INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Adamas Pharmaceuticals, Inc. Retirement Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed our audits of the financial statements of Adamas Pharmaceuticals, Inc. Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 21, 2022 (in liquidation) and December 31, 2021 (in liquidation), and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to January 21, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements (in liquidation) performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institutions") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of January 21, 2022 (in liquidation) and December 31, 2021 (in liquidation), and for the period from January 1, 2022 to January 21, 2022 (in liquidation), stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements (in liquidation), other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements (in liquidation) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan's administrator approved a plan of liquidation on November 5, 2021 to terminate the Plan and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the financial statements to the liquidation basis of accounting used in presenting the financial statements as of January 21, 2022 (in liquidation) and December 31, 2021 (in liquidation), and for the period from January 1, 2022 to January 21, 2022 (in liquidation). Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements (in liquidation), and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements (in liquidation) as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

To the Plan Administrator of
Adamas Pharmaceuticals, Inc. Retirement Trust

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

NOTES TO FINANCIAL STATEMENTS

January 21, 2022 (in Liquidation)

1. Description of Plan

The following description of Adamas Pharmaceuticals, Inc. Retirement Trust (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Adamas Pharmaceuticals, Inc. (the “Company”) on September 1, 2007 and was most recently amended and restated effective on September 21, 2021. The Plan is defined as a contribution retirement plan of profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(k). All employees of the Company, except employees covered by a collective bargaining agreement, leased employees, non-resident aliens, independent contractors and interns, are eligible to participate in the Plan immediately on hire date and upon attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

The Company was acquired by Supernus Pharmaceuticals, Inc. on November 24, 2021. In anticipation of the closing of the acquisition, the Plan’s administrator approved a plan of liquidation on November 5, 2021, and management determined that liquidation was imminent as of that date. The Plan termination was completed on January 21, 2022. The Plan is no longer functioning as a retirement plan.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. For the period from January 1, 2022 to January 21, 2022, and for the year ended December 31, 2021, Empower Annuity Insurance Company of America (formally named Great-West Life & Annuity Insurance Company) and Empower Trust Company, LLC (formally named Great-West Trust Company, LLC) were appointed as the Plan’s custodian and trustee, respectively, and acted at the direction of the Plan’s administrator. Effective August 1, 2022, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC were renamed to Empower Annuity Insurance Company of America and Empower Trust Company, LLC, respectively. The changes in name were not the result of any changes in business, ownership or corporate structure.

Contributions

Participants are permitted to make voluntary pre-tax salary deferrals and Roth contributions up to 100% of their annual compensation, as defined by the Plan. For employees with an entry date prior to December 1, 2020, the Plan provides automatic enrollment at a rate of 4% to all eligible employees who have not made an elective deferral election. For employees with an entry date subsequent to December 1, 2020, the Plan provides automatic enrollment at a rate of 6% to all eligible employees who have not made an elective deferral election. Participants that have reached the age of 50 before the close of the taxable year may also elect to withhold additional catch-up contributions under the IRC. Participants may also contribute amounts representing pre-tax dollars of distributions from other qualified defined contribution or defined benefit plans. No participant contributions were made to the plan for the period from January 1, 2022 to January 21, 2022.

Participants may adjust their deferral rate or discontinue their contributions at any time. The Company may make discretionary matching contributions, as determined by the Company’s management. No discretionary Company contributions have been made to the Plan for the period from January 1, 2022 to January 21, 2022.

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

For participants with an entry date prior to January 1, 2018, discretionary employer contributions, if any, as well as all earnings on these contributions, are fully vested.

For participants with an entry date subsequent to January 1, 2018, discretionary employer contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

<u>Year of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 or more	100%

Participants are fully vested upon retirement, death, disability, or plan termination. Due to Plan termination, all non-vested account balances became 100% vested effective November 5, 2021.

Notes Receivable from Participants

Participants are allowed up to one note receivable at any time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their account balance, or \$50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of thirty years if issued before November 16, 2020. For any notes receivable issued after November 16, 2020, the maximum term is 15 years. Notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at the Prime Rate plus 1%. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½ and may be taken from all vested account balances. An in-service withdrawal may also be taken from a rollover contribution account at any time.

