INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
ALCAL Industries, Inc. 401(k) Savings Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the ALCAL Industries, Inc. 401(k) Savings Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the ALCAL Industries, Inc. 401(k) Savings Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the ALCAL Industries, Inc. 401(k) Savings Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ALCAL Industries, Inc. 401(k) Savings Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ALCAL Industries, Inc. 401(k) Savings Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ALCAL Industries, Inc. 401(k) Savings Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

RINA Accountancy, LLP, who merged with Aprio, LLP as of August 1, 2022, performed an audit of the 2021 financial statements of ALCAL Industries, Inc. 401(k) Savings Plan and Trust. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 29, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

ALCAL INDUSTRIES, INC. 401(K) SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note A

Description of Plan

The following description of ALCAL Industries, Inc. 401(k) Savings Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established effective January 1, 1995 and was last restated effective May 17, 2021, to comply with the Internal Revenue Service's "IRS" Cycle 3 restatement requirement. The Plan covers all employees of ALCAL Industries, Inc. and certain participating employers (collectively, the "Company"), with the exception of nonresident aliens as defined by the plan document, who have completed one month of credited of service and who have reached age eighteen. Employees may enter the Plan on the first day of the month subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a four percent withholding of pretax annual compensation. This withholding will increase by one percent each subsequent year until the automatic election reaches a maximum withholding contribution of twelve percent of compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan allows for discretionary matching contributions. During 2022, the Company contributed 50% percent of the first four percent of compensation that a participant contributed to the Plan. In addition, the Company may make discretionary profit-sharing contributions to the Plan. For the year ended December 31, 2022, discretionary profit-sharing contributions were \$500 per eligible participant, totaling \$133,000, which is included in employer contributions receivable at December 31, 2022. The profit-sharing contributions were deposited in June 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts:

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A

Description of Plan (Continued)

Vesting:

Participants are immediately vested in their voluntary contributions and safe-harbor matching contributions plus earnings thereon. Vesting in the Company discretionary profit-sharing contribution portion of each participants account is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000, and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant can have no more than one loan outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the prime rate (as specified in the Wall Street Journal) plus 1% at the time funds are borrowed, as determined by the Plan administrator. The interest rate is fixed at the time of the note agreement. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds were used to acquire the participant's residence.

Payment of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions may be made at the participant's election prior to termination upon hardship as defined in the Plan document

Forfeitures:

Forfeitures of terminated employees' non-vested account balances can be used to reduce employer contributions or to pay reasonable Plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$15,816 and \$60,730, respectively. Forfeited balances were used during 2022 to reduce employer contributions by \$65,098.

Note B

Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

ALCAL INDUSTRIES, INC. 401(K) SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note B

Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition:

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative and advisory fees are paid by the Plan and are included in administrative expenses.

Subsequent Events:

Effective January 1, 2023, the Plan was amended and restated to comply with the IRS cycle 3 restatement.

Subsequent events have been evaluated through October 18, 2023, which is the date the financial statements were available to be issued.

Reclassifications in Financial Statement Presentation:

Certain reclassifications have been made to the 2021 financial statements and note disclosures to conform with the 2022 financial statement presentation. Such reclassifications had no effect on changes in net assets available for benefits as previously reported.

Note C

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three Levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as quoted by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note C

Fair Value Measurements (Continued)

The following tables set forth, by level, within the fair value hierarchy, are the Plan's investments at fair value as of December 31, 2022 and 2021:

December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>17,124,988</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>17,124,988</u>

December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>17,902,902</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>17,902,902</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2022, are reported in net appreciation (depreciation) in fair value of investments.

Note D

Related Party Transactions

Certain plan investments are investments managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America. Empower Trust Company, LLC and Empower Annuity Insurance Company of America are the trustees, as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2022, direct fees totaling \$37,916 were paid to Empower Annuity Insurance Company of America. Empower Advisory Group, LLC, a wholly-owned subsidiary of Empower, provided managed investment services to certain participants and received fees totaling \$17,133 in 2022.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note E

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note F

Income Tax Status

During 2022, the Plan Sponsor failed to restate the Plan by the July 31, 2022, deadline to comply with the Internal Revenue Service's ("IRS") Cycle 3 restatement requirements. In November 2022, the Plan Sponsor executed the restated and adopted the Cycle 3 plan document sponsored by Great-West Trust Company, LLC, effective January 1, 2023. In addition, the Plan Sponsor will submit to the IRS under the Voluntary Correction Program ("VCP") nonamender program. The Plan administrator believes that the final outcome of the VCP will not have a material effect on the Plan's financial statements.

ALCAL INDUSTRIES, INC. 401(K) SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note F

Income Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note H

Information Prepared and Certified by Trustees

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (formerly known as Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company), the trustees of the Plan.

Note I

Investment Contracts with Insurance Companies

The Plan has a group annuity contract with Empower Annuity Insurance Company of America ("Empower"), formerly known as Great-West Life & Annuity Insurance Company, that invests contributions in the Key Guaranteed Portfolio Fund (the "Fund"). The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may transfer their account balance in the Fund to any other investment option offered under the Plan at any time with no restrictions or penalties, because the Fund is designed to be a Plan's only guaranteed/stable value/money market investment. In order to provide the participant with liquidity (100% for participant transfers), there cannot be any actively competing guaranteed/stable value/money market investments in the Plan. Bond funds of durations longer than three years are permitted. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

ALCAL INDUSTRIES, INC. 401(K) SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note I

Investment Contract with Insurance Company (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- (a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan),
- (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or
- (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. Upon termination of the group annuity contract, the employer may (a) receive the payoff of the fund in a lump sum with a market value adjustment, (b) receive the payout of the fund in a lump sum at book value, or (c) maintain participant accounts in the Key Guaranteed Portfolio Fund.
