Board of Trustees
FCI Constructors, Inc. Profit Sharing Plan
Grand Junction, Colorado

INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the financial statements of FCI Constructors, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the Plan's financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FCI CONSTRUCTORS, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

March 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the FCI Constructors, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of FCI Constructors, Inc. (the Company). The Plan was established April 1, 1986.

The Plan covers all full-time employees of the Company who are at least eighteen years of age. Employees are eligible to participate in the profit sharing portion of the Plan once they have attained at least one hour of service with the Company. Employees are eligible to make 401(k) pre-tax and after-tax salary deferral contributions upon attaining age 18, and receive Company safe harbor contributions once they have attained at least one year of service with the Company, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Participants are permitted to contribute pre-tax and after-tax salary deferrals of their annual compensation up to allowable dollar limits set by federal law. Participants direct the investment of their contributions into various investment options offered by the Plan. Transfers from qualified plans are allowable under the provisions of the Plan.

The Plan also includes an automatic enrollment feature. The automatic enrollment feature is a mechanism under which an eligible employee who does not make an affirmative election to make pre-tax or after-tax contributions to the Plan is automatically enrolled in the Plan to make a 3% pre-tax contribution, unless the employee specifically elects not to participate in the Plan.

Employer Contributions

The Company, at the discretion of Company management, may make profit sharing contributions, as defined by the Plan document. For the years ended March 31, the Company made profit sharing contributions of \$2,000,000 (2023) and \$2,000,390 (2022). In addition to the profit sharing contribution, the Company will make safe harbor contributions equal to 3% of each participant's compensation. For the years ended March 31, the Company made safe harbor contributions of \$1,199,604 (2023) and \$1,157,049 (2022).

Participant Accounts

Each participant's account is credited with an allocation of Company profit sharing contributions, Plan earnings, and forfeitures of non-vested terminated participants' accounts in addition to participant contributions and Company safe harbor contributions. Allocations are based on participant compensation and participants' account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

Each participant may direct the salary reductions and profit sharing contributions allocated to their account be invested in one or more of the investments offered. Participants may change such allocations at any time directly with the trustee of the plan.

Investment Elections in Group Annuity Contract

As described in Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans, as updated by ASU 2015-12*, investment contracts held by a defined contribution plan are required to be reported at contract value. The Principal Guaranteed Option is a group annuity contract issued by Principal Life Insurance Company (Principal Life) and is backed by the full faith and creditworthiness of the issuer. The Principal Guaranteed Option does not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Guarantees are based on the claims-paying ability of Principal Life and not on the value of the securities within the insurer's general account. The credit rating of the issuer at March 31, 2023 and 2022 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally there are not any events that could limit the ability of the Plan to transact at contract value paid or contract value paid over time. Additionally, there are not any events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid over time. The Plan considers this contract to be fully benefit responsive. The guaranteed income fund is included at its contract value in the statements of net assets available for benefits. The contract value at March 31 was \$3,484,846 (2023) and \$2,044,606 (2022).

Vesting

Vesting in Company profit sharing contributions plus earnings thereon is based on years of continued service. Participants are 100% vested after three years of credited service. Participants are always 100% vested in their voluntary salary deferrals plus actual earnings thereon, rollover contributions, and safe harbor match contributions.

Payment of Benefits

Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than \$1,000. Distributions greater than \$1,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than \$5,000 may continue holding investments within the Plan, or elect to withdraw.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are reallocated among the remaining participants. The reallocation of the forfeited balances is based on each participant's compensation as a percent of total eligible compensation of all participants for the year. For the years ended March 31, \$52,121 (2022) and \$25,524 (2023), respectively, of forfeitures were allocated to remaining participants. Unallocated forfeitures are not considered assets available for Plan benefits as of year-end. As of March 31, 2023 and 2022, there were no unallocated forfeitures.

Administrative Expenses

Administrative expenses shown in the Plan's statements of changes in net assets available for benefits include professional fees and other expenses paid to third party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's mutual funds, pooled separate accounts and collective investment trust funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

All benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INVESTMENTS

During the years ended March 31, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value as follows:

	2023	2022
Mutual fund investments	\$ (1,310,832)	\$ (72,112)
Collective investment trusts	(2,979,329)	1,580,837
Pooled separate accounts	(809,435)	623,588
<i>Net Appreciation (Depreciation) in Fair Value of Investments</i>	<u>\$ (5,099,596)</u>	<u>\$ 2,132,313</u>

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company (Principal), the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of March 31, 2023 and 2022, the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of March 31, 2023, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended March 31, 2023 and 2022.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value, and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there is limited or no observable market data, and therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Collective Investment Trusts: Principal LifeTime Hybrid CITs invest in collective trust funds as well as a variety of separate accounts and mutual funds that seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor with a specific target retirement date. Valued at net asset value per unit held by the Plan at year-end as reported by Principal, which is based on the fair value of the underlying investments held by the fund less its liabilities.

Participant transactions may occur daily. Were the Plan to initiate a full redemption of these collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure the securities liquidations will be carried out in an orderly business manner.

Target date funds are collective trust funds sponsored by Principal. These funds are valued at net asset value, which is based on the latest quoted market price of the investments held within the fund.

Pooled Separate Accounts: The separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The separate accounts' assets include, but are not limited to, investments in common stocks of companies that compose of the S&P 500 index, which are valued at fair value. The net asset value of the separate accounts is calculated in a manner consistent with GAAP for investment companies and is determinative of its fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the underlying funds and securities is used to determine the net asset value of the separate accounts, as reported by Principal.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at March 31, 2023 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	\$ 11,703,558	\$ -	\$ -	\$ 11,703,558
<i>Total Investment Assets in Fair Value Hierarchy</i>	<u>\$ 11,703,558</u>	<u>\$ -</u>	<u>\$ -</u>	<u>11,703,558</u>

Collective Investment Trusts	43,058,908
Pooled Separate Accounts	<u>7,619,601</u>
<i>Total Investment Assets at Fair Value</i>	<u>\$ 62,382,067</u>

Fair value measurements for assets recorded at fair value on a recurring basis at March 31, 2022 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	\$ 14,422,113	\$ -	\$ -	\$ 14,422,113
<i>Total Investment Assets in Fair Value Hierarchy</i>	<u>14,422,113</u>	<u>\$ -</u>	<u>\$ -</u>	<u>14,422,113</u>

Investments measured at net asset value*

Collective Investment Trusts	45,250,035
Pooled Separate Accounts	<u>7,309,656</u>
<i>Total Investment Assets at Fair Value</i>	<u>\$ 66,981,804</u>

* In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - PLAN TAX STATUS

The Plan has adopted a prototype standardized profit sharing plan offered by the trustee. On April 1, 2019, the Plan was restated, and the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under the applicable sections of the Internal Revenue Code (the Code). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the terms of the prototype plan are being followed. The Plan has been amended since receiving the above letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - RELATED PARTY TRANSACTIONS

For the year ended March 31, 2022, the Plan paid certain Plan expenses while the Company absorbed certain administrative expenses, such as accounting fees, on behalf of the Plan.

Principal Trust Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year).

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2023, the date at which the financial statements were available to be issued and determined that no events have occurred that required disclosure.
