INDEPENDENT AUDITORS' REPORT

To The Plan Administrator of the
KMM Retirement Plan
Lewisville, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of KMM Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the accompanying financial statements, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held At End Of Year) (Schedule H, line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KMM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. Description of Plan

The following description of the KMM Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of KMM Telecommunications, Inc. (the Company). Employees become eligible to participate for purposes of salary deferrals when they have completed three months of service and reach the entry date. Employees become eligible for employer contributions when they have completed six months of service and reach the entry date. The entry date is the first day of the month coinciding with or next month following the date an employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The retirement plan committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings.

Contributions

Each eligible employee may elect to make pretax contributions by authorizing his or her compensation to be reduced by any percentage up to 90%, not to exceed the current year's statutory limits. Each year participants may contribute up to the maximum allowed under the Internal Revenue Code (the Code), as defined in the Plan. For participants age 50 or older, an additional catch-up contribution was allowed up to limits established by the IRS for the year ended December 31, 2022. Participants may also make after-tax Roth contributions and roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Company automatically withholds 3% of an employee's compensation for contribution to the Plan if the employee does not complete a salary deferral agreement to either elect a deferral amount or elect not to defer under the Plan.

The employer may make matching contributions equal to a discretionary percentage, to be determined by the Company's Board of Directors, of the participant's elective deferrals. The employer's matching contributions for both 2022 and 2021 were equal to \$0.50 for each \$1.00 of employee 401(K) contributions, up to 4% of the participant's annual compensation. The employer matching and any related forfeitures will vest based on years of continuous service. Each participant may direct the matching contributions into an available investment fund, as defined.

Employer profit-sharing contributions to the Plan are made at the discretion of the Board of Directors. There were no profit-sharing contributions to the Plan for the years ended December 31, 2022 or 2021.

KMM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. Description of Plan (continued)

Participants' accounts

Each participants' matching and profit-sharing accounts are credited with an allocation of a) the employer's contribution and b) Plan earnings and expenses. Allocations are based on participants' earnings or account balances, as defined. Each participant's 401(K) account is credited with the participants' contribution and allocation of the Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately vested in their voluntary contributions to the Plan plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions is based upon years of service as defined. Participants do not vest in their respective Company contributions until completing three years of continuous service, at which time they become 100% vested. A covered year of service is a twelve-month period ending December 31 during which a participant worked for the Company at least 1,000 hours. A participant is fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Payment of benefits

On retirement or termination of service, a participant may elect to receive either a lump sum amount equal to the value of his or her account, or annual installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant and his or her spouse. Participants may also withdraw their contributions upon demonstrating hardship for certain events, as described by the Plan, or attaining age 59½.

Plan expenses

All administrative expenses shall be paid out of the Plan unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Forfeited accounts

Forfeited non-vested accounts are used to reduce employer contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$2,584 and \$4,217, respectively. At December 31, 2022 and 2021, amounts used to reduce employer contributions totaled \$18,085 and \$7,734, respectively.

Notes receivable from participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum amount that can be borrowed is \$1,000. Loan repayment periods are five years or less except for home loans, which can be for as long as 30 years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. The interest rates on the participant notes receivable ranged from 4.25% to 9.00% during the years ended December 31, 2022 and 2021, respectively. Principal and interest are repaid ratably through payroll deductions.

KMM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

2. Summary of accounting policies

Basis of accounting

The financial statements have been prepared on the modified cash basis of accounting. Therefore, contributions and expenses are recognized only as cash is received or paid, and receivables and payables are not reflected, while investment earnings are accrued as earned. If the financial statements of the Plan were prepared under the accrual basis of accounting, there would be no reported employer profit-sharing contributions (receivables) as of December 31, 2022 and 2021. The reported employee contributions would have been \$889,204 and \$705,873 as of December 31, 2022 and 2021, respectively. The reported employer matching contributions would have been \$195,367 and \$190,362 as of December 31, 2022 and 2021, respectively.

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Mutual fund investments are valued at quoted market prices that represent the net asset value of shares held by the Plan at year end. The change in market value of these investments is reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid balances plus any unpaid accrued interest. In the event of a default, the participant's account balance is reduced by the amount of the unpaid loan balance. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed as paid.

