Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aperia Solutions, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aperia Solutions, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aperia Solutions, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aperia Solutions, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if

there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aperia Solutions, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aperia Solutions, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and

was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aperia Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the Aperia Solutions, Inc. 401(k) Plan (the “Plan”) provides only general information. Refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted effective January 1, 2001, and the Plan name was changed from Data Delivery Services, Inc. 401(k) Plan to Aperia Solutions, Inc. 401(k) Plan effective January 5, 2011. The Plan is sponsored by Aperia Solutions, Inc. (the “Plan Sponsor”). Ingenium Professional Services, LLC is an affiliated company which has adopted this Plan as a participating employer. The Plan is a defined contribution plan covering all employees of Aperia Solutions, Inc. and Ingenium Professional Services, LLC (collectively the “Company” or “Employer”). The Plan is subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan’s Investment Committee (Investment Committee) determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Reliance Trust Company (Reliance), a qualified institution, at December 31, 2022 and for the period from March 31, 2022 through December 31, 2022. Plan assets were held and managed by Great-West Life & Annuity Insurance Company (Great-West), a qualified institution, at December 31, 2021 and for the period from January 1, 2022 through February 28, 2022. Great-West is an affiliate of Empower Retirement. Great West and Reliance are collectively referred to as the Custodians. The Custodians invest contributions and Plan earnings, makes investment transactions as directed by the Investment Committee and provides certain recordkeeping services. The Allocation Company was the third-party administrator for the Plan for the period January 1, 2022 through February 28, 2022 and Pentegra was the third-party administrator for the period March 1, 2022 through December 31, 2022. The third party administrator performs certain plan administration and annual ERISA compliance testing.

Eligibility

Under the terms of the Plan, substantially all employees are eligible to make salary deferral contributions. Effective January 1, 2022, upon completing 90 days of service and attaining age 18, employees may enroll in the Plan. Participants become eligible to receive Company contributions when they attain the age of 21, and have completed 90 days of service.

Aperia Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Contributions

Participants may contribute up to 90% of their annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions equal to the participants' elective deferrals up to a maximum of 4% of eligible compensation. Additionally, the Company may make discretionary profit sharing contributions. For the year ended December 31, 2022, no discretionary profit sharing contributions were made. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's profit sharing contributions and investment earnings. Participant accounts are charged an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

The vesting percentage is as follows:

Years of Service	Percentage of Vested Interest
One year	33%
Two years	66%
Three years	100%

Aperia Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through semi-month payroll deductions or by check.

Benefit Payments

On termination of service due to death, disability, retirement, or other reasons, a participant or their beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

At December 31, 2022 and 2021, the forfeitures account totaled \$-0- and \$1,521, respectively. Forfeitures are first used to reduce expenses related to the administration of the Plan and then to reduce Company contributions. During the year ended December 31, 2022, forfeitures in the amount of \$13,075 were used to reduce expenses and Company contributions.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Aperia Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements and NAV.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Company. During the year ended December 31, 2022, expenses of \$35,375 were paid by the Plan and allocated to participant accounts.

Aperia Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 13, 2023 and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the qualified institutions:

- a) Total investments, at fair value, included in the statements of net available for benefits at December 31, 2022 and 2021;
- b) Notes receivable from participants included in the statements of net assets available for benefits at December 31, 2022 and 2021;
- c) Dividend and other interest income, interest income on notes receivable from participants and net depreciation in value of investments information included in the statement of changes in net assets available for benefits for the year ended December 31, 2022;
- d) All amounts included in Note 4, *Fair Value Measurements*;
- e) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: Variable annuities valued at net asset value (NAV) per share as determined by the issuer based on market quotations of the underlying investments or prices obtained from independent sources who may employ various pricing methods to value the underlying securities. The pooled separate accounts balance as of December 31, 2021 of \$6,735,505 are measured at fair value using the NAV per share (or its equivalent practical expedient); therefore, they have not been classified in the fair value hierarchy, in accordance with ASU 2015-07.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Aperia Solutions, Inc. 401(k) Plan
Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Quoted Market Prices in Active (Level 1)	Other Observable (Level 2)	Unobservable Inputs (Level 3)	Total
December 31, 2022				
Mutual funds	\$ 7,006,331	\$ -	\$ -	\$ 7,006,331
December 31, 2021				
Pooled separate accounts	\$ -	\$ -	\$ -	\$ 6,735,505

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the pooled separate accounts measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. The pooled separate accounts are maintained by insurance companies and hold investments in accordance with a stated set of objectives.

Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2021	\$ 6,735,505	-	Immediate	None

Aperia Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 5: TAX STATUS

The Plan adopted ADP's Non-Standardized Pre-Approved Profit Sharing/Money purchase/CODA Plan. ADP received an opinion letter from the Internal Revenue Service (IRS), dated October 6, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, the Plan is qualified and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan incurs expenses related to general administration, recordkeeping services and investment advisory services. Fees paid by the Plan for these services totaled \$35,375 for the year ended December 31, 2022. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Aperia Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 8: DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL) Regulation 2580.412-11 requires an employer to segregate participant contributions and loan repayments from its general assets as soon as practicable, but in no event later than the 15 business days following the end of the month in which amounts are contributed by participants or withheld from their wages. During 2021, the Company did not timely segregate participant contributions and loan repayments totaling \$115,306. Although the 2021 contributions were remitted to the Plan in 2021, the Company did not contribute lost earnings associated with these late remittances. As required by the Department of Labor, the late remittances continue to be reported as late through the year the lost earnings are contributed. The lost earnings are recorded in the accompanying financial statements as they are immaterial. The Company is in the process of contributing the lost earnings, filing the necessary forms as well as paying any applicable excise taxes for these late remittances.
