Genie Healthcare 401(K) Plan

East Windsor NJ 08520

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Genie Healthcare 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section.

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Genie Healthcare 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Genie Healthcare 401(K) Plan 's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if,

there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Genie Healthcare 401(K) Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Genie Healthcare 401(K) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets, (Held at end of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used

to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2021 Financial Statements

We performed a compilation engagement with respect to the 2021 financial statements and our report thereon, dated September 27, 2023, stated that we did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

GENIE HEALTHCARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022, and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Genie Healthcare Inc 401 (k) Plan (the "Plan") provides only general information. Genie Healthcare Inc (the "Company") is the plan sponsor. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan for all employees of the Company. The Plan was established on January 1st, 2021, and all employees are eligible to participate in the plan provided they are at least 21 years of age or older and have served a minimum service of three months in the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by Reliance Trust Company, the plan trustee.

2. Contributions

Within each calendar year, participants may voluntarily elect to contribute from one to ninety percent of participant's pretax annual compensation mentioned in W-2, as defined in the Plan ("Salary Deferral"). The Participant's Salary Deferral is subject to annual dollar limits published by the Internal Revenue Service of \$20,500 and \$19,500 for years ended 2022 and 2021 respectively. The catch-up contribution limit for participants aged 50 or older is \$6,500 and \$6,500 for years ended 2022 and 2021. The Company has elected to make employer matching contributions equal to 50% of participant's elective deferrals up to 6% of a participant's compensation. Any matching contribution is allocated in a nondiscriminatory manner based upon each Contributing Participant's Elective Deferrals ("Employer Matching"). The Employer matching contributions during the year ended December 31, 2022, was \$289,856. Participants are 100% vested in Employer matching contribution upon entering the plan. The Company also is permitted to make annual discretionary profit-sharing contributions; however, no such profit-sharing contributions were made for the years ended 2022 and 2021. The Company's discretionary profit-sharing contribution must be allocated in the same ratio as the individual participant's compensation to all participants' compensation. Participants are also permitted to make rollover contributions ("Rollover Account Balance") to the Plan of distributions from certain other tax-qualified retirement plans in which the Participant has participated. The plan does not accept Roth Elective Deferrals as direct or indirect rollovers.

December 31, 2022, and 2021

3. *Participant Accounts*

Separate accounts are maintained for each participant's contributions and earnings thereon. The participant may direct that the account be invested in one or more funds, as permitted by the Plan. During the year the participants were entitled to increase, decrease, or resume the contributions on a monthly basis.

4. *Vesting*

Upon termination of employment, a participant is entitled to 100% of the value of his/her Salary Deferral account balance and Rollover Account balance, qualifying rollover distribution and his/her Employer Matching account balance (participant's share of employer matching contributions), and a percentage of employer discretionary non-elective contributions based upon the vesting provisions of the Plan. (1 year service- 20%, 2 years - 40%, 3 years - 60%, 4 years - 80% and 5 years and more - 100%). At the end of 5 years of service and participation in the Plan the employee is 100% vested for employer non-elective contributions. Forfeitures resulting from application of the vesting provisions, are maintained separately by the Plan. Forfeitures can only be used to reduce employer-matching contributions in the future. In the event of the Plan termination, any unused forfeiture balances will be allocated to participant accounts.

5. *Forfeited Accounts*

Forfeitures resulting from application of the vesting provisions, are maintained separately by the Plan. Forfeitures can only be used to reduce employer-matching contributions in the future. In the event of the Plan termination, any unused forfeiture balances will be allocated to participant accounts.

During 2022, the forfeiture of non-vested accounts was \$ Nil.

6. *Payment of Benefits*

Prior to the age of 59-1/2, distributions and withdrawal will be subject to 10% federal tax penalty, except where excluded pursuant to Internal Revenue Code. After attaining age 59-1/2, 100 percent of the participant's account may be withdrawn for any reason. Upon termination of employment for any reason, a participant's vested account balance will be distributed to the participant, or designated beneficiary, at his or her option or left in the plan.