1. Description of Plan, continued

Payments of Benefits, continued

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under \$5,000 will be made as soon as possible. In the event of a mandatory distribution greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account ("IRA") designated by the plan administrator. For purposes of determining the value of the participant's nonforfeitable account balance, the amount attributable to rollover contributions will be excluded.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage or dollar increments into a series of mutual funds, common/collective trusts, and a guaranteed investment contract offered by the Plan. Participants may change their investment options at any time. If an affirmative investment election is not made by a participant, contributions will be directed into a target date fund based on the participant's date of birth.

Forfeitures

Forfeitures that occur during a plan year will be used to pay expenses related to the administration of the Plan and to reduce any future employer contributions. As of both January 21, 2022 and December 31, 2021, forfeited non-vested accounts totaled \$0. There were no forfeitures used during the period from January 1, 2022 to January 21, 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

As a result of the decision to terminate the Plan effective November 5, 2021, and in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), the Plan's financial statements as of January 21, 2022 and December 31, 2021, and for the period from January 1, 2022 to January 21, 2022, are presented using the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than the guaranteed investment contract, are reported at fair value. The Plan's guaranteed investment contract is reported at contract value, see Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee. See Note 3 for discussion of fair value measurements.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of December 31, 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Information Certified by the Custodian and the Trustee

Empower Annuity Insurance Company of America (formerly named Great-West Life & Annuity Insurance Company) and Empower Trust Company, LLC (formerly named Great-West Trust Company, LLC), the custodian and trustee of the Plan, respectively, have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which were used to prepare the accompanying financial statements.

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ADAMAS PHARMACEUTICALS, INC. RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

January 21, 2022 (in Liquidation)

3. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of January 21, 2022 and December 31, 2021:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of January 21, 2022, the Plan had no investments held at fair value.

3. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021 - (Liquidation Basis)			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 729,728	\$ -	\$ -	\$ 729,728
Total assets in fair value hierarchy	\$ 729,728	\$ -	\$ -	729,728
Investments measured at net asset value				7,506,586
Investments, at fair value				\$ 8,236,314

The Plan invests in common/collective trust funds, which trade at NAV per share. The NAV is used as a practical expedient to estimate fair value. These funds are not categorized within the fair value hierarchy.

The Plan had no significant transfers between levels for the period from January 1, 2022 to January 21, 2022, and for the year ended December 31, 2021.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

4. Certified Information

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the Empower Annuity Insurance Company of America (formerly named Great-West Life & Annuity Insurance Company) and Empower Trust Company, LLC (formerly named Great-West Trust Company, LLC) as of January 21, 2022 and December 31, 2021, and for the period from January 1, 2022 to January 21, 2022:

	2022 <i>(Liquidation Basis)</i>	2021 <i>(Liquidation Basis)</i>
Investments, at fair value	\$ -	\$ 8,236,314
Investment, at contract value	\$ -	\$ 79,644
Interest and dividend income	\$ 113	N/A
Interest on notes receivable from participants	\$ 75	N/A
Net depreciation in fair value of investments	\$ (359,036)	N/A

Notes receivable from participants and interest on notes receivable from participants are not certified by trustee.

5. Investment Contract with Empower Annuity Insurance Company of America

The Plan entered into a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The guaranteed investment contract does not permit the trust company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

NOTES TO FINANCIAL STATEMENTS

6. Related-Party Transactions and Party-in-Interest Transactions

The Plan's investment at contract value is managed by Empower Annuity Insurance Company of America (formerly named Great-West Life & Annuity Insurance Company), the custodian of the Plan. Any purchases and sales of this investment is performed in the open market at contract value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

7. Tax Status

The Plan uses a prototype plan document sponsored by Empower Retirement, LLC. Empower Retirement, LLC received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. Plan Termination

The Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the participants shall receive amounts equal to their respective account balances and all Company contributions will become 100% vested.

Effective November 5, 2021, the Plan's administrator made the determination that the Plan would be terminated and on January 21, 2022, all assets of the Plan were distributed.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds, common/collective trusts, and a guaranteed investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In connection with the Plan termination, the Plan distributed all assets on January 21, 2022 and is no longer functioning as a retirement plan as of that date. As of December 31, 2021, the Plan had four investments that constituted approximately 71% of the Plan's net assets.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 16, 2023, the date which these financial statements were available to be issued, and management concluded that no material subsequent events have occurred since January 21, 2022 that would require recognition or disclosure in these financial statements.
