Independent Auditor's Report

Midway/Donuts of Rutland 401(k) Plan
Rutland, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Midway/Donuts of Rutland 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 and schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The Midway/Donuts of Rutland 401(k) Plan (Plan) was formed effective July 1, 1997. The Plan is sponsored by Midway Oil Corporation (Company) and was most recently restated effective January 1, 2022.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 401(k) plan covering all eligible employees of the Company and a related participating employer (Donuts of Rutland Inc.). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held and administered by Reliance Trust Company, the Trustee of the Plan. Company contributions, participant elective deferrals, and participant accounts are administered by ADP Retirement Services (ADP), who invests cash received and income from investments based on instructions from the Company and participants and makes distributions to participants. The Plan trustee is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan, subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). In addition, participants may contribute after-tax Roth elective contributions to the Plan. The maximum participant deferral was $20,500 and $19,500 for the years ended December 31, 2022 and 2021, respectively. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions, up to a maximum of $6,500 for both years ended December 31, 2022 and 2021. Participants may also contribute rollover amounts representing distributions from other qualified plans.

Effective January 1, 2022, under the "safe harbor" election, the Company makes a matching contribution to the Plan equal to 100% of the first 4% of eligible compensation contributed to the Plan.

Each year, the Company may contribute a discretionary matching contribution to the Plan, which is determined annually. There was no discretionary matching contribution for the years ended December 31, 2022 and 2021. In addition, the Company may also make a discretionary profit-sharing contribution, which is determined annually. The discretionary profit-sharing contribution is allocated to each participant's account based upon the participants eligible compensation. There was no discretionary profit-sharing contribution for the years ended December 31, 2022 and 2021.

Participants direct the investment of their contributions, as well as the Company contributions, into various investment options offered by the Plan.

c. Plan Eligibility

All employees, except nonresident aliens and union employees, are eligible to enter the Plan after they attained the age of twenty-one and have completed one year of service. One year of service is defined as being credited with 1,000 hours of service in a consecutive twelve-month period.

Note 1 - Description of the Plan - Continued

c. Plan Eligibility - Continued

Employees may enter the Plan on the first day of the month following the date the eligibility requirement is met. Upon joining the Plan, participants will share in the employer's safe harbor matching contribution. Participants will share in the employer's discretionary match regardless of employment status on the last day of the Plan year and hours worked during the year. Participants will share in the employer's discretionary profit-sharing contributions, if any, only if they are employed on the last day of the Plan year, regardless of hours worked during the year. If a participant is not employed on the last day of the Plan year due to retirement, death, or disability, but otherwise meets the eligibility requirements, the participant will receive an allocation of the employer's discretionary profit-sharing contribution for the Plan year, if any.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's safe harbor matching contribution, an allocation of the Company's discretionary matching and profit-sharing contributions (if any), Plan investment earnings (losses), net of investment expenses and administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

e. Vesting

Participants are immediately vested in their contributions (including rollovers), and the Company's safe harbor contributions, plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching and profit-sharing contributions is based on years of service. A participant is 100% vested upon: (1) disability, (2) death, (3) normal retirement at age 65, or (4) termination of the Plan. A participant shall have a vested and nonforfeitable interest in his or her account determined by the number of years of service as follows:

Years of Service	Vesting %
Less than 2	0
2	20
3	40
4	60
5	80
6	100

f. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. In addition, the $50,000 limit is reduced by the highest outstanding loan balance of any loans made in the previous twelve months. Participant notes are secured by the balance in the participant's accounts and bear interest at a rate commensurate with the local prevailing rates at the origination date of the loan, as determined by the Plan administrator. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

Note 1 - Description of the Plan - Continued

g. Payment of Benefits

Upon death, disability, retirement, or termination of employment, a participant (or their beneficiary upon death) may elect to receive the value of the participant's vested interest in their account as a lump-sum payment, installment payments, or defer distribution to a later date. The Plan also permits in-service and hardship distributions under certain conditions. The Plan may rollover account balances of participants whose account balance is $5,000 or less without participant (or beneficiary) consent.

h. Forfeiture Accounts

The nonvested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures are used to reduce employer contributions. Forfeitures of $1,149 and $52 were used during the years ended December 31, 2022 and 2021 to reduce the employer contribution for the 2022 and 2020 Plan year, respectively. Unallocated forfeitures totaled $20 and $10 as of December 31, 2022 and 2021, respectively.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies - Continued

d. Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No loans were treated as distributions during the year ended December 31, 2022. Loans treated as distributions totaled approximately $3,000 during the year ended December 31, 2021.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

g. Subsequent Events

The Plan has evaluated subsequent events for potential recognition and disclosure through October 12, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on participant notes receivable for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

Note 4 - Investments and Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Note 4 - Investments and Fair Value Measurement - Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021:

Mutual Funds: Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: The NAV as provided by the Trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then adjusted by the issuer to contract value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Participant-directed redemptions do not have restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire shares in the Fund. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investments and Fair Value Measurement - Continued

The following tables set forth, by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,339,460	$ -	$ -	$ 1,339,460
Investments measured at NAV (a)				
Common/collective trust fund				11,458
Investments at fair value				$ 1,350,918

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,416,367	$ -	$ -	$ 1,416,367
Investments measured at NAV (a)				
Common/collective trust fund				11,041
Investments at fair value				$ 1,427,408

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5 - Related Party and Party-in-Interest Transactions

Certain Plan administrative functions are performed by employees of the Company, who do not receive compensation from the Plan for such functions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

Note 7 - Tax Status

The Plan and the trust established under the Plan are qualified under the appropriate section of the IRC and intend to continue as a qualified plan and tax-exempt trust. The Internal Revenue Service (IRS) has determined and informed the Plan sponsor, by a letter dated October 6, 2020, that the Plan, as designed, is qualified and the trust established under the Plan is tax exempt under the appropriate section(s) of the IRC.

Note 7 - Tax Status - Continued

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Non-Exempt Party-In-Interest Transactions

During the year ended December 31, 2022, the Plan sponsor failed to deposit a total of $13,000 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. To correct the late deposits, participant accounts will be credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis. The Plan sponsor anticipates correcting the deposit failures by October 2023. The Plan sponsor's assets will be used to fund the corrective contributions.

Note 10 - Reconciliation of Financial Statements to Form 5500

The Plan's Form 5500 was prepared on the cash basis of accounting. The following is a reconciliation of net assets available for benefits per the financial statements to that shown on the Form 5500:

	December 31,	
	2022	2021
