted to rollover the entire vested portion to an Individual Retirement Account (IRA) or to a qualified plan. Early distributions are made upon death, disability, separation from service or reaching the age of 59½ years. If the vested balance exceeds \$1,000, a participant could elect to keep the vested account balance in the Plan, receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, net of tax, or to roll over the entire vested portion to an IRA or a qualified plan. If the vested account balance does not exceed \$1,000, the Plan Sponsor can require a distribution of the participant's vested account balance.

Distributions of vested accounts may include a rollover or an in-kind distribution of participant loan balances to another qualified plan. Hardship withdrawals are permitted by the Plan.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in their participant account. The notes bear interest at rates that are commensurate with local prevailing rates at the date of issuance. Principal and interest is paid ratably through payroll deductions. Participants are allowed a maximum of two loans outstanding at any one time.

The period of repayment may not exceed five years unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond ten years from the date of loan issuance.

Net Transfers Between Accounts and Funds

Assets of the Plan are held in various participant-directed funds as defined by the Plan. Participants may transfer assets in their accounts between funds daily, except for the participant borrowings and Entegris, Inc. common stock. Entegris, Inc. common stock can only be transferred out. Participant borrowings are treated as transfers between the investment funds and the participant note.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Entegris, Inc. common stock, the money market fund, mutual funds and participant-managed brokerage accounts are valued at quoted market prices as of the last business day of the Plan year as determined by the trustee based upon the fair value of the fund's underlying assets. The collective trust fund is valued at fair value, using net asset value (NAV) as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the plans gains (losses) on investments bought and sold as well as held during the year.

Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Entegris, Inc. 401(k) Savings and Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used as of December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual and money market funds: Valued at the NAV of shares held by the plan at year end determined by an active market.

Entegris, Inc. common stock: Valued at the closing quoted price of the stock at year end determined by an active market.

Participant direct brokerage accounts: Valued at fair value of underlying investments at year end determined by an active market.

Collective trust fund: Valued at fair value of underlying investments at year end using NAV as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Investments at fair value				<u>\$ 558,493,227</u>

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund - 2022	\$ 23,853,223	\$ -	Daily	Daily
Collective trust fund - 2021	\$ 20,344,313	\$ -	Daily	Daily

Administrative Expenses

Recordkeeping and administrative expenses are assessed on participant accounts on a quarterly basis. Participant note costs, QDRO expenses, in service withdrawals, minimum required distributions, and maintenance/transaction fees for the self-directed brokerage accounts are paid by the participant through deductions from their participant account balance.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Benefits Paid to Participants

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 16, 2023, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - INCOME TAX STATUS

The IRS has determined and informed the Company by letter dated January 19, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operating in compliance with the applicable provision of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - RELATED PARTIES

Fidelity Management Trust Company is a party-in-interest, as defined by ERISA, as a result of its providing trustee services to the Plan and the investment of plan assets in its investment funds. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA. Notes receivable from participants are also party-in-interest transactions.

Certain employees of the Company provide administrative services to the Plan and the Company absorbs certain Plan expenses. These services are provided at no cost to the Plan.

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The 2022 Form 5500 as originally filed has been revised to properly reflect differences between the financial statements and the Form 5500 as it relates to the contributions receivable.

The following is a revised reconciliation of net assets available for benefits per the financial statements to the amended 2022 Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 469,349,533	\$ 565,685,497