7. Loans to Participants

Participants may borrow against their individual accounts under certain conditions. Loan may not exceed the lesser of one half of your vested account balance or \$50,000. A participant may not initiate a loan for less than \$500. All loans are secured by the remaining account balance. Loans must typically be repaid within five years. Loans taken for first time residence purchases may be repaid over as many as 30 years. Interest is charged at a rate of the prime rate published in The Wall Street Journal on the 14th of each month, plus two percentage points. Loans must be paid back through payroll deductions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applied to profit sharing plans and in accordance with the terms of the trust agreement. Certain prior year amounts have been reclassified for consistency with current year presentation.

2. Use of Estimates in Financial Statements

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions in determining the reported amounts of net assets and disclosure of contingent assets and liabilities, as of the date of the financial statements, and reported amounts of additions to the net assets and deductions from the net assets during the reporting period. Actual results may differ significantly from those estimates.

3. Investment Valuation and Income Recognition

The Plan adopted Financial Accounting Standards Board ASC 820, Fair Value Measurement ("FASB ASC 820"). FASB ASC 820 defines fair value. Establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosure about fair value measurement. Refer to Note C- Fair Value Measurement for related disclosure.

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Participant loans are valued at their outstanding balances, which approximate fair value.

GENIE HEALTHCARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022, and 2021

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is accrued as earned.

4. Payment of Benefits

Benefits are recorded when paid. Participants or their beneficiaries are eligible for distributions upon termination, retirement, disability, or death. Participants have the right to designate the method of payment of retirement benefits within the limitations specified in the Plan. Participants are also eligible for certain types of in-service withdrawals specified in the Plan. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

5. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Investment management and recordkeeping service fees are borne by the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related fees are included in the net appreciation or depreciation of the fair market value of the investments.

6. Notes Receivable – Participant Contributions

Loans from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on accrual basis. The minimum loan allowed is \$500. Participants can borrow up to 50% of their vested Account balance to a maximum of \$50,000. Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of your primary residence. Loans used to purchase your primary residence may be repaid within a period of no more than 30 years. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

7. Gains and Losses

The realized gain or loss on the sale of an investment is the difference between the proceeds received and the average cost of the investment sold. Unrealized appreciation or depreciation in the aggregate fair value of investments represents the changes in the difference between the fair value and cost of investment.

GENIE HEALTHCARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022, and 2021

Realized gains and losses are computed on a current value basis for Form 5500. This difference may result in a differing classification between realized and unrealized gains and losses: total gain or loss will be unaffected.

8. Concentration of Credit Risk

Financial instruments that potentially subject the plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Custodian maintains the Plan's investment with high credit quality institutions and attempts to limit the credit exposure of investments.

9. Receivables - Employee and employer Contributions

As of December 31, 2022, the plan receivables comprise of employee and employer contributions for the month of December 2022. The participant contributions were paid into the plan in January 2023. The receivable balance as of December 31, 2022 and 2021 were \$21,487 and \$Nil respectively.

10. Liabilities - Corrective Distributions

As of December 31, 2022 and 2021, the plan had excess participant contributions refundable to participants of \$65,636 and \$6,510 respectively.

11. Investments Held by Trustee Company

The Plan's investments were held in a trust with Reliance Trust Company, (the "Custodian"). Among other duties, the Custodian is responsible for the custody, record keeping, investing of the Plan assets, and for the payment of benefits to eligible participants. All contributions are invested by the Custodian as designated by the Plan participants.

Under the Plan, participants may elect to direct the contributions for deposit in Reliance Trust company's Account. Contributions placed in the Account may be invested in various mutual funds, a Guaranteed Interest Option, or a money market account and accumulate units that are valued on a daily basis at market value. The account is credited with earnings on the underlying investments and is charged for Plan withdrawals and administrative expenses.

