INDEPENDENT AUDITORS' REPORT

To the Retirement Board of the Employees' Retirement Plan
of Mid-South Transportation Management, Inc.
Memphis, Tennessee

To the Administrative Committee of the Defined Contribution Plan for Mid-South
Transportation Management, Inc. Employee Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Defined Contribution Plan for Mid-South Transportation Management, Inc. Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Defined Contribution Plan for Mid-South Transportation Management, Inc. Employee Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Defined Contribution Plan for Mid-South Transportation Management, Inc. Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Defined Contribution Plan for Mid-South Transportation Management, Inc. Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Defined Contribution Plan for Mid-South Transportation Management, Inc. Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Defined Contribution Plan for Mid-South Transportation Management, Inc. Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H Part IV , Line 4(i) Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**DEFINED CONTRIBUTION PLAN FOR
MID-SOUTH TRANSPORTATION MANAGEMENT, INC.**

Notes to the Financial Statements
For the Years Ended December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN:

The following brief description of the Defined Contribution Plan for Mid-South Transportation Management, Inc. (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the benefit of eligible employees of Mid-South Transportation Management, Inc. (the "Organization"). The Organization controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Eligible employees for the Plan are those employees hired after July 1, 2008 who were participants in Plan B of the Organization's defined benefit plan (i.e. all employees hired on or after July 1, 2008) and all new hires from and after July 1, 2015. Eligible employees are eligible to participate as of date of employment and participation in the Plan is mandatory as a condition of employment.

Contributions

Participants are required to make a mandatory contribution of 8% of the employee's compensation. Compensation is defined in the same manner as in the Organization's defined benefit plan, that is W-2 wages excluding overtime, paid sick leave hours, paid bonuses or commissions, and any other form of incentive or contingent compensation. Additionally, the Plan has a 401(k) feature where an employee can elect voluntarily to contribute an amount above the mandatory 8% of compensation, subject to the ERISA 401(k) contribution limit.

The Organization's non-elective contributions to the Plan are a non-discretionary 8% of the employee's compensation. The Organization will not make an additional contribution to the 401(k) feature in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's non-elective contribution, and account earnings, and charged with withdrawals and account losses, and an allocation of administrative expenses. Any allocations are based on the participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Costs

The Plan pays certain administrative expenses of the Plan out of the assets of the Plan to the extent not paid by the employer. Administrative expenses include contract administrator, plan audit, recordkeeper, legal, and trustee.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of service. Participants earn a year of service for purposes of vesting when they are credited with 1,000 hours of service during a Plan year. A participant is 100% vested after 3 years of vesting service.

Payment of Benefits

At normal retirement age, the participants are fully vested in their aggregate contribution accounts. Normal retirement age is when the participant reaches the age 65 and completion of the fifth anniversary of their participation in the Plan. Participants who terminate employment as a result of being permanently disabled while an employee, will receive a percentage of their account balance based on the Plan's vesting schedule.

Contributions

Employee and employer contributions are recorded in the period during which the Organization makes payroll deductions from Participants' compensation.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum amount that can be borrowed is \$1,000. The loans are secured by the balance in the participant's account and bear interest at 0% + prime interest rate. Principal and interest is repaid ratably through payroll deductions.

Forfeitures

The non-vested portion of account balances are forfeited upon distribution of the vested portion. Forfeitures are used to offset Plan administrative expenses or may be used to reduce the employer contributions. At December 31, 2022 and 2021, investments include forfeitures with a value of \$36,816 and \$13,703, respectively. During the years ended December 31, 2022 and 2021, forfeitures of \$155,029 and \$751 were used to reduce employer contributions and offset Plan administrative expenses, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and collective investment trust funds are stated at their fair value. The mutual funds and collective investment trust funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Investment earnings are based on the changes in the NAV.

The Plan's investments in pooled special accounts are established and maintained by Principal Trust Company, the custodian of the Plan. The pooled special accounts are valued at the net asset value (NAV) of shares held by the Plan at year end. Investment earnings are based on the changes in the NAV.

Investment expenses charged to the Plan for investments are charged directly against the assets of the Plan and are not separately reflected. Consequently, investment expenses are reflected as a reduction of investment return for such investments.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Risk

The Plan offers participants a variety of investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when paid.

Termination Withdrawals Due To Participants

As of December 31, 2022, there were \$- in participant balances that are payable to participants who had elected to withdraw from the Plan. These funds to be repaid after this year end.

New Accounting Standards

No new accounting standards were adopted during the year ended December 31, 2022.

Date of Management's Review

Subsequent events were evaluated through October 16, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - TAX STATUS:

The Plan is intended to be qualified under applicable sections of the Internal Revenue Code ("IRC") and, therefore, exempt from federal income taxes. The Plan obtained its latest determination letter on August 4, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not been amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate the tax positions take by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is not subject to routine audits by taxing jurisdictions for the fiscal year beginning before 2018.

NOTE 4 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

NOTE 5 - INFORMATION CERTIFIED BY CUSTODIAN, UNAUDITED:

Information related to investment assets, fees, withdrawals, contributions and schedule of investments was obtained from Activity Statement that was prepared by Principal Trust Company, the custodian of the Plan, and furnished to the administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate.

The Plan's investments consist of various mutual funds, collective investment trust funds, and pooled separate accounts included in a group annuity contract issued by Principal Trust Company. All investments are participant directed.

NOTE 6 - FAIR VALUES OF FINANCIAL INSTRUMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1: The fair values of common and foreign stock and certain mutual funds are based on quoted market prices.

Level 2: The fair values of U.S. government and government agency securities, short-term investments, some mutual funds, and corporate debt are measured using a market approach based on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3: The fair values of partnerships is determined by the managing partners of the partnerships. The fair value of real estate investments, principally rental property subject to long-term leases, has been estimated by the property managers on the basis appraised value of underlying property held, future rental receipts and estimated residual values discounted at interest rates commensurate with the risks involved.

The Plan's trustee/custodian determines the fair value measurement policies and procedures, subject to oversight by the Plan's board and management. These policies and procedures are reassessed at least annually to determine if the current valuation is appropriate.

ITEMS MEASURED AT FAIR VALUE ON A RECURRING BASIS

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying balance sheets.

Investments

Investment securities are recorded at fair value on a recurring basis. Fair value is based upon quoted prices, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques. The Plan uses quoted market prices of identical assets on active exchanges, or Level 1 measurements. Where such quoted market prices are not available, the Plan typically employs quoted market prices of similar instruments (including matrix pricing) and/or discounted cash flows to estimate a value of these securities, or Level 2 measurements. Level 2 discounted cash flow analyses are typically based on market interest rates, prepayment speeds and/or option adjusted spreads. Level 3 measurements included discounted cash flow analyses based on assumptions that are not readily observable in the market place. Such assumptions include projections of future cash flows, including loss assumptions, and discount rates. The Plan has not valued any of its investments as Level 3.

The table below presents the recorded amount of assets measured at fair value on a recurring basis of Investments at Fair Value as of:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,046,628	\$ -	\$ -	\$ 10,046,628

Total investments at fair value	<u>\$ 12,849,792</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,849,792</u>

NOTE 7 - RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS:

Principal Trust Company is the custodian as defined by the Plan and, therefore, Plan transactions through Principal qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and subject to any applicable provisions of any collective bargaining agreement between the Organization and its union. In the event of Plan termination, all participants would become 100% vested in their employer contributions.

NOTE 10 - SUBSEQUENT EVENTS:

Subsequent events have been evaluated through October 16, 2023, which is the financial statement issuance date.
