INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Acelero Learning Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Acelero Learning Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements - modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Acelero Learning Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Acelero Learning Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Acelero Learning Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Acelero Learning Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Acelero Learning Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Acelero Learning Retirement Plan (the “Plan”) is provided for information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted and became effective June 1, 2009 and is designed to provide retirement, disability, and death benefits to all eligible employees of Acelero Learning, Inc. and affiliated employers (the “Employer”). With this type of plan, the retirement benefit the participant receives depends on his/her investment selection and on the investment performance of the amounts that are in his/her account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Organization

The following companies, each an affiliated employer of Acelero Learning, Inc., are participants in the Plan and, along with Acelero Learning, Inc., are hereinafter referred to as “the Employer”:

Acelero Learning Clark County, Inc.
Acelero Learning Camden/Philadelphia, Inc.
Acelero Inc.
Acelero Learning Monmouth/Middlesex County, Inc.
Acelero Learning Monmouth County Abbott Contract
Acelero Learning Wisconsin, Inc.
Shine Early Learning, Inc.

Eligibility

All employees are eligible to participate in both employee contributions and employer matching contributions to the Plan once they have attained the age of 21 and have completed three months of service (as defined in the Plan documents). In order to receive an employer profit sharing contribution, the employee must also be employed at the end of the Plan year in which the profit-sharing contribution is declared.

Employee Contributions

An eligible employee who elects to participate may make contributions to the Plan up to 90% of eligible compensation through payroll deductions on a pre-tax or post-tax basis up to the limits prescribed by the Internal Revenue Code. Any participant aged 50 or over may make an additional “catch-up” contribution as determined by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Employer may make a matching contribution equal to a discretionary percentage to be determined by the Employer on a uniform basis for all participants. For the year ended December 31, 2022, the Employer elected to make a matching contribution of 100% of the employee's deferral amount up to 3% of eligible compensation and 50% of the employee's deferral over 3% of eligible compensation up to 5% of the participant's total compensation for each payroll period. The Employer may also make a discretionary profit-sharing contribution to be determined annually. The profit-sharing contribution is allocated to each participant in the ratio that each participant's compensation bears to the total compensation of all participants. For the year ended December 31, 2022, the Employer made matching contributions equal to \$1,375,408, and did not make a profit-sharing contribution.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with the participant's pre-tax and post-tax contributions, the employer contributions, if any, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Participants' vested account balances are payable upon reaching age 59 ½. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a ten-year period. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Participants may have only one outstanding loan at any one time. The loans are secured by the balance in the participant's account and bear interest equal to 1% above the prime rate as reported in the *Wall Street Journal* on the 14th day of the month that the loan was originated. Principal and interest are paid ratably through payroll deductions over a period of up to five years unless the loan was made to acquire a primary residence, in which case, the loan can be repaid over a ten-year period; however, such loan must be approved by the Plan administrator. The loans bear interest at rates ranging from 4.25% to 8.00% with maturities through June 2049.

Vesting

Participants are 100% vested immediately in their pre-tax and post-tax contributions, employer matching, and non-elective profit-sharing contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America (U.S. GAAP). Therefore, certain transactions, primarily participant deferrals and employer contributions, are recorded when received or paid rather than when earned or owed.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 3.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividend income are recorded when received. Net appreciation (depreciation) includes realized and unrealized gains and losses earned during the year.

Notes to Financial Statements - Modified Cash Basis

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as deemed distributions, based upon the terms of the Plan document. As of December 31, 2022 and 2021, the Plan had \$399,489 and \$343,723, respectively, of outstanding loans.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2022 and 2021, the Plan had \$100,163 and \$25,518, respectively, of forfeited non-vested accounts. Forfeitures can be used to reduce Employer contributions or to pay for administrative fees, as directed by the Employer. For the year ended December 31, 2022, \$-0- of forfeitures were utilized.

Administrative Expenses

The expenses necessary to administer the Plan are either paid by the Employer or allocated to each participant at the Employer's option. They include but are not limited to retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor. All expenses except for account maintenance fees, transaction fees, loan origination fees, and investment fund management fees have been paid by the Employer. Certain investment-related expenses incurred are absorbed in investment income and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for identical assets in inactive markets or for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

Acelero Learning Retirement Plan
Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end. Since NAV is a quoted price in a market that is active, it is classified within Level 1 of the valuation hierarchy.

Common/Collective Trust: The units of common collective trusts are stated at NAV as determined by the issuer of the fund based on the fair value of the underlying investments. Net asset value of the underlying fund is reported by the investment advisor using the audited financial statements of the common/collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022		
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 19,555,399</u>	<u>\$ -</u>	<u>\$ -</u>
Common/collective trusts at NAV*			<u>230,877</u>
Investments measured at fair value			<u>\$ 19,786,276</u>

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - modified cash basis.

At December 31, 2021, there were no investments at fair value.

4. COMMON/COLLECTIVE TRUSTS

The Plan invested in the New York Life Insurance Company Anchor Account Stable Value Fund which is a stable value pooled fund of common/collective trusts. The crediting interest rate is based on the level of market interest rates, the amount and timing of participant contributions, transfers, withdrawals, investment returns, and the duration of the underlying fixed income investments. The interest crediting rate cannot be less than zero and is typically reset on a daily basis.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2022 and 2021:

Instrument	Fair Value at December 31,		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common/collective trusts	\$ 230,877	\$ -	\$ -	Quarterly	None

5. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Fidelity Management Trust Company (the "trustee"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustees, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021.

The following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was prepared from reports certified by the trustee:

	2022	2021
Investments, at fair value		
Mutual funds	\$ 19,555,399	\$ -
Common/collective trusts	\$ 230,877	\$ -
Cash - deposit in transit	\$ -	\$ 20,174,076
Notes receivable from participants	\$ 399,489	\$ 343,723
Investment income		
Net depreciation in fair value of investments	\$ (2,801,878)	
Interest and dividends	\$ 447,518	
Other income (loss)	\$ (87,493)	
Interest on notes receivable from participants	\$ 17,151	

6. TERMINATION OF THE PLAN

The Employer intends to continue the Plan indefinitely; however, the Employer reserves the right to modify, amend, or terminate the Plan at any time by resolution of its board of directors. If a termination takes place, the participant will have a 100% vested and non-forfeitable interest in all of the amounts in his/her account. These amounts may be distributed to the participant at that time or may be distributed in accordance with the benefit distribution rules.

7. INCOME TAX STATUS

The Plan adopted a Prototype Non-Standardized Profit-Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Employer believes that the Plan is qualified, and the related trust is tax exempt.

Acelero Learning Retirement Plan
Notes to Financial Statements - Modified Cash Basis
December 31, 2022 and 2021

Modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

8. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees paid directly by the Plan for investment management services as well as participant transaction fees amounted to \$138,188 for the year ended December 31, 2022 and are included in administrative expenses. The notes receivable from participants also qualifies as party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statements of net assets available for benefits date through the date of October 16, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that there are no subsequent events that require adjustment to or disclosure in the financial statements.
