INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Safariland, LLC 401(k) Retirement Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Safariland, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H Line 4i - Schedule of Assets (Held at End of Year) and the Schedule H Line 4a - Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Safariland, LLC 401(k) Retirement Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Safariland, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H Line 4i - Schedule of Assets (Held at End of Year) and the Schedule H Line 4a - Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan:

The following description of the Safariland, LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on July 28, 2012 and restated effective January 1, 2022. The Plan is a 401(k) defined contribution plan covering all employees of Safariland, LLC (the “Company”) who are age 18 or greater. Employees can enroll after the first day of the month following their eligibility date. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On January 1, 2020, the Plan adopted certain changes to comply with the Bipartisan Budget Act of 2018. These changes included allowing partial repayment of Plan loans and allowing participants to take a hardship withdrawal (i) from earnings on safe harbor contributions and corrective contributions, (ii) without first taking a plan loan, and (iii) for expenses or losses incurred on account of a FEMA-declared disaster.

Contributions

Participants may make salary deferral contributions in any percentage of their salary up to limits as defined in the Plan and other limits according to the Internal Revenue Service (“IRS”). In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of compensation, plus 50% of salary deferrals that exceed 3% of compensation but not more than 6% of compensation, with a true-up at the end of the year. Company safe harbor matching contributions are invested as directed by the participant.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s contribution and (b) Plan investment earnings or losses. Allocations are based on participant earnings on account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions as well as employer safe harbor contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to an amount not to exceed the lesser of one-half of the participant's vested interest under the Plan or \$50,000. The loans are collateralized by the vested balance in the participant’s account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator.

Safariland, LLC 401(k) Retirement Plan
Notes to Financial Statements

1. Description of Plan (Continued):

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the vested balance in the individual participant's account. Additionally, hardship withdrawals and certain other in-service withdrawals are also permitted by the Plan if certain criteria are met.

Forfeited Accounts

Forfeitures from nonvested participant accounts transferred into the Plan can be used to reduce future Company contributions or pay Plan expenses. At December 31, 2022 and 2021, there were \$370 and \$366 in forfeited non-vested accounts, respectively, available to be used by the Plan. During 2022, there were no forfeitures used.

2. Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation

Participants in the Plan direct their accounts to be invested in various investment options. Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net depreciation or appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Participant loans are reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributed based upon the terms of the Plan document.

Administrative Expenses

Plan expenses, except for certain administrative expenses related to loans, distributions and investment advisory services, are paid directly by the Company and are not recorded by the Plan.

Safariland, LLC 401(k) Retirement Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a money market. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassifications

Certain prior year amounts have been reclassified to conform to current year presentation.

3. Fair Value Measurements:

Financial Accounting s Board, Accounting s Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Safariland, LLC 401(k) Retirement Plan
Notes to Financial Statements

3. Fair Value Measurements (Continued):

Money Market: Valued at the amount of cash balances on deposit, which approximates fair value.

Common Collective Trust: The Plan invests in a common collective trust which owns investment contracts that may invest in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks or other financial institutions. The investment in the common collective trust was valued at net asset value (NAV) based on the fair value of the underlying securities within the investment in accordance with ASC Subtopic 820-10. It is possible that redemption rights may be restricted in the future in accordance with the underlying trust agreements which could impact the fair value of the Plan's interests in the trust.

The following table summarizes by level within the fair value hierarchy, the Plan investments measured at fair value, as of December 31, 2022 and 2021:

December 31,	Fair Value		
	Level	2022	2021
Investments included in fair value hierarchy:			
Mutual funds	1	\$ 63,217,985	\$ 66,303,285
Money market	1	371	367
Common collective trust	(a)	1,248,540	1,309,507
Total investments at fair value		<u>\$ 64,466,896</u>	<u>\$ 67,613,159</u>

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value (NAV) have not been classified in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Guaranteed Investment Contract:

The Plan entered into a group annuity contract the Standard Insurance Company ("Standard"). Standard maintains the contributions in a separate account product. The account is credited with an interest rate that is determined by the yield of the separate accounts, the market value gain or loss of the contract and the anticipated cash flow for the next policy period. Standard is contractually obligated to repay the principal plus interest at a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Guaranteed Investment Contract (Continued):

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula that is stipulated in the contract and agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis and re-set as needed.