KMM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

2. Summary of accounting policies (continued)

Tax status

The Plan is a non-standardized pre-approved profit-sharing plan with a cash or deferred arrangement ("CODA") and obtained its latest favorable opinion letter dated October 6, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the Internal Revenue Code (Code). Effective June 1, 2022, the Company adopted the pre-approved Plan document sponsored by ADP, LLC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Code. The terms of the Plan have been prepared to conform to the listing of 401(k) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain tax-exempt status for plan participants under section 401(k).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. As of December 31, 2022, the Plan Administrator believes that based on evaluation of the Plan's tax positions that any liability as a result of uncertain tax positions would not be material. Management continually evaluates expiring statutes of limitations, changes in tax law, and new authoritative rulings to assist in evaluating the Plan's tax positions. Accrued interest and penalties associated with uncertain tax positions, if any, would be recognized as part of the income tax provision. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

3. Risks and uncertainties

The Plan provides for investment options in various funds that invest in equity and debt securities and other investments. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits. The Plan maintains its investments with an investment manager. Exposure to credit risk is reduced by placing such investments in high quality financial institutions and by following an investment strategy which utilizes a wide range of diversified funds.

4. Certification by Trustee

We have been informed by the Plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions for the years ended December 31, 2022 and 2021. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2022 and 2021, that the information provided to the Plan administrator by the trustee is complete and accurate. The following account balances and transactions as of December 31, 2022 and 2021 were obtained from the statements certified by Reliance Trust Company:

Statements of net assets available for benefits:

Investments

Notes receivable from participants

Statement of changes in net assets available for benefits:

Net depreciation in fair value of investments

Interest and dividends

Interest on notes receivable from participants

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

5. Plan termination

The Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the entire account balance will be distributed to the participants.

6. Fair value measurement of investments

The Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 – Inputs other than quoted prices that are observable for the assets or liability either directly or indirectly, including inputs that are not considered to be active;

Level 3 – Inputs that are unobservable.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad criteria data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan. The Plan considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to the Plan's perceived risk of that investment.

December 31, 2022 and 2021

6. Fair value measurement of investments (continued)

Fair value for the Plan's investments was determined as follows:

Level 1 - The fair values of registered investment company shares are determined by obtaining quoted prices on nationally recognized securities exchanges.

Level 2 - The Plan has no Level 2 investments.

Level 3 - The Plan has no level 3 investments.

The Plan's investments consist of the following:

	December 31, 2022			
	Fair market value			
	Level 1	Level 2	Level 3	Total
Registered investment company shares	\$ 5,915,003	\$	\$	\$ 5,915,003
Plan investment funds not classified in fair value hierarchy (a):				
Common Collective Trust units (b)				396,325
Total Plan investments at fair value	<u>\$ 5,915,003</u>	<u>\$</u>	<u>\$</u>	<u>\$ 6,311,328</u>
	December 31, 2021			
	Fair market value			
	Level 1	Level 2	Level 3	Total
Registered investment company shares	\$ 7,583,229	\$	\$	\$ 7,583,229
Plan investment funds not classified in fair value hierarchy (a):				
Common Collective Trust units (b)				343,471
Total Plan investments at fair value	<u>\$ 7,583,229</u>	<u>\$</u>	<u>\$</u>	<u>\$ 7,926,700</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021 are reported in net appreciation (depreciation) in fair value of investments.

(a) These investments are valued based on NAV per unit, as provided by the trustee of the fund as a practical expedient, and have not been classified in the fair value hierarchy. The fair value amounts are provided to reconcile to the Statement of Net Assets Available for Benefits.

(b) There are currently no significant redemption restrictions on these investments.

7. Transactions with parties-in-interest

The Company pays for professional fees relating to services provided to the Plan. Fees paid on behalf of the Plan for the years ended December 31, 2022 and 2021 were \$10,000 and \$9,000, respectively. The Company also provides certain accounting and administrative services to the Plan for which no fees are charged.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan's recordkeeper, ADP Retirement Services (a subsidiary of Automatic Data Processing, Inc.) is also paid investment management fees as a percentage of assets in certain fund investments. These transactions are exempt from prohibited transaction rules. The fees paid by the Plan for investment management services are included as a reduction in the net appreciation (depreciation) in fair value of investments. Direct fees were also paid to ADP Retirement Services during the years ended December 31, 2022 and 2021 of \$29,935 and \$26,063, respectively.

8. Subsequent events

Subsequent events have been evaluated through October xx, 2023, which is the date the report was available to be issued. The Plan is not aware of any material subsequent events.

DRAFT

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held At End Of Year) (Schedule H, line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