NOTE C - FAIR VALUE MEASUREMENT

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value measurement reflects all of the assumptions that market participants would use in pricing the asset or liability, including assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance. The Plan groups its assets measured at fair value into a three-level hierarchy for valuation techniques used to measure financial assets at fair value. This hierarchy is based on whether the valuation inputs are observable or unobservable. These levels are:

- Level 1 – Quoted prices in active markets for identical assets. Level 1 includes mutual funds and corporate stocks, which have amounts invested in mutual funds that are Level 1.
- Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets. The Plan had no Level 2 investments during 2022 or 2021.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets. If the Plan were to change its valuation inputs for measuring financial assets at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets into or out of Level 3 of the hierarchy based on the new inputs used. During the years ended December 31, 2022, and 2021, there were no transfers of financial assets into or out of Level 3 of the hierarchy. The following section is a description of the valuation techniques and inputs used by the Plan to measure each major class of assets at fair value. During 2022 and 2021, there were no changes to the valuation techniques used by the Plan to measure fair value. There were no unfunded commitments related to these investments for the years ended December 31, 2022, and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held

GENIE HEALTHCARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022, and 2021

by the Plan are deemed to be actively traded. (Level 1 input)

Common/Collective Trusts: Valued using the Net Asset Value ("NAV") as a practical expedient and are not categorized in the fair value hierarchy. NAV is provided by the trustee and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Where they Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. (Other input)

Participant loans are valued at the outstanding loan balance.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022, and 2021.

December 31, 2022	Total	Level 1	Level 2
Mutual Funds	\$ 1,267,628	\$ 1,267,628	\$ -
Total	1,267,628	1,267,628	-
Common/collective trusts (a)	17,586	-	-
Total	\$ 1,285,214	\$ 1,267,628	\$ -

December 31, 2021	Total	Level 1	Level 2
Mutual Funds	\$ 320,638	\$ 320,638	\$ -
Total	320,638	320,638	-
Common/collective trusts (a)	-	-	-
Total	\$ 320,638	\$ 320,638	\$ -

(a)-Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

GENIE HEALTHCARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022, and 2021

For the year ended December 31, 2022, the net depreciation in fair value of investments was \$ 134,939.

NOTE D - ROLLOVER CONTRIBUTIONS

There were total amounts of \$138,236 rollover contributions during the year ended December 31, 2022.

NOTE E - RELATED PARTY AND PARTY - IN- INTEREST TRANSACTIONS

ADP is the record keeper of the Plan and payroll processing company for the plan sponsor. Any fee paid to ADP is a related party transaction. The fees paid by the Plan for administrative expenses is \$11,370 for the year ended December 31, 2022.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATIONS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100 percent vested in their accounts.

NOTE G - TAX STATUS

The Company has adopted a non-standardized pre-approved Profit-Sharing plan. The prototype plan sponsor obtained an opinion letter dated October 06, 2020, in which the Internal Revenue Service stated that the plan document was in compliance with the applicable requirements of the Internal Revenue Code. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2022, and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by

GENIE HEALTHCARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022, and 2021

taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE H - INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

The Plan's asset information as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by Reliance Trust Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Market value and number of shares of investments at December 31, 2022.
- Interest and dividend income for the year ended December 31, 2022.
- Net depreciation in fair value of investments for the year ended December 31, 2022.
- All information regarding assets held by the Plan at December 31, 2022 is included in the schedule of Assets (Held at End of year).

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and recent volatility in financial markets, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

GENIE HEALTHCARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022, and 2021

NOTE J - FIDELITY BOND

The Plan is adequately covered by a fidelity bond as required by ERISA.

NOTE K - EXCESS CONTRIBUTION

The Plan is subjected to nondiscrimination testing by the Plan Administrator. During the year, the plan failed ADP and ACP tests. Authorization for corrective action was given by the Plan Sponsor and the Plan Administrator did the necessary correction for an amount of \$65,636 for the year ended December 31, 2022.

NOTE L - INVESTMENTS

The following presents the plan investments held in trust with Reliance Trust Company that represent 5 percent or more of the Plan's net assets at December 31, 2022 and 2021. All investments are participant directed.