Certain events limit the ability of the Plan to transact at contract value with Standard including the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or, (3) the Company establishes another savings program, pension or profit sharing plan to which Plan participants are eligible to contribute by payroll deduction. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Information Certified by the Plan's Trustee:

The investments included in the statements of net assets available for benefits as of December 31, 2022 and 2021, and the dividends and net appreciation in fair value of investments and interest on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended December 31, 2022, have been derived from information certified as complete and accurate by the trustee of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as follows:

<i>December 31,</i>	2022	2021
Mutual funds	\$ 63,217,985	\$ 66,303,285
Common collective trust	1,248,540	1,309,507
Separate account	3,073,771	1,950,870
Notes receivable from participants	898,578	-
<i>Year ended December 31,</i>	2022	
Net depreciation in fair value of investments	\$ (13,600,323)	
Dividends	2,162,315	

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Party-In-Interest Transactions:

Wells Fargo Bank, N.A., the Plan trustee prior to November 2020 and Charles Schwab Trust Bank, trustee of the Plan after October 2020, and USI Consulting Group Inc., the Plan record keeper, are considered parties-in-interest to the Plan. During 2022, fees paid to Charles Schwab Trust Bank for trustee and recordkeeping services amounted to \$183,167 and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

8. Tax Status:

Effective January 1, 2022, the Plan was amended and restated under the USI Consulting Group Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan (the "USI Prototype Plan"). The Internal Revenue Service issued a determination letter dated June 30, 2020 stating that the form of the USI Prototype Plan was in accordance with section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Plan as adopted and amended has not requested a determination letter but the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of and for the year ended December 31, 2022.

Management has evaluated the Plan's tax positions and concluded that as of December 31, 2022, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for tax years before 2019.

9. Reconciliation of the Form 5500 to the Financial Statements:

The following is a reconciliation of the Form 5500 to the net assets available for benefits per the financial statements at December 31, 2022 and 2021:

<i>December 31,</i>	2022	2021
Net assets available for benefits per the Form 5500	\$ 68,671,485	\$ 70,671,960
Employer contribution receivable	-	100,368
Pending loan payments	12,959	-
Unallocated loan payments	-	(33,269)
Fee payments pending transfer	-	1,500
Net assets available for benefits per the financial statements	<u>\$ 68,684,444</u>	<u>\$ 70,740,559</u>

The following is a reconciliation of the decrease in Plan assets per the Form 5500 to the financial statements for the year ended December 31, 2022:

<i>Year ended December 31,</i>	2022
Net decrease per the Form 5500	\$ (10,717,735)
Pending trades	44,728
Employer contribution receivable-prior year	(100,368)
Net decrease per the financial statements	<u>\$ (10,773,375)</u>

10. Financial Instruments:

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investments in mutual fund accounts. The Plan limits its credit risk by maintaining its accounts with what it believes to be high quality financial institutions.

11. Non-Exempt Transactions:

The Company determined that during the Plan year 2016, it failed to remit certain employee deferrals to the Plan within the appropriate time period. The late remittances were \$4,793 in aggregate and are pending corrections of lost earnings. Late or delinquent deferrals and loan repayments constitute prohibited transactions as defined by ERISA and are included in the accompanying Schedule H, Line 4a – Schedule of Delinquent Participant Contributions.

12. Acquisitions:

As a result of certain Company acquisitions, aggregate assets of \$8,717,259 were transferred into the Plan during the year ended December 31, 2022. New employees from acquisitions were offered an opportunity to become participants in the Plan with an effective date as defined in the terms of the respective acquisition.

13. Recent Legislation:

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains approximately 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

14. Subsequent Events:

Management has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be filed, and has determined that there were no material events requiring recognition or disclosure.
