INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Evergreen Retirement Plan and Trust

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Evergreen Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institutions), provided that the statements or information regarding assets so held are prepared and certified by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosure in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to audit procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVERGREEN RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Organization and Description of Plan

The following description of the Evergreen Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan sponsored by Evergreen Ford and related employers (collectively, the Company). All domestic, non-union company employees who reach 21 years of age and complete three months of service are eligible to participate in the Plan and receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan management is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Company is the Plan's sponsor and administrator. The Plan's investments are held by Fidelity Management Trust Company, the Plan's trustee, and the Plan's third-party administrator is Fidelity Workplace Services, LLC (collectively, Fidelity). Previously, Empower Institutional and Great-West Trust Company, LLC served as the Plan's third-party administrator and custodian, respectively.

Effective October 31, 2022, the Plan was merged with the Evergreen Chevrolet LLC 401(k) Plan (Evergreen Chevrolet). The net assets of Evergreen Chevrolet were transferred to the Plan on November 1, 2022. The management of the Company believes that the plan merger was a tax-exempt transaction under the applicable provisions of the Internal Revenue Code (the Code) and, therefore, is not subject to federal income taxes.

Participant Contributions - Each year, participants may elect to defer and contribute a percentage of their compensation up to the Internal Revenue Service (IRS) maximum guidelines. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to categorize any portion of their contribution under the Plan's Roth deferral feature. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at four percent of eligible compensation, unless the participant selects otherwise.

Employer Contributions - The Company may elect, at its discretion, to make matching and profit sharing contributions to the Plan. During the year ended December 31, 2022, the Company elected to make matching contributions to the Plan equal to 10% of each participant's elective deferrals which were determined and funded each pay period. The Company did not make any discretionary profit sharing contributions for the 2022 plan year.

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Organization and Description of Plan (continued)

Participant Accounts - Individual participant accounts are maintained by Fidelity, the Plan's third-party administrator. Each account is credited with the participant's contribution, the Company's contributions, investment income and losses, and administrative expenses, if any. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the plan agreement. Participants direct the investment of their account balances to any combination of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in benefits from company contributions plus actual earnings thereon is based on years of credited service, as defined in the Plan document, with 20% vesting after one year of service and 100% vesting after five years of service. Employees who die, become disabled, or reach the Plan's normal retirement age (65) become fully vested in their accounts.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Terms of the notes receivable may not exceed five years, except for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at 1% over the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions may also be made in installments to comply with minimum distribution rules required by the Code. The Plan permits in-service distributions to participants meeting certain requirements, including distributions for financial hardship. Furthermore, a participant may withdraw the portion of their vested account resulting from rollover contributions at any time.

Forfeitures - Forfeitures by non-vested participants can be used to either pay any administrative expenses of the Plan or reduce future employer contributions. The Plan did not use forfeitures to pay Plan expenses or reduce employer contributions during 2022. Forfeited non-vested accounts totaled \$8,955 and \$5,139 at December 31, 2022 and 2021, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

EVERGREEN RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates - The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 and Note 4 for discussion of fair value and contract value measurements, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus accrued interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as benefits paid to participants on the basis of the terms of the plan agreement.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of certain participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Reclassifications - Certain balances and amounts in the 2021 financial statements have been reclassified for comparative purposes to conform to the presentation in the 2022 financial statements.

Subsequent Events - The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

EVERGREEN RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2022 and 2021

Note 3 - Fair Value Measurements (continued)

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments at fair value consist solely of mutual funds, which are considered level 1 investments with the fair value hierarchy at December 31, 2022 and 2021.

Note 4 - Fully Benefit Responsive Investment Contract

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company, d/b/a Empower Retirement that invests contributions in the Key Guaranteed Portfolio Fund. Contract value is the relevant measurement attribute for the group annuity contract since the contract was determined to be fully benefit-responsive. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The reported values for the fund are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

EVERGREEN RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2022 and 2021

Note 4 - Fully Benefit Responsive Investment Contract (continued)

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- Amendments to the plan document (including complete or partial plan termination or merger with another plan),
- Bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan or
- The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

This contract was terminated on October 31, 2022 as the Plan switched service organizations.

Note 5 - Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity and Great-West Trust Company.

Note 6 - Related Party and Party-In-Interest Transactions

Certain investments are managed by Fidelity. Fidelity is the custodian and third party administrator for the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. Certain investments were managed by the Plan's former custodian, Great-West Trust Company, and therefore, those transactions qualified as party-in-interest transactions under ERISA. Notes receivable from participants held by the Plan are also party-in-interest transactions under ERISA. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA. Furthermore, as described in Note 8, the Plan has adopted a pre-approved plan that is sponsored by Fidelity.

EVERGREEN RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2022 and 2021

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8 - Tax Status

The Plan has adopted a Fidelity pre-approved plan that received an opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as designed, complied with the applicable requirements of the Code. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

To Whom It May Concern;

The 5500 for Evergreen Ford's Retirement Plan 4084T had a late submittal of 10/18/2023 because I was out of the office sick on 10/16/2023 and 10/17/2023 and therefore unable to submit it. It was prepared and ready to go on 10/16/2023, however there was no one other than myself that had the knowledge of how to submit the form. I am asking for a pardon on this.

Thank you.

Sincerely,

Kristen Griffin
